Environmental Attributes and Product Certifications

SCA AfH Professional Hygiene is a leader in offering responsible products. Throughout this catalog, products with certain attributes or certifications are identified in the specification charts with the following symbols.

ECOLOGO® certified

ECOLOGO (ul.com/el) is one of North America's most widely recognized and respected certification of environmental leadership. By setting stringent, multi-attribute, environmental performance standards across a wide variety of product types, ECOLOGO helps you identify, trust, buy, and sell environmentally preferable goods and services. Products are certified for reduced environmental impact. To view specific attributes evaluated, visit ul.com/el. ECOLOGO Certified Tork products are certified to UL 175 standard, Sustainability of Sanitary Paper Products.

EPA compliant

Many Tork products meet the requirements the United States Environmental Protection Agency (EPA) has set for the minimum amount of post-consumer waste to be used in recycled products.

- EPA compliant **Hand Towels** contain a minimum of 40% post-consumer waste.
- EPA compliant **Facial Tissue** contain a minimum of 20% post-consumer waste.
- EPA compliant **Bath Tissue** contain a minimum of 20% post-consumer waste.
- EPA compliant **Napkins** contain a minimum of 30% post-consumer waste.
- EPA compliant **Wipers** contain a minimum of 40% post-consumer waste.

Some products without this symbol may also be EPA compliant. Contact your SCA Sales Rep for details.

Bureau of Chemical Safety, Food Directorate

In support of Health Canada's mission to help

Canadians maintain and improve their health, the Food Directorate is the federal health authority responsible for establishing policies, setting standards and providing advice and information on the safety and nutritional value of food. The Bureau of Chemical Safety is responsible for policy, standard setting, risk assessment, research and evaluation activities with respect to chemicals in foods in Canada. The primary objective of the work is to ensure that chemicals are not present in foods at levels that would pose an unacceptable risk to health. Tork wipers marked with this symbol in this catalog have been reviewed by Health Canada and given a "letter of no objection" stating that the agency sees no reason to object to the wiper's use in food processing facilities provided that conditions listed in the "letter of no objection" are met.

Green Seal™ certified

Green Seal (www.GreenSeal.org) is an independent non-profit organization that is dedicated to safeguarding the environment and transforming the marketplace by promoting the manufacture, purchase and use of environmentally responsible products and services. Green Seal certified Tork products fall into the following 2 categories:

- **GS-1:** This product meets Green Seal™ Standard GS-1 based on chlorine-free processing, energy and water efficiency, and content of 100% recovered material with a minimum of 50% post-consumer material for towels and napkins, 25% post-consumer material for bath tissue.
- **GS-41:** This product meets Green Seal™ Standard GS-41A based on effective performance and protective limits on VOCs and human & environmental toxicity.

Made from 100% recycled material

More than 750,000 tons of recycled paper (of which more than 400,000 is post-consumer fiber) is used each year to make our recycled Tork products. SCA has been using recycled paper since 1927.

National Sanitation Foundation® certified

NSF International (www.nsf.org) is an independent, not-for-profit organization that provides standards development, product certification, auditing, education and risk management for public health and the environment. Manufacturers, regulators and consumers alike look to NSF International for the development of public health standards and certification that help protect the world's food, water, health and consumer products.

- **E1:** Handwashing product, product is acceptable as a hand washing compound for use in official establishments operating under the Federal meat, poultry, shell egg grading, and egg products inspection programs. Should not come into contact with food. When used as directed, should not transfer odor or fragrance from hands to food. SCA Products with E1 rating – Tork Premium Extra Mild Non-Perfumed Soap 400011, 401211
- **E2:** Handwashing and sanitizing products, product is acceptable for use as a handwashing and sanitizing compound for use in and around food processing areas. Should not come into contact with food. SCA Products with E2 rating – Tork Premium Foam Soap Antibacterial 400212, 4002120, 400222, 4002220
- **E3:** Hand sanitizing products, product is acceptable for use as a hand sanitizing areas. Product should be used only after washing and rinsing hands. SCA Products with E3 rating – Tork Premium Liquid Alcohol Gel Hand Sanitizer, 400016, Tork Premium Foam Alcohol Hand Sanitizer, 400214A, 4002140, 400224A, 4002240, 400216

HACCP International

HACCP International is a leading food science organization specializing in the HACCP food safety methodology and its application within food and related industries. HACCP International operates a world-renowned product certification scheme - certification of food safe equipment, materials and services - confirming a product's suitability for use within food businesses that operate to the world's highest standards.

Forest Stewardship Council® (FSC®) certified

FSC certification ensures that products come from responsibly managed forests that provide environmental, social and economic benefits. FSC Chain-of-Custody certification traces the path of products from forests through the supply chain. Look for FSC certified products marked with an icon within this catalog.

Compostable

Certified by the Biodegradable Products Institute (www.BPIworld.org), all of our Universal and Advanced Tork napkins, including custom print, are guaranteed compostable in municipal or commercial facilities. We also have independent verification from a commercial composting facility that all Tork towels will effectively break down in the composting process.

Tork Easy Handling[®] packaging is easier to lift, carry, open and dispose

SCA has introduced Tork Easy Handling product packaging, a patented assortment of innovative and ergonomic solutions to ease the workload of facility staff while saving time and money.

The Easy Handling packaging includes the **Tork Carry Box[™]** and **Tork Carry Pack[™]** for Tork Xpressnap napkins and a selection of Tork towels and bath tissue, noted in the product charts within this catalog.

Tork Carry Box

Carry a box with each hand and save time

Use two hands for a comfortable grip

Boxes open quickly and easily without cutting

Tork Carry Pack

Smart handles make carrying a breeze

Easy to open, thanks to perforated wrapping

Used bags can be recycled in the same manner as plastic shopping bags

Value-Added Products and Dispensers

Tork Standard Products and Dispensers

Tork Value-Added Systems help you improve hygiene, enhance image, reduce usage and waste, and protect the environment.

Elevation, Xpress, Intuition, Matic, Xpressnap, and Performance signify the very best Tork has to offer. These attractive, contemporary dispensers are the epitome of style and luxury. Dispensers are available in different colors to complement many decors.

Our value-added systems provide a range of quality refills from our softest leaf-printed Premium products to our most sustainable natural Universal products delivering the flexibility to address a variety of customer needs.

Our Premium Skincare products and task-based specialty wipers offer top-of-the-line solutions. Premium and Advanced multifolds, c-folds, facial tissue, toilet seat covers, and conventional bath tissue round out our value-added assortment for our discriminating customers.

Controlled consumption dispensers provide source reduction and reliable, high-capacity dispensers lead to lower labor and maintenance costs. Innovative one-at-a-time dispensing eliminates cross contamination and keeps people healthy.

ECOLOGO® () , Green Seal™ () and FSC® certified (fsc®) products provide proof of SCA's commitment to doing what's right for the environment (see page 6 for more information on these certifications). Products that are certified are marked with icons in the product charts.

Many Tork Value-Added products and dispensers are classified as TorkSelect (see pages 4-5 for a full listing and look for  in the product specification charts).

 Most Tork Cleaning Cloths have exelCLEAN® wiper technology to help you get cleaning tasks done more efficiently and professionally than other cloths, especially rags and rental cloths. Thanks to using a patented foam-spun technology to create a unique internal structure they give you a quicker, more hygienic and professional cleaning result, while the risk of contamination is minimized.

Tork Standard Products deliver quality and reliability at an affordable price. Customers will have dispensers they can count on and a range of refill products to choose from, including 100% recycled, third-party certified products that help them lighten their environmental footprint.

Identify the task, find the right product

Finding the right product for your needs starts with looking at what job it does. To help you, we have defined the following tasks.

Wiping

Wiping is picking up spills, soaking up liquids and picking up dirt and dust with a paper-based wiper.

Sanitizing

Sanitizing is hygienically cleaning a surface by removing harmful microorganisms with the help of a cloth used in conjunction with a sanitizing agent.

Cleaning

Cleaning is removing dirt and stains from surfaces, machines or tools with cloths that are dry or used together with water, solvents or detergents.

Polishing

Polishing is creating a protected and shiny surface with the help of a cloth that applies polish onto the surface and is then rubbed to obtain a good finish.
