Since 1974, customers have trusted von Drehle to provide quality products for the away-from-home market and to back those products with the best service in the industry. We welcome your questions and comments and look forward to helping you find solutions to all of your towel and tissue needs.

Blue Ridge Molding -

The von Drehle Corporation created Blue Ridge Molding - a plastic injection molding company to manufacture many of our dispensing systems. Using state-of-the-art, automated, electric injection equipment, allows us to provide you with superior quality dispensers at the lowest possible cost.

Production Facilities

With Production / Distribution facilities in your region and our nationwide experienced Sales & Support staff, we're close by when you need us.

Customer Service

von Drehle provides the finest customer service in the industry. When you call von Drehle, you never have to "Press 1" to talk to a live person. Instead, you always get to speak with a courteous, experienced professional who is there to help you.

Sales Support

von Drehle's nationwide, dedicated Sales Team Members are some of the most experienced and knowledgeable in the industry and can assist you with:

- Solution selling
- Conversions and estimations
- Joint sales calls & ride alongs
- National installation network
- Environmental impact training

Product Support

From informative videos to DSR Training Seminars to knowledgeable in-house Product Specialists, von Drehle provides complete support for every product and application.

- System Training Videos
- Installation & ADA Guidelines Information
- Specification Sheets & Sales Literature
- DSR Training Seminars
- Cost-in-Use Calculators

Limited Distribution

Are you running the Race-to-Zero? Are you selling the exact same products that all of your competitors offer - making it nothing but a pricing game? End the race with **von Drehle's Limited Distribution** business model. Provide your customers with unique, proven, value-oriented solutions that will save them time, labor, and money.

Proprietary Programs

von Drehle has a variety of controlled-use towel and tissue systems - keeping you in the door longer as a single-source supplier. von Drehle offers the simplest proprietary program in the industry:

- No end-user contracts or agreements
- No rebates to file or administer
- You own the dispensers after minimums

Ask your von Drehle Regional Sales Manager for complete details.

DSR Training

von Drehle offers one of the finest DSR Training Seminars in the industry. Featuring guest speakers and experienced, knowledgeable experts, these entertaining two-day seminars teach DSRs how to increase their sales, increase their margins and overcome objections. Ask your von Drehle Regional Sales Manager how you can attend.

- Sell more effectively and more efficiently
- Reduce the importance of pricing
- Increase your product knowledge
- Tour a working facility

Online Resources

Are you looking for a spec sheet, or perhaps a high-resolution product image? How about a high quality feature video or a short video on how to load a certain dispenser or use its stub-roll feature?

von Drehle's new website has everything you need in one convenient place.

Just go to www.vondrehle.com to view and/or download whatever you need:

- Product Comparisons
- Product Information
- Spec Sheets / Sales Sheets
- High-Resolution Product Images
- Feature Systems Videos
- Loading & Installation Videos
- ADA Guidelines Video
- Environmental Information
- And much more

- And many more

Since 1974, the von Drehle Corporation has been practicing environmentally sound production methods and has continued to ensure that the majority of our products are 100% recycled and meet or exceed EPA guidelines for post consumer content.

Having modern, efficient facilities and equipment allow von Drehle to produce high quality paper products consistently - and most importantly - responsibly.

The von Drehle Corporation has received Green Seal™ Certification for a variety of towel and tissue products

The von Drehle Corporation is an approved supplier on the EPA's Comprehensive Procurement Guidelines Supplier database

The von Drehle Corporation is a proud member and supporter of the U.S. Green Building Council

The von Drehle Corporation is an Approved Vendor and Ally Member of the Green Hotels Association

“von Drehle’s modern converting facilities are other shining examples of total commitment.” - *Maintenance Sales News Magazine*

“The von Drehle paper mill is a perfect example of what can happen when a company commits itself to provide high quality products consistently - and most importantly -responsibly.” - *Maintenance Sales News Magazine*

Our Environmental Statement is just a very small part of the story. Discover how von Drehle’s innovative and proven methods lead the industry in total environmental responsibility and conservation...

von Drehle’s Paper Mills -
Cordova, NC, Natchez, MS

Our paper mills produce “parent rolls” to be used in our converting facilities. These paper mills house three paper machines that produce quality towel and tissue parent rolls made from 100% recycled fiber.

Each and every parent roll that is produced at our paper mills is made from 100% recycled paper fiber. **Not a single tree is harvested to supply our mills.** This recycled paper fiber contains a minimum of 50% post consumer content – diverting thousands of tons of waste paper from the landfill each year.

von Drehle’s state-of-the-art de-inking and cleaning facilities allow us to run a wider variety of waste paper – up to 100% post consumer waste – further reducing the amount of waste paper destined to end up in landfills. These facilities are able to use over 50% less water than the industry average - resulting in an annual savings of nearly 400,000,000 gallons of water.

von Drehle’s paper products are manufactured with a chlorine-free process and do not use solvents containing chlorine, benzene, cadmium and cadmium compounds, carbon tetrachloride, chloroform, chromium and chromium compounds, dichloromethane, lead and lead compounds, mercury and mercury compounds, methylethylketone, nickel and nickel compounds, tetrachloroethylene, toluene, 1-trichloroecane, trichloroethylene, or xylene.

von Drehle’s Converting Facilities -
Maiden, NC, Memphis, TN, Las Vegas, NV, Natchez, MS

Our 100% recycled parent rolls are received at our converting facilities and converted into quality towel and tissue products – all of which are, of course, made from 100% recycled paper fibers. These facilities are as large as 210,000 square feet, equipped with state-of-the-art machinery and qualified, dedicated, experienced technicians to ensure the quality of our products.

All of our end cuts or “cookies” are collected and recycled. von Drehle tracks the waste percentage in each facility and we are consistently below industry averages. Parent roll cores are collected and returned to the mill to be used again. von Drehle uses recycled pallets and sends any damaged pallets to be repaired and reused.

Local waste disposal companies were contacted and given samples of materials that were still being sent to the landfill. It was determined that the majority of these materials could also be recycled. Balers were installed to compact the recycled materials. By recycling, we were able to turn an expense into a profit center, and, at the same time, create a significant positive impact on the environment. Plastics, metals, and other scrap or waste items are now recycled instead of discarded.

Recycled Fiber - vs. - Virgin Fiber

By producing paper products made from 100% recycled paper fiber instead of from virgin fiber made from trees, von Drehle saves the following each year:

♻️ *Over 830,000 kw/h of Energy Consumption*

♻️ *Over 58,000,000 pounds of Greenhouse Gas (CO2)*

♻️ *Over 870,000,000 gallons of Water**

♻️ *Over 1,300,000 Trees*

Everyone Benefits

We’ve learned that reducing waste is not merely good stewardship of our environment – it makes good business sense. We not only have a significant positive impact on the environment and our natural resources, but we are able to lower our manufacturing costs. This enables us to lower our costs to our valued customers. In the end, everyone benefits.

The Simplest, Most Cost-Effective,
Hands-Free System Available...

One Towel at a Time.

Centerpull Towel Systems

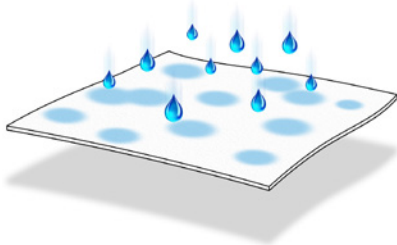

No moving parts. No batteries to replace.
Just one clean, dry, germ-free towel at a time!

- Water** Resistant
- Flame** Resistant
- Impact** Resistant
- Vandalism** Resistant

Patented Dispensing Cone

For "One Towel At A Time" dispensing

Highly Absorbent Toweling

Soft Towel Technology to reduce usage per hand-dry

High Capacity - Up to 1,000 Feet

To reduce maintenance demands

Hands-Free

Hygienic - Touch only the towel you use

Removable Tray

Sanitary - For quick and easy cleaning

Locking Mounting Plate

For easy washdowns or dispenser removal

A Solution For Any Environment

High Capacity and Hands-Free

von Drehle Item #6622 / #80BBW / #6525M

- Hands-Free - touch only the towel you use
- Holds up to 1,000 feet of toweling to reduce maintenance
- No moving parts - no batteries to replace
- Virtually indestructible
- Water resistant - great for washdowns
- Removable backing plate for ease of installation
- ADA compliant

Mini Centerpull for Small Spaces

von Drehle Item #2644

- 28% smaller footprint for tight spaces
- Hands-Free - touch only the towel you use
- Holds up to 400 feet of toweling
- No moving parts - no batteries to replace
- Virtually indestructible
- Water resistant - great for washdowns

Cost Saving Solutions

Compact Mini Fold System

von Drehle Item #154AO 

The 6-inch by 9.5-inch Mini Folds are perfect for use in patient rooms, classrooms, cafeterias, as door handle wipers, or wherever a full-size towel is not needed. And, they dispense one at a time - instead of by the handful. Holds 250 Mini Folds.

Vertical or Horizontal Mini Fold System

von Drehle Item #265AO 

Spring-loaded to allow mounting vertically or setting horizontally on a countertop for use as an economical napkin dispenser. Holds 500 Mini Folds.

Cost-Saving Adapters

von Drehle Item #545-ADP 

von Drehle Item #0036660 

Manufactured from stamped steel, these ingenious adapters will reduce costs for years.

- **Black Mini Fold Adapter:** Convert folded towel dispensers to dispense von Drehle's Mini Folds one at a time.
- **White "One At A Time" Adapter:** Dispense full-size towels on at a time - instead of by the handful.

Folded Towels

Recessed Towel Cabinet Adapters

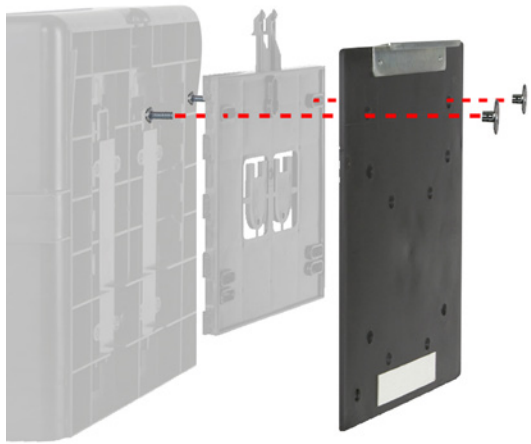

The perfect solution to convert recessed folded-towel cabinets into economical Roll Towel Systems. These two-piece adapter sets provide a sturdy mount and a finished look. The outer cover fits snugly around our roll towel dispensers (#8080E or #8864), and the back mounting plates allow easy access to the key locks and manual feed knobs.

Simple Installation:

- Remove recessed cabinet door
- Attach outer cover using mounting tape
- Attach back plate to cabinet
- Attach dispenser to mounting plate
- Load dispenser and close

Item #	Description	Dimensions H" x W" x D"	Units per Case
SHRD-CTR	Shroud for 8080E Dispenser	22.5 x 16.5 x 2.5	5
SHRD-MP	Back Mounting Plate - 8080E	11 x 11.25 x 1.75	5
SHRD-CTR-8864	Shroud for 8864 Dispenser	22.5 x 16.5 x 2.5	5
SHRD-MP-8864	Back Mounting Plate - 8864	11 x 11.25 x 1.75	5

Recessed Towel Cabinet Adapter Bracket von Drehle Item #MPSSR

These adapter brackets are a simple and economical solution used to convert recessed folded-towel cabinets into Centerpull or Hardwound Towel dispensers. Simply hang the adapter on the cabinet door, close the door, and you are done!

- Takes just minutes to install
- Requires no drilling into cabinet
- Installation hardware is included

Item #	Description	Dimensions H" x W" x D"	Units per Case

Fitment Guide

Americans with Disabilities Act (ADA)

To comply with current ADA regulations, install von Drehle ADA compliant dispensers according to the guidelines shown below. Complete ADA regulations are available for download at www.ada.gov

For questions or concerns, contact the ADA toll free at 800-514-0301

ADA Guidelines

The Cost-Effective, Sanitary, Versatile,
Bath Tissue Solution.

Standard Bath Tissue Systems

- ✓ Fully Enclosed = **Reduce waste**
- ✓ Locking Features = **Reduce pilferage**
- ✓ More Uses per Refill = **Reduce labor costs**

More Footage per Roll

Reduces maintenance demands and the chance of run-outs over the leading consumer bath tissue as well as most away-from-home tissues

Stub Roll Features

Eliminates stub roll waste and reduces the chance of run-outs

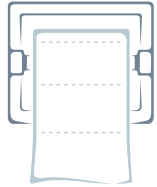

Enclosed & Lockable

Reduces waste by protecting tissue from damage and eliminates pilferage

The Cost-Effective, High Capacity,
Tissue Solution...

In a Space-Saving Design.

Porta-Roll Tissue Systems

- ✓ Stub Roll Features = **Reduce waste**
- ✓ 15-inch Perforations = **Reduce usage**
- ✓ More Footage per Roll = **Reduce maintenance**

Stub Roll Features

Access control mechanisms eliminate stub roll waste and ensure full use of tissue rolls

15" Perforations

Reduces usage and keeps the restroom environment cleaner

More Footage per Roll

Reduces maintenance demands by up to 93%

Fully Enclosed / Locking Features

Reduces waste by protecting tissue from damage and eliminates pilferage

High Capacity, Hygienic Dispensing.

Twin Porta-Roll Roll Tissue Dispenser

von Drehle Item #3200

- Locking mechanism to reduce theft
- Stub roll feature to reduce waste
- Back-up roll to reduce run-outs
- Holds up to 940 feet of 2-ply tissue
- High capacity in a small footprint
- ADA compliant

3-Roll Carousel Porta-Roll Dispenser

von Drehle Item #3342

- Locking mechanism to reduce theft
- Back-up rolls to prevent run-outs
- Stub roll feature to reduce waste
- Holds up to 1,260 feet of 2-ply tissue
- Easy-turn knob to advance rolls
- ADA compliant
