# Crystal Seal® TAMPER-EVIDENT

We have safety and sustainability "locked."

6096 McKee Road Madison, WI 53719

800.541.1535 www.placon.com

## Crystal Seal®

TAMPER-EVIDENT

The new standard in tamper-evident design, Crystal Seal Tamper-Evident containers are specifically designed for retailers, brand owners and processors that have a desire for safe, environmentally-responsible packaging.

- Tamper-evident design eliminates the necessity for wrap-around security labels or shrink bands.
- No removable, tear away pieces minimizes choking hazards.
- Leak-resistant design ensures no messes or spills in aisles and at home while maximizing product freshness.
- For strong brand recognition, bases and lids can be custom embossed.
- Reduced lid geometry and crystal clear sidewalls are designed with minimal ribbing for enhanced product visibility and easy "spoonability".
- Strong, stackable containers are easy to separate manually or in automated lines.
- Containers are manufactured with up to 100% recycled PET from bottles and thermoforms and are 100% recyclable.
- Designed to attractively and safely merchandise an assortment of food items from salads, salsas, single serve desserts, pre-made deli sandwiches and dry packed foods such as nuts, snack mixes and candy.

Tamper-evident hinge design visually notifies consumers that the container has been opened.

Offset, recessed cavity instructional tabs are designed for easy gripping and opening.

Crystal Seal Tamper-Evident containers are just one product in Placon's food packaging line containing EcoStar FDA-approved, food-grade recycled PET. Crystal Seal tamper resistant containers are produced from up to 100% recycled materials and are 100% recyclable.

Pallets are double-stacked on trucks

Consumer-friendly, leak resistant containers seal in juices and sauces for car to home carry confidence.

Patent-pending post feature aligns the lid and base for easy closing while enhancing the container's tamper resistance.

Crystal Seal Tamper-Evident containers are another smart, sustainable solution with the quality and performance you'd expect from Placon food packaging products. For samples, call 800.541.1535 or email info@placon.com.

for adding branded merchandising labels

#### PLACON IS YOUR SOLUTION FOR FOOD PACKAGING.

For virtually any retail food environment— supermarkets, delis, quick marts, restaurants, cafeterias, food carts and beyond—Placon provides thermoform and injection molded packaging products that deliver superior performance. Quality designs, secure seals and exceptional clarity all play a role in our industry-leading containers. Polypropylene (PP), and PET options mean our packaging can accommodate virtually any food product, use and environment.

And, our EcoStar® food-grade recycled PET (with up to 100% post-consumer recycled content) allows you to market your products while showing consumers your commitment to sustainability.

For samples or to request additional information about any of our product lines, call **800.541.1535** or email us at **info@placon.com**.

#### **PLACON®**

6096 McKee Road Madison, WI 53719

800.541.1535 www.placon.com

## Crystal Seal®

### The crystal-clear solution to recycled plastic food packaging

Durable, crack and leak-resistant, Placon's Crystal Seal® hinged thermoformed food containers outperform the competition.

And, made with EcoStar® recycled and recyclable food-grade PET designated by the #1 symbol, Crystal Seal containers are more sustainable as well.

#### Crystal Seal Features

- Made with EcoStar curbside collected, post-consumer recycled PET from water and soda bottles diverted from landfills.
- Flat, recessed lids are designed for added stability when stacking.
- Variety of sizes meet your grab-and-go, deli, bakery and other freshly prepared and pre-made foods' packaging needs.
- Perforated hinges on 24, 32, 48 and 64 oz. container sizes allow lids to be pulled off and used as serving dishes.
- Lids can be custom embossed to provide strong brand recognition.

#### Benefits of Crystal Seal

- Time tested, clear customer favorite helps close the sale with eye-popping clarity for strong merchandising.
- Durable, leak-resistant seals lock in freshness extending food's shelf life.

Crystal Seal is just one product in Placon's food packaging line containing EcoStar food-grade recycled PET with up to 100% post-consumer recycled content.

High clarity, durable packaging is made from recycled PET bottles.

For 24 to 68 oz containers, removing the perforated hinged lids makes serving a snap.

Easy grip tabs make opening containers user-friendly.

### REFRESH

Earth-loving packaging for food-loving people.

### **RE** Defining Food Packaging

Placon Crystal Seal® reFresh™ tamper-evident packages focus on the food and its freshness with quality designs, secure seals and exceptional clarity. Made from recycled PET bottles and thermoforms and 100% recyclable, it's amazingly versatile, multi-use packaging that allows you to market your commitment to a sustainable future.

## **RE**Creating Convenience

for the on-the-go market.

Crystal Seal reFresh tamper-evident packages come in a variety of shapes, sizes and configurations that work for grab-and-go, take-out and snack applications. Each package can be used with multiple kinds and combinations of food, and they're just as versatile in terms of presentation. Whether you use them right side up or upside down, your food is showcased beautifully, from every angle.

## econotes

By the end of 2016, we will have recycled over 5 billion discarded consumer PET soda over 5 billion discarded consumer pet soda bottles, water bottles and thermoformed food and retail containers combined, and turned and retail containers combined and recyclable them into new, recycled and recyclable plastic packaging.

### **RE**Vealing Package Clarity

that increases appetite appeal.

When you need to highlight the quality of your food, package clarity is everything. With reFresh, consumers see just how fresh and delicious your food really is. Our crystal-clear EcoStar® PET from recycled plastic bottles and thermoforms provides superior clarity throughout to increase impulse purchases.

### **RE** Assuring Consumers

on the shelf and all the way home.

If you have a "green" package that's also tamper-evident, it gives you an advantage in the marketplace, where consumers are pushing hard for both food safety and environmentally friendly packages. Crystal Seal® reFresh delivers on both counts. Our 100% recyclable packages feature a unique hinge design that visually identifies if a container has been tampered with. And our tight, leak-resistant seals ensure foods stay fresher, longer.

## Dimensions™ BAKERY & DELI

DM1-04-04

We know bakery items can be fragile, and you can't afford to have sales crumble along with your product. That's why Placon's Dimensions line of bakery containers keep your baked goods looking their best while on the go.

#### Features of Dimensions Bakery

- Crystal-clear EcoStar® PET with up to 100% post-consumer recycled content provides superior clarity through top and sides of packaging to promote impulse purchases.
- Recessed flat lids keep the containers nestled safely together when stacked.
- Tight perimeter snap keeps product secure from store to home.
- Easy-open/easy-close PET containers ensure maximum shelf life and product freshness.

#### Hinged Bakery Container - Angled Cavity

- Angled back wall supports and prominently displays eye-catching bakery items from brownies and cookies to rice crispy treats and bars.
- Ridges on the bottom of the package keeps product in place preventing sliding during transport.

#### 10-count Cookie Tray

- Ten separate slots hold cookies securely upright protecting any decoration during shipping and handling.
- Low Dome Lid option holds ten 2½" frosted cookies in place.
- High Dome Lid option holds ten 3" frosted cookies in place

#### Hinged Bakery Container – Open Cavity, Low & High Dome Lid

- Open cavity allows bulk packaging and excellent presentation for items such as cookies, donut holes, petit fours and mini cinnamon rolls.
- Smooth, unobstructed lid surface is perfect for engraving logos or labeling.
- Designed for easy stacking and strength.

DM1-03-03

DM2-01-01

DM2-02-02

#### 4-count Muffin Container

- Fits four standard sized muffins in individual cavities.
- Center support lid design prevents muffins from being crushed or shifting during shipping or while stacked in a display.
- Smooth area on front of container is perfect for a security label.

#### 6-count Muffin Container

- Fits six standard sized muffins in individual cavities.
- Two center supports keep muffins securely in place.
- Smooth area on the front and sides of package provides versatile labeling options.

#### 12-count Mini Muffin Container

- Fits 12 mini muffins in individual cavities with maximum space utilization.
- Center support protects muffins while providing an attractive arrangement.
- Smooth area on the front and sides of package provides versatile labeling options allowing muffins to be displayed front or side facing.

Dimensions is just one product in Placon's food packaging line containing EcoStar® food-grade recycled PET with up to 100% post-consumer recycled content.

## Fresh 'n Clear™ ENVISIONS

EX1-001T Clear

EX1-001T Black

EX1-001L

EX1-000L

From culinary masterpieces to everyday Caesar salads—it's packaging that highlights food while giving it the feel-good quality from being produced from sustainable materials. Placon's recycled thermoformed PET trays and lids from post-consumer bottles and thermoforms are designed to impart a higher-end feel, without the higher-end cost, with crystal clear clarity that increases impulse purchases.

- Envisions packaging is easy to stack and is available in both clear and black, in shallow and deep configurations to fit a variety of foods.
- Keep food fresher longer with the deep tray base featuring an elegant and functional raised grid pattern that keeps product from sliding while allowing liquids to drain away from food.
- Our smooth shallow base is perfect for wraps, baked goods and more, with a perimeter channel that separates liquids from food extending product freshness.
- A smart lid design allows for easy opening and closing with an inside lid seal that provides a nice, tight snap closure for high leak resistance.
- Contemporary packaging creates instant shelf impact with a sleek lid and base geometry with no protruding tabs. Smooth lid surfaces allow for easy label application.
- Clear, high dome lids provide large angled viewing windows to fresh-looking food, giving consumers unobstructed viewing—no matter how it's displayed.
- Make your brand the first and last thing they remember with custom embossing on lids or bases.

Envisions is just one product in Placon's food packaging line containing EcoStar® food-grade recycled PET with up to 100% post-consumer recycled content.

   post-consumer recycled PET with
   up to 100% recycled content.
- One common lid for all sizes is easy and convenient, maximizing storage space and reducing inventory.

EV1-LID1

Evolutions™ is just one product in Placon's food packaging line containing EcoStar® food-grade recycled PETE with up to 100% post-consumer recycled content.

#### Tamper-resistant perimeter design deters tampering.

Small corner tabs must be used to open the package.

Once opened, the bent tabs stay upright alerting consumers the package has been opened.

Keeping juices, sauces and other liquids securely contained, a tight leak-resistant 360° seal ensures the contents stay inside.

Containers stack into the lid of the container below to make merchandising easy and secure.

Crystal Seal®

HomeFresh® Rotisserie Chicken Container

Fresh 'n Clear™ Bowls and Lids

For virtually any retail food environment grocery stores, delis, quick marts, restaurants, cafeterias, food carts and beyond— Placon provides thermoformed packaging products for superior performance. Efficient storage, secure sealing and exceptional functionality all play a role in our industry-leading designs. Polypropylene and PETE options mean our packaging can accommodate virtually any food product, any use, any environment. And from environmental perspectives, our EcoStar® food-grade recycled PETE (with up to 100% post-consumer recycled content) is just a taste of things to come.

Ultimately, from stock designs to highly custom creations, the underlying goal is clear: Our products work hard to sell yours.

### Evolutions™ FP—for automated food packaging with heat sealing capabilities

- Film sealable bases from 8-32 oz.
- One universal lid size for all bases reduces inventory while being easy and convenient.
- Superb clarity showcases product freshness and allows for easy viewing of a printable film seal through the over-cap lid.
- Perfect for cold, ready-to-eat deli foods including potato and pasta salads, salsas and dips as well as nuts, dried fruits and candy.
- Snap on over-cap lid design allows for ease of stacking, making merchandising easy and secure.

Evolutions FP are just one product in Placon's food packaging line containing EcoStar FDA-approved recycled PET. Evolutions FP containers are produced with up to 100% recycled water and soda bottles and are 100% recyclable.

## Fresh 'n Clear™ CATERING COLLECTION

Elegant yet practical with special features to make your job easier.

www.placon.com

#### **Sustainable Solutions**

The Fresh 'n Clear Catering Collection is just one product in Placon's food packaging line containing EcoStar FDA-approved, food-grade recycled PET. Catering trays, bowls and lids are produced from up to 100% recycled materials and are 100% recyclable.

#### **Beautiful Presentation**

Caterers face unique challenges in the food service industry which is why we had them in mind when we designed our reliable line of trays, bowls and lids with features and options that make delivering and presenting food effortless and secure.

Low Dome Lid

#### PATENTED LID DESIGN

Placon's domed lids for catering trays feature a patented design featuring no sidewall ribbing for exceptional product visibility, putting food styling and product freshness center stage. The unique lid design also allows for easy, secure stacking.

#### For catering, it's all about presentation.

Our polished line of disposable platters and bowls allow you to securely, attractively and sustainably present a wide assortment of foods from sandwiches, salads, fruit and veggie trays to hors d'oeuvres and desserts. With a sleek design that lets your food take center stage, the Catering Collection is designed to convey a high-end feel at an affordable price. And, when sustainability matters, our crush and crack resistant party trays, bowls and lids are manufactured with environmentally-friendly, food-safe, recycled PET.

- Tight lid to base seals ensure product freshness while allowing you to stack and transport food from restaurant/ supermarket/home to venue with total confidence.
- Lids are designed with virtually no overhang on the base to prevent unexpected, accidental removal of lids during handling and delivery.
- Tray base venting system slowly releases trapped air, preventing lid "ballooning" for easy stacking.
- Tray's low, sleek profile enables your customers to see product clearly for strong food presentation from any angle.
- Large lid tabs are designed for easy gripping and effortless lid removal ensuring product contents are undisturbed.

80 oz. Bowl with Lid

- Clean-up is made easy and earth-friendly with disposable, 100% recyclable bowls, trays and lids made from postconsumer content from bottles and thermoforms.
- Perimeter tray base channel holds liquids away from food to extend freshness.
- Offering maximum branding visibility options, domed lids and tray bases as well as 1-4 sidewalls can be customized with your logo or other designs.

#### **Maximize Brand Impact**

by printing your logo or message on our HomeFresh®

Deli cups. Print up to 8 colors

on the container or 6 colors on the lid.

### Fresh 'n Clear™

TRAYS AND LIDS

FC1-32

FC1-48

FC1-64

Versatile trays let you create different combinations of grab-and-go kits, perfect for the busy consumer.

#### Versatility Meets Convenience

Fresh 'n Clear containers attractively display appetizing pastas, cheeses and salads to delicate bakery items, candies and nuts. A two-piece, crystal clear tray and lid made with EcoStar® recycled PET highlights the contents while being easy to assemble and seal.

Fresh'n Clear is available in four base sizes with two different lid options, giving you versatility without taking up valuable storage space. Need to seal in freshness with a film seal? Choose an over-cap lid so delicate, time-sensitive food items stay fresh and protected. Need to find a solution for foods that don't require a film seal, making your own kits, or holding multiple items? The inside-fit, flat lid (used with a shrink band for tamper resistance) does it with ease. As you'd expect, the smooth surfaces make labeling easy.

In all, you'll find our Fresh'n Clear Trays to be a solid, versatile performer, ready for tough daily duty in your retail food operation.

#### Features of Fresh'n Clear

- Manufactured with EcoStar recycled PET with up to 100% post-consumer content from bottles and thermoforms.
- Smooth lid and base for easy labeling or custom embossing for strong brand recognition.
- Two lid options.

#### Benefits of Fresh'n Clear

- Crystal clear, sleek tray features no sidewall ribbing for eye-catching display of foods.
- Strong and stackable with easy, tightsealing snap-on lids protect a variety of foods keeping them fresh.

Fresh'n Clear Trays are just one product in Placon's food packaging line containing EcoStar FDA-approved, food-grade recycled PET. Fresh'n Clear Trays are produced from up to 100% recycled materials and are 100% recyclable.

<sup>\*</sup>Fits all four base sizes.

#### INSIDE-FIT FLAT LID

The inside-fit flat lid snaps securely into place and is designed for easy shrink band or wrap-around label application. It's a perfect option for preassembled kits or for foods that don't spoil easily.

#### OVER-CAP LID

For applications that require film sealing, the over-cap lid works beautifully—the film seal locks in product freshness while the lid provides excellent clarity for impulse purchases.

It's not round, it's not square—it's scround! Fresh 'n Clear thermoformed bowls and lids elegantly showcase your fresh, prepared, ready-to-eat foods, increasing impulse purchases.

- High clarity and quality containers are made with curbside collected, post-consumer recycled bottles.
- Tight-fitting, leak-resistant lids help extend shelf life while preventing spills in the store as well as on the go.
- Stackable containers make merchandising easy and secure while maximizing display space.
- For ultimate versatility, choose from either flat or dome lid styles in every bowl size.
- All bowls available in black or crystal clear EcoStar post-consumer recycled PET.
- Compartment bowls are perfect for parties and snacks on the go and can accommodate most 4 oz. portion cups.

Choose flat or dome lid design in sizes from small to 3XL.

## Fresh 'n Clear™ ENVISIONS

EX1-001T Clear

EX1-001T Black

EX1-001L

EX1-000L

From culinary masterpieces to everyday Caesar salads—it's packaging that highlights food while giving it the feel-good quality from being produced from sustainable materials. Placon's recycled thermoformed PET trays and lids from post-consumer bottles and thermoforms are designed to impart a higher-end feel, without the higher-end cost, with crystal clear clarity that increases impulse purchases.

- Envisions packaging is easy to stack and is available in both clear and black, in shallow and deep configurations to fit a variety of foods.
- Keep food fresher longer with the deep tray base featuring an elegant and functional raised grid pattern that keeps product from sliding while allowing liquids to drain away from food.
- Our smooth shallow base is perfect for wraps, baked goods and more, with a perimeter channel that separates liquids from food extending product freshness.
- A smart lid design allows for easy opening and closing with an inside lid seal that provides a nice, tight snap closure for high leak resistance.
- Contemporary packaging creates instant shelf impact with a sleek lid and base geometry with no protruding tabs. Smooth lid surfaces allow for easy label application.
- Clear, high dome lids provide large angled viewing windows to fresh-looking food, giving consumers unobstructed viewing—no matter how it's displayed.
- Make your brand the first and last thing they remember with custom embossing on lids or bases.

The modern grid pattern on the deep base allows liquids to drain around its perimeter.

Envisions is just one product in Placon's food packaging line containing EcoStar® food-grade recycled PET with up to 100% post-consumer recycled content.

#### PLACON IS YOUR SOLUTION FOR FOOD PACKAGING.

For virtually any retail food environment— supermarkets, delis, quick marts, restaurants, cafeterias, food carts and beyond—Placon provides thermoform and injection molded packaging products that deliver superior performance. Quality designs, secure seals and exceptional clarity all play a role in our industry-leading containers. Polypropylene (PP) and PET options mean our packaging can accommodate virtually any food product, use and environment.

And, our EcoStar® food-grade recycled PET (with up to 100% post-consumer recycled content) allows you to market your products while showing consumers your commitment to sustainability.

# GOCUBES

Stock food packaging that's hip to be square.

## A Stylish, Sustainable Option to standard square food packaging

They're stylish, versatile and—best of all—sustainable, made with up to 100% post-consumer PET material. Placon's Fresh 'n Clear™ GoCubes™ take the classic square container and give it a look that will draw customer attention. Use GoCubes bases alone or add the universal three-compartment insert tray for maximum appetite appeal and extended shelf life.

## Made from EcoStar® PET from bottles and thermoforms

Freshness can't be missed when you package your food in our incredibly clear, post-consumer recycled containers made with EcoStar PET material. We reclaim, recycle and reuse PET, diverting plastic bottles and thermoform containers from landfills to make our sustainable food packaging. GoCubes offer sustainability without sacrificing clarity.

Because seeing your food is just as important as seeing your packaging is sustainable.

## Ideal for Everything from fruits to nuts

GoCubes are available in five ultra sleek, clear-base sizes from 12 to 36 ounces. Easy to film seal, the containers also offer a convenient, one-size-fits-all recycled PET lid option with a secure seal, easy opening tabs, and crystal clear anti-fog technology. Add a clear or black 3-compartment universal insert tray for more versatility and merchandising options than you've ever had from a stock thermoformed food container.

## Add an Insert to add appeal and portion control

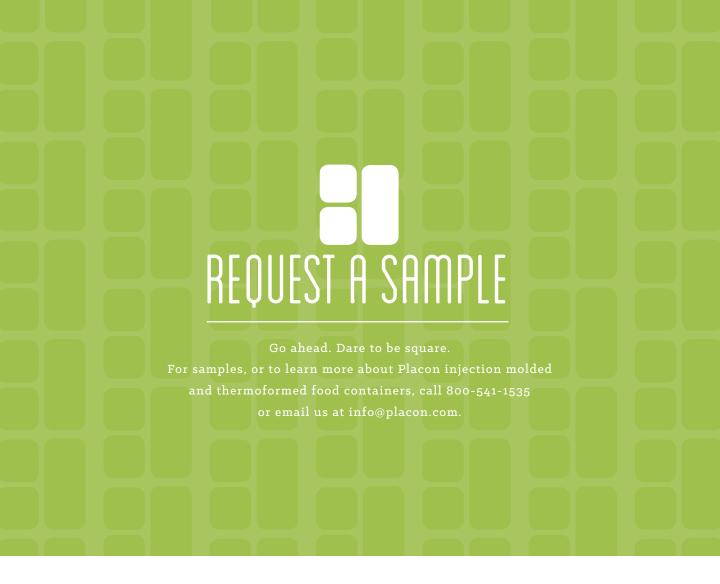

Keeping contents separated lets you highlight specific ingredients while keeping food looking better and tasting fresher longer. GoCubes compartments eliminate the need for weighing and measuring ingredients, ensuring consistent portions from package to package while reducing prep time. Versatile and easy to use, they're a win-win solution sure to increase impulse purchases and repeat sales.

Stock food packaging that dares to be different.

## A Presentation as Fresh as the food you sell

Placon's Fresh 'n Clear™ Selectables™ bowls, inserts and lids give you the convenience you need and your customers the choices they want. Use clear or black bases alone—or get creative with 1- to 3-compartment, portion control inserts that highlight the freshest ingredients while increasing shelf life. Film-seal pre-made meals or use our crystal clear lids made from EcoStar® recycled PET to showcase both the food and your commitment to sustainability.

## Made from EcoStar® Post-consumer recycled PET

High clarity recycled packaging is a hallmark of Placon's stock thermoformed food products. But being recycled doesn't mean they aren't clear. We know that letting consumers clearly see your food is just as important as showing them your commitment to the environment. Made with our EcoStar food-grade PET from curbside-collected bottles and thermoforms, we reclaim and recycle plastic back into sustainable Selectables containers.

## Mix and Match bowls and inserts

Selectables let you decide the best way to showcase fresh salads and pre-made meals. Use the clear or black inserts to highlight everything from seasonal cut fruit and candied nuts to delicious meats and cheeses. Inserts eliminate the need for weighing and measuring ingredients, ensuring consistent portions from package to package while reducing prep time. No matter how you slice it, dice it, chop it or mix it, Selectables can keep your food looking and tasting great.

## Pre-packed Kits Fresh meal solutions

Customers on the go want meals that look fresh and taste delicious. With Selectables you'll never have to worry about your most appealing, high-cost foods sinking to the bottom of the package. And the inserts easily separate wet and dry foods and ingredients to extend freshness and shelf life. No other thermoformed plastic packaging does more to encourage both impulse purchases and repeat sales.

## A Perfect Fit at any size

Your food isn't boring. Your stock packaging doesn't have to be either. Mix things up with Selectables—available in 7½- or 9-inch clear or black bases with capacities from 24 to 48 ounces. Customize easy stacking and de-nesting bowls with a selection of clear or black tray inserts. And top things off with an over-cap, anti-fog lid, offering tight leak resistance and custom embossing options, putting your brand front and center.

Made in the USA

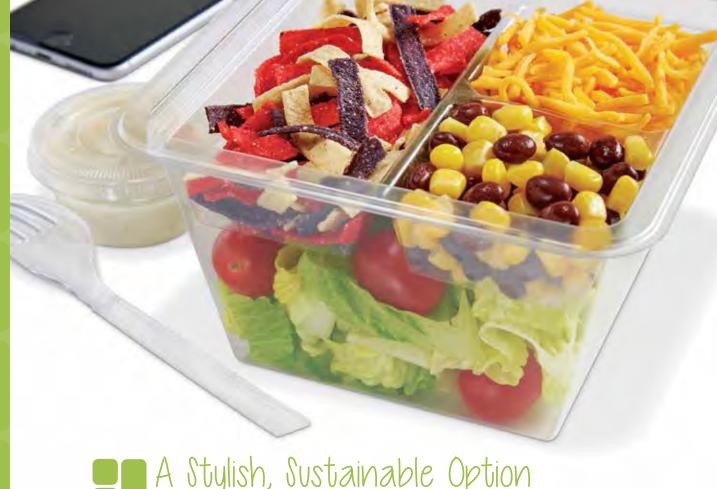

**PLACON®** 

# GOCUBES

Stockfood packaging that's hip to be square.

## A Stylish, Sustainable Option to standard square food packaging

They're stylish, versatile and—best of all—sustainable, made with up to 100% post-consumer PET material. Placon's Fresh 'n Clear™ GoCubes™ take the classic square container and give it a look that will draw customer attention. Use GoCubes bases alone or add a universal insert tray for maximum appetite appeal and extended shelf life.

## Made from EcoStar® PET from bottles and thermoforms

Freshness can't be missed when you package your food in our incredibly clear, post-consumer recycled containers made with EcoStar PET material. We reclaim, recycle and reuse PET, diverting plastic bottles and thermoform containers from landfills to make our sustainable food packaging. GoCubes offer sustainability without sacrificing clarity.

Because seeing your food is just as important as seeing your packaging is sustainable.

## Ideal for Everything from fruits to nuts

GoCubes are available in five ultra sleek, clear base sizes from 12 to 36 ounces. Easy to film seal, the containers also offer a convenient, one-size-fits-all recycled PET lid option with secure seals, easy opening tabs, and crystal clear anti-fog technology. Choose from one of three different styles of insert trays in clear or black for more versatility and merchandising options than you've ever had from a stock thermoformed food container.

## Add an Insert to add appeal and portion control

Keeping contents separated lets you highlight specific ingredients while keeping food looking better and tasting fresher longer. GoCubes compartment trays eliminate the need for weighing and measuring ingredients, ensuring consistent portions from package to package while reducing prep time.

Versatile and easy to use, they're a win-win solution sure to increase impulse purchases and repeat sales.

## HomeFresh®

#### HomeFresh® Deli Containers. A Trusted Name in Deli Packaging.

No one knows round deli containers better than Placon, a trusted ISO 9001 and AIB certified packaging leader for over 45 years. From stock clear and white deli containers to vivid, custom-printed food packaging, no one offers a better combination of service, quality and value.

#### The Round Deli Standard

- Showcase fresh foods with Placon's high clarity, clear plastic deli containers.
- Microwave-friendly polypropylene material is perfect for foods requiring re-heating.
- Keep product at its freshest with a tight sealing, universally sized lid available in your choice of polypropylene or polyethylene material.
- Customize your containers with up to 8-color printing on bases and 6-color printing on lids.

Choose between 7 clear and 6 white base containers with sizes in stock from 6-32 oz.

RD 16T with RDTFL Lid

\*Not available as a stock print.

With its ability to keep juices separate from the fruit, HomeFresh Pineapple Containers keep foods at their freshest. Optional custom printing gives your brand instant visibility.

#### HomeFresh® Pineapple Containers

Placon's HomeFresh Pineapple Container offers a unique solution for pineapple packaging while still providing the time-tested features of our traditional deli containers. Designed with straighter side walls to accommodate a cored pineapple, the container's raised base design keeps juices away from the fruit, extending shelf life.

#### Features:

- Raised interior base lifts a cored pineapple above its juice.
- High clarity polypropylene base construction attractively shows off fresh foods.
- Choose from two different lid options in polypropylene or polyethylene material.
- Sidewalls can be printed with up to eight colors with lids up to six colors.

#### Benefits:

- Keeps cored pineapple displays attractive while extending product shelf life.
- Offers great flexibility—perfect for fresh cut fruit or other deli items.

#### Custom Color Printing Available

#### You Name It. We'll Print It.

Custom color printing helps you boost shelf appeal and build brand awareness. That's why we offer extensive dry offset printing capabilities in-house, assuring the same attention to quality and service that you get in package design.

#### Print Up to Eight Colors.

From store logos to photographs, we can print up to eight colors on round bases ranging in size from 8 to 32 ounces. Lids can feature up to six colors with a minimum order size of 48,000 pieces (96 cases).

#### Getting Your Containers Printed.

Source artwork is preferred as an EPS file. TIFF, JPEG, GIF files and camera-ready artwork may be used if vector based line art cannot be supplied. Placon will match PMS (Pantone) colors as close as possible to your brand colors.

#### **Promoting Your Brand**

Direct more traffic to your website, share a recipe or promote a special offer with a QR code or Microsoft tag. Codes and tags help engage customers more actively with your products and brand.

#### PLACON IS YOUR SOLUTION FOR FOOD PACKAGING.

For virtually any retail food environment— supermarkets, delis, quick marts, restaurants, cafeterias, food carts and beyond—Placon provides thermoform and injection molded packaging products that deliver superior performance.

Quality designs, secure seals and exceptional clarity all play a role in our industry-leading containers. Polypropylene (PP), PE and PET options mean our packaging can accommodate virtually any food product, use and environment.

And, our EcoStar® food-grade recycled PET (with up to 100% post-consumer recycled content) allows you to market your products while showing consumers your commitment to sustainability.

For samples or to request additional information about any of our product lines, call **800.541.1535** or email us at **info@placon.com**.

## HomeFresh® ROTISSERIE CHICKEN CONTAINER

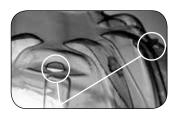

Less "ribbing" on lids means easier viewing of its contents.

A reservoir in the polypropylene base draws excess liquid away.

Vents in the lid allow moisture to escape efficiently.

#### See the Difference

Our Rotisserie Chicken Container ensures your chicken stays fresh, hot,

and secure. But that's just the beginning. This innovative, two-piece, patented design features a crystal-clear, anti-fog polypropylene lid to make the contents look as mouth-watering as possible.

#### Leak Resistance

- Container closes easily—the base and lid audibly snap together, ensuring a tight seal.
- A precise lid-to-base fit helps prevent leakage of liquids.
- Two additional seals on the unit's perimeter protect the package from popping open, preventing spills or grease burns.

#### Stacking Strength

- Containers nest easily into the lid below allowing for ease of double stacking.
- While stacked, the containers remain strong and durable—even with prolonged exposure to heat lamps.
- Stacking containers means doubling the amount of product in your display unit, increasing your profit potential.

Made in the USA

At Placon, we believe our success is measured by our customer's success which is why we design and produce plastic packaging that sells, is safe, and balances the functional with the aesthetic.

We design and produce injection molded plastic food containers out of our West Springfield, MA facility. With a high commitment to quality and customer service, Placon produces durable and distinctive round deli containers and tubs ideal for hot-fill, cold and dry, shelf-stable food applications.

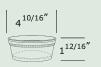

#### LET US BE

## PART OF YOUR PACKAGE

Placon produces injection molded food containers and tubs from 7 to 168 oz. sizes. Our deli containers are perfect for cheeses, hummus, salsas, dips and more. Our clear, leak-resistant containers lock in freshness and are designed for safe stacking, compact storage and easy de-nesting. Injection molded lids are available in flush, recessed and tamper-evident designs. Large, HDPE tubs from our Classic line come with optional plastic handles depending on the size ranging from 64 to 168 ounces.

- Value line available in white, clear, super clear, freezable, or custom-colored polypropylene (PP)
- Classic line available in white, clear, or custom-colored polypropylene (PP) or high density polyethylene (HDPE)
- Decorating Options include:
  - Up to 10-color printing in vivid colors and clear graphics
  - · Customized label application
- BPA free
- Tamper resistance available
- Designed to meet FDA and Milk Shipping industry standards

#### OUR NEW UNIVERSAL TAMPER-RESISTANT LID TOPS THEM ALL.

The new Universal Tamper Resistant Lid from Plastic Packaging Corp. is a pretty big deal. Resealable for consumer convenience. And engineered to fit *every* size container in our Value Line – which lowers your production costs by providing tamper-evident packaging for your entire line *with just one product*.

#### UNIVERSAL MEANS...

#### WELL, UNIVERSAL.

We named our new product the "Universal" Tamper Resistant Lid (UTR) for a reason because it fits our ENTIRE Value Line - every size container. That means you can add tamper resistancy to your entire product line and lower costs with the addition of just one item.

Our new resealable, peel-tab Universal Tamper Resistant Lid:

- · Lowers costs by eliminating tamper bands and reducing labor
- Provides immediate tamper evidence

Our new UTR is

- · Available in white, natural, and custom colors
- Printable / label-ready

Upgrade the security of your product line with one product the Universal Tamper Resistant Lid from Plastic Packaging Corp.

#### PLACON HUMAN RIGHTS POLICY

Placon Corporation along with its subsidiaries (collectively "Placon") believes in a work environment free from human trafficking, forced labor and unlawful child labor ("human trafficking and slavery"). Placon further believes in promoting ethical and lawful employment practices. Placon will inform its worldwide suppliers, subcontractors and business partners (collectively "Suppliers") of *Placon's Human Rights Policy* (the "Policy") and will seek to have them follow it. This Policy complies with the California Transparency in Supply Chains Act and covers all Placon employees and Suppliers. If the Policy in whole or in part conflicts with local law the interpretation and application of the Policy will be governed by local law.

Placon believes that people should not be forced to work against their will. Placon does not employ, encourage or support the use of child labor, prison labor, forcibly indentured or bonded labor, slavery, indentured servitude or human trafficking.

#### <u>Supplier Requirements</u>

All Suppliers are required to comply with the following requirements:

- Suppliers will not use forced or compulsory labor, or accept any work product or service that a worker has performed involuntarily under threat of penalty.
- Suppliers will ensure that the overall terms of their employment practices are voluntary.
- Suppliers will comply with the minimum age requirements prescribed by applicable laws, unless a specific contract contains more stringent age requirements.
- Suppliers will compensate their workers with wages and benefits that meet or exceed the legally required minimum and will comply with all applicable overtime pay requirements.
