Decorator Napkins

With 23 decorator colors we are sure to have the perfect color for your establishment, event, or color scheme.

Our beverage and dinner napkins are in poly packaging to help keep them sanitary. They have our regal embossing design along the borders. We have napkins in 1, 2, and 3 ply to suit your desired look and price point.

Studies have proven that color has an effect on all of us which you might want to consider when choosing your color scheme. Warm colors represent excitement, energy, and optimism. Red, yellow, orange, pink and golden are all warm colors.

Cool colors are calming, nurturing and comforting to the mind. Silver, blue, turquoise and green are cool colors.

Mixed colors can be both calming as well as exciting. Purple and lavender fall in the category of mixed colors. Neutral colors are usually used to either highlight other colors or tone down the effect of darker, more overpowering colors. Black, gray, white, brown and beige are neutral colors.

A few interesting facts about color:

A factory in the United States changed the color of the bathrooms to an unpleasant green and saw production increase by 8%.

Customers of a coffee house constantly complained about the cool temperature in the room. At that time, the walls were painted a light blue. After changing the color to orange, there were no more complaints.

Red can make you hungry, while the opposite color, green, suppresses it.

Blue conveys trust and reliability.

Green is believed to increase concentration.

Have fun with color!

Healthcare

"Hospital-like" is shifting to "Hospitality-like". Patients in the hospital setting desire improved foodservices and residents staying in a facility for longer durations of time expect the same class of service. Hoffmaster® has product options to help reduce costs, increase quality and efficiency and improve amenities.

In Acute Care, patients are considered valued guests. A well planned tray top presentation creates an enhanced dining experience. Decorator traymats designed to coordinate with insulated ware create a lasting impression and keep trays clean, organized and sanitary during meal delivery. Compliment the traymat with a coordinating dinner or Quickset® napkin, CaterWrap® or Cutlery Pouch.

In Senior Dining meals are social occasions. In Long-term Care, the emphasis is on deinstitutionalization and choice with room-service and family-style dining concepts. It's simple to create an attractive setting with Hoffmaster®. Linen-Like® table covers and napkins are a cost effective alternative to real linen. A placemat in solid color, fashion design, or a theme paired with solid color dinner or beverage napkins adds atmosphere.

Bakery

Hoffmaster® has all your bakery needs covered with our wide variety of products. Whether you are looking for the traditional fluted bake cups or something with a little more flair like our lotus or tulip cups, we have many options for you to choose from. Dress up your white bake cups and watch your cupcakes fly off your shelves with one of our reversible or laser cut cupcake wrappers.

Whether you want to dress up your bakery case or WOW your patrons with our fun new bake cups and loaf pans they are sure to get noticed. No special pans are needed with our new bakery items, just fill them up and set them on a cookie sheet and bake up to 400 degrees. No messy pans to clean which saves you time and money. There are a lot of unique uses for our bake cups besides cupcakes. Use them to serve veggies and dip or any other fun appetizer and they make a cute serving container for everyday or holiday events for nuts, snack mixes or mints.

Don't forget about our doilies! A doily can be used in your bakery case to set off your bakery items or can be used during coffee service to help reduce noise and spills. We are sure to have a doily that meets your needs between our white lace, embossed, gold, colors and glassine.

Parchment Cake Decorating Triangles

are superior to cloth pastry bags for decorating cakes and pastries. They are flexible, pliable and require no cleanup. Cut one sheet in half to make two smaller bags.

Cake Circles

line the bottom of round cake pans, facilitating easy cleanup and eliminating the need to grease the pan. Wax provides good release. Parchment combines release, wet strength and grease resistance.
