Introducing Our ALL-NEW Mountable Big Grip Bucket!

First, Sellars introduced our revolutionary Big Grip Bucket. Now we're taking the Big Grip Bucket to a whole new level with an all new and exclusive optional dispenser mount - added with no additional cost to you. That means you have a bucket that can be easily carried for remote use and that can also be placed into the wall mount for both local usage and storage. This decreases the product's footprint and eliminates the long term need to take up valuable table space. - See more on **pg 8**

Since 1985...

Sellars began, humbly enough, in a basement and garage in 1985. Since then we've grown into a fully integrated manufacturer of wipers and absorbents. Our ever expanding line of quality products can now be found in major retailers as well as at janitorial, sanitary maintenance, industrial, safety and specialty commercial distributors throughout North America and around the world.

Sellers online PowerMatch™ Cross-Reference: It doesn't get any easier than this!

Sellers brings true ease-of-use to the traditionally tedious business of cross-referencing. No more tracking down paper copies, having to call sales reps or 'guesstimating'. We've taken the guesswork out of choosing comparative products with our new online PowerMatch™ Cross-Reference system.

Don't just take our word for it, visit us at www.sellerscompany.com and try out PowerMatch™ for yourself!

SELLERS
PowerMatch
COMPETITIVE CROSS-REFERENCE

How it works:

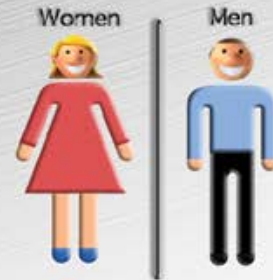

Searches reveal the entered competitor's basic product information compared side by side with our closest matching product along with our second closest match.

Searched results show both the competitive product's and our basic specs including product number, description, type, size and quantity

To see complete specs on Sellers products, just choose the 'learn more' button at the bottom of each selection.

Simply enter the product number of a competitive product

Washrooms

Real customers aren't quite so simple.

It's kind of deceptive when you think about it. They have these simple stick figures on washroom doors so you'd think their towel and tissue needs would be equally simple. Well surprise. Turns out real three dimensional people want real comfort and quality. Who knew? That's where MayFair comes in. 100% Recycled, high quality, embossed and non-bleached. So if you want to keep your complicated human customers happy, just choose Mayfair. It is pretty simple when you think about it.

Mayfair

A brand you can be comfortable with.

Wiper Selection Tools

We understand that selecting the right wiper for your needs can seem like a daunting task but don't worry because we have developed a number of tools to help you including our new state-of-the-art online **PowerMatch™** Competitive Cross Reference Tool.

We have also included tools in this catalog such as the wiper selection guide (below), a usage guide (next page), detailed cross reference guides (pages 74-92) and some helpful cutaway diagrams for a variety of industries (pages 66-71), as well as comprehensive product information throughout the catalog.

Using our product pages

Each product chart has basic product packaging and shipping information to help you more fully evaluate that product.

In the upper left corner of each product category heading, there is a convenient product and usage overview to help you quickly find the product you need.

Terminology

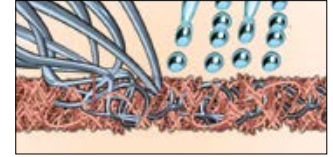

Wiper

A material used to wipe your hands, face, equipment or other surfaces

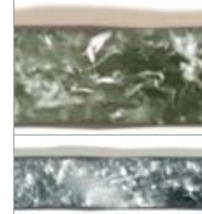

WaterWeave™

A disposable wiper that is made using high pressure water jets that entangle pulp and polypropylene together to create an extremely tough wiper that is solvent resistant

DRC (Double Re-Crepe)

A cellulose based disposable wiper that has a binder infused in it to provide incredible wet strength and durability while maintaining great absorbency and unmatched softness on your hands and face

Sellars DRC Wipers
Latex resin infusion for incredible wet strength

Ordinary Paper Towel
Wet Strength Additive

SCRIM

A cellulose based disposable wiper that typically has between 1 to 2 layers of tissue on either side of it to provide good absorbency and a nylon "scrim" netting in the middle of it to provide superior wet strength

RECLAIMED RAGS

A textile based wiper (Made from used clothing material that is typically donated to Not-For-Profit or charity organizations) that is extremely versatile and durable at an economical price

Sellers Wiper Put Ups

Put Up Applications

In Action

Big Grip® Bucket

Our patented Big Grip® Bucket is a water resistant container that has a flip up center opening for access to our DRC wipers and has a large handle that make it extremely portable. Now comes with all new wall mount bracket

Perfect for jobs outside, wet work sites or storing in the back of a pick-up or utility truck as it is designed to keep your towels clean and dry until they are needed

Big Grip® Refill

Our patented Big Grip® Refill dispenser is the perfect hybrid wiper put up. Towels are packaged in a durable water resistant poly wrap with a peel and reseal label to cover the center opening.

Can either be used as a refill for the Big Grip® Bucket or a standard wall mount dispenser OR it can be used as a stand alone center pull dispenser

¼ Fold Wipers

Our ¼ Fold wipers are stacked on top of the other in a poly wrapper and are ideal for stationary jobs as they can be stacked out on a workbench or counter top allowing for quick and easy access to wipers.

Can be stacked out on a workbench or counter top allowing for quick and easy access to wipers. Recommended for areas with limited space and/or workers and moderate levels of contact with grease, grime, etc.

Interfold Wipers

Our interfold wipers are packaged in a cardboard dispenser box that protects the towels and allows for single sheet dispensing and have the largest sheet size of any of our standard put ups.

Recommended for jobs that require portability and have moderate to high levels of contact with grease, grime, etc.

Jumbo Roll Wipers

Our jumbo roll wipers are the most efficient wiper put up in our line as they have the largest number of sheets per unit allowing for less time spent replacing new wipers compared to our other put ups.

Recommended for jobs that have a large concentration of employees in one area and have high levels of contact with grease, grime, etc.

We have two different types of dispensers for these rolls: Roll Stand and Wall Mount.

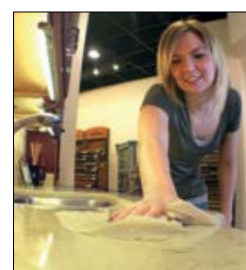

Roll Towels

Our roll towels have been designed for maximum portability and simple dispensing. They can easily be carried to and from a specific area that requires a towel, left in an area with limited space that requires regular access to towels or can be used on a simple wall mount kitchen towel dispenser.

Recommended for areas with limited space and/or workers and has a low to moderate level of contact with grease, grime, etc.

Sellars is 1 of only 2 Manufacturers of DRC in the entire world!

Made proudly in Milwaukee, WI

Sellars DRC Wipers

Sellars DRC Wipers

We put more into our TOOLBOX so you get more out of it.

Works like cloth and soft with incredible scrub strength!

Sellars' DRC wipers are cellulose based disposable wipers that have a binder infused in it to provide incredible wet strength and durability while maintaining great absorbency, wipe-dry and unmatched softness on your hands and face.

Green Manufacturing that meets or beats virgin performance without increased prices!

Sellars DRC wipers are made with a proprietary manufacturing process to yield cost-effective, recycled premium wipers that meet or SURPASS the standards of virgin products.

A wider, better selection

Sellars wipers are available in a wider variety of strengths, styles and put-ups. Each of these soft, absorbent DRC Wipers works like cloth and is targeted at a unique market segment in order to offer a wiper for any need.

Green that grows business

Several Sellars Wiping Products meet EPA Comprehensive Procurement Guidelines and provide opportunities to earn credits in several LEED-EB (Existing Buildings) Operation & Maintenance categories.

Sellars DRC Wipers Vs. Ordinary Paper Towels

DRC wipers have larger absorption pockets than regular paper thus allowing not only for greater absorption but also more softness

DRC enhances each key wiper product criteria vs. ordinary paper:

- Wet Strength (2x+)
- (60% of dry strength)
- Softness (2x)
- Absorbency (2x)
- Bulk (2.5x)

Sellars DRC Wipers
Latex resin infusion for incredible wet strength

Ordinary Paper Towel
Wet Strength Additive

Introducing Our ALL-NEW Mountable Big Grip Bucket!

On the go and on the wall *with no extra cost!*

First, Sellars introduced our revolutionary Big Grip Bucket. Now we're taking the Big Grip Bucket to a whole new level with an all new and exclusive optional dispenser mount - added with no additional cost to you.

That means you have a bucket that can be easily carried for remote use and that can also be placed into the wall mount

for both local usage and storage. This decreases the product's footprint and eliminates the long term need to take up valuable table space.

Our new bucket allows do-it-yourselfers to dispense towels like pros and pros to dispense for less and with more convenience.

On The Go!

You can carry the bucket away and use it anywhere you need it. You can return the bucket to the mount anytime. It's completely portable.

Big Grip Buckets arrive with the mounting bracket slid down onto the bucket's handle for a reduced footprint.

The durable plastic water-resistant bucket will stand up to much more punishment than boxes that fall apart.

All-New

The sturdy new grooved Big Grip handle allows for fast and secure mounting and convenient carry along usage.

On The Wall!

Simply mount the bracket to your wall. Then flip the bucket and drop it into place.

Covered under U.S. & Foreign patents & other patents pending... U.S. Patent #D504,794S, #D522,780S, CA 107904, MX 19947, EU Patent #267349-001

Covered under U.S. & Foreign patents & other patents pending... U.S. Patent #7,533,846, CA 2652761

The durable mount holds the bucket in place allowing you to dispense freely from the bottom.

Big Grip Refills mean big savings!

Perhaps best of all, the bucket is refillable. Our Big Grip Bucket refill slides easily into the container so that you can reuse your bucket again and again. The economical refill costs less than the original bucket so you save money every time you refill your bucket. The more times you refill it, the more you save!

The refill is also water resistant and can be used as a standalone dispenser.

See the Bucket and Refill in action on Video!

JOB SIZE 1/4 FOLD WIPERS

Appearances Can Be Deceiving...

Switching over to our 'job size' smaller quarterfold stacks can cause workers to *adjust usage* and go thru the smaller stacks at the same rate as bigger stacks! Having more towels in a stack can lead to waste while having fewer wipers at hand can lead to **thrifter** usage!

SCAN QR CODE TO VIEW OUR 'JOB SIZE' VIDEO!

Cross Referencing doesn't have to be rocket surgery

Finding and comparing the right cross-reference doesn't need to be an endless task of calls and research - at least not at Sellars. We've taken the guesswork out of choosing comparative products with our exclusive online PowerMatch™ Cross-Reference system.

On The Go And On The Wall With No Extra Cost!

Simply mount the bracket to your wall. Then flip the bucket and drop it into place. The durable mount holds the bucket in place allowing you to dispense freely from the bottom. If you want to remove the bucket and use it elsewhere, simply lift it out of the bracket and flip it. Now you dispense from the top. You can carry the bucket away and use it anywhere you need it. You can return the bucket to the mount anytime. It's completely portable.

You do have a choice when it comes to DRC Wipers

No matter what brand you purchase, the DRC paper you purchase will have been manufactured by one of two companies; Sellars or our competitor, Kimberly-Clark Worldwide, Inc. So you have two very real choices. We invite you to compare our DRC wiper strength, quality, selection and economy to that of the competition. Sellars DRC Wipers are available in a wider variety of strengths, styles and put-ups than any other brand. Throughout our DRC section we've listed comparable SKUs from Kimberly-Clark Worldwide, Inc. and at the end of the catalog, we've provided a comprehensive chart for comparison on pages 89-90. So compare our DRC Wipers to those of the competition. We feel confident that you'll agree with us that Sellars is the natural choice.

Absorbs up to 400% more than most rental cloth rags

- Ideal for heavy-duty wiping applications
- Soft on hands and face, extremely absorbent and won't fall apart when wet
- Z900 works like cloth with very low lint
- Z900 is made with 15% recycled fibers

 **Made in the U.S.A.**

Did You Know?

In 2011, Gradient released a study titled, "Evaluation of Potential Exposure to Metals in Laundered Shop Towels," that found that the laundered shop towels they tested contained 7 heavy metals that exceeded health-based toxicity limits: molybdenum, lead, copper, cobalt, cadmium, beryllium and antimony.

Sellers Jumbo Roll Wall dispensers come ready to quickly, conveniently and securely mount.

Laundered Rental Rags Vs. Disposable Shop Towels

How clean are they when you receive them?

Laundered Rental Rags: Metal shavings, oils and hazardous chemicals can be present on 'clean' laundered rental shop towels presenting both possible hazards to health and the possibility of machinery getting snagged

Disposable Shop Rags: Clean out of the box every time, can be used multiple times before discarding, easy to dispose of

Are there any hidden charges?

Laundered Rental Rags: As many as 6 additional charges: damage fee, energy charge, delivery charge, replacement fee, environmental/fuel surcharge fee

Disposable Shop Rags: No hidden cost with disposable shop towels

How absorbent are they?

Laundered Rental Rags: The absorbency, strength, and size of the laundered shop towel can diminish the more it is laundered.

Disposable Shop Rags: Shop towels can absorb up to 400% more than one standard 13"x13" laundered shop towel.

What are the standard sizes?

Laundered Rental Rags: The standard 13"x13" size of the shop towel can diminish to 12"x12" the more it is laundered.

Disposable Shop Rags: Shop towels are available in a wide variety of sizes and dispensing options depending upon your needs.

Solvent Resistant WATER WEAVE Series™

Stronger than Strong

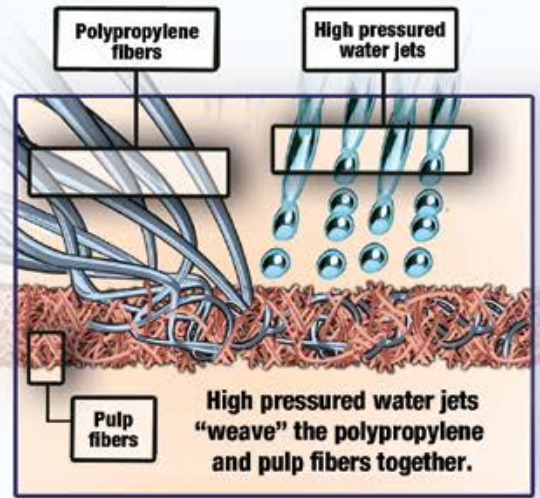

Compare to WYPALL* X70 & X80 wipers! Strong Enough for Your Toughest Jobs!

Sellars All-New Solvent Resistant WaterWeave™ is not only the latest addition to our growing TOOLBOX® family of Wipers, it's the strongest. WaterWeave™ is strong enough to take on your toughest jobs. These wipers can be used both wet and dry. And not only are they extremely strong, they're low lint and latex free. Compare WaterWeave™ to WYPALL* X70 & X80 wipers.

Take on Tough Solvents

These wipers come in two grades, T700 & T800, and both are ideal for heavy duty jobs that include solvents like Isopropyl Alcohol, Denatured Alcohol, MEK (Methyl Ethyl Ketone), Acetone, Toluene, Xylene and Mineral Spirits.

WaterWeave™; How It Works

WaterWeave™

- ✓ heavy-duty wiping
- ✓ tougher
- ✓ solvent resistance
- ✓ lower lint

DRC

- ✓ general purpose wiping
- ✓ softer
- ✓ more absorbent
- ✓ more economical

Disposable Shop Towels vs. Laundered Rental Rags

Guess what's on your 'clean' rental rag?

Gradient Corporation studies have found contaminants on supposedly clean laundered rental rags that include **lead, toluene, xylene, zinc and other heavy metals known to cause cancer or kill aquatic life.**

Residual oils and chemicals can also be present that can cause skin rashes. Residual metal shavings can be present that can injure faces and hands. A big part of the problem is that rental rags used with hazardous chemicals and waiting to be laundered are supposed to be separated into their own bags away from other used rental rags. This does not always happen and the result is that all of the rags are washed together and exposed to rags used for hazardous chemicals.

WaterWeave™ Wipers vs. Laundered Rental Rags

Rental rags can have residual oils and chemicals that can reduce absorption and cause streaks and smears. Loose thread and lint can get caught in machinery and snag. Silicone residue can inhibit adhesion of parts and interfere with electrical connections.

On the other hand, **Sellars Solvent Resistant WaterWeave™ Wipers** can last thru several days of heavy use, have low lint and are more absorbent than rental rags.

Oral Exposure to Metals in Shop Towels Via Hand Contact

Metal on Laundered Shop Towel

Metal on Hand

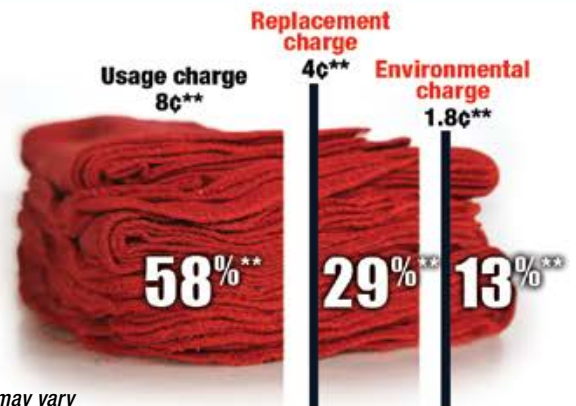

Metal Ingested

Determining the real costs of rental rags

So you're paying a set usage fee per towel? It doesn't usually end there. You can also have **environmental charges and replacement charges.**

**Sample cost only, actual costs may vary

Sellars has added a few twists on an old favorite!

- Superior quality control: pieces in poor condition are removed
- Rags are cut to wiper size with zippers and buttons removed
- Boxes contain rags of varying sizes, type and composition within each fabric family
- Less expensive than rental rags or paper wipers

FLEECE, MULTICOLOR

25 Lb. RECLAIMED RAGS

Product Number:	99201
Weight per box:	25 lbs. (gross)
Case Dimensions:	20"L x 14"W x 15"H
Cases per pallet:	35
Pallets per truck:	30

Reclaimed Fleece multi-colored wiping cloths

- Contains recycled material from sweatshirts, sweatpants or similar fleece apparel
- Economical for uses with grease, oil, dirt, cement and grime
- Ideal for auto shops, chemical plants, heavy equipment, industrial plants, janitorial, machine shops and oil fields
- Often preferred for heavy duty and general shop and maintenance applications including larger jobs
- Sweatshirt rags tend to have a smooth jersey texture on one side with a fluffier 'downy' style texture on the reverse; material is soft

Mayfair[®] Towel & Tissue by Sellars[®]

A brand you can be comfortable with.

Too many towel & tissue brands miss on balancing economy with comfort and overall quality. You don't want towels that melt in your hands, super thin substrates the width of butterfly wings or papers so coarse you find yourself wary of splinters. You also don't want to see your hard earned money flowing like sink water into luxury towel & tissue use.

That's where Mayfair comes in. It's a balance of real economy and consistently reliable quality. Most of our Sellars towel & tissue are now available in the Mayfair brand. Mayfair towel & tissue are green with 100% recycled and non-bleached whites. And they're Sellars. So you know that you can depend upon them. Mayfair is simply a brand you can be comfortable with - in every sense of the word.

 *Made in the U.S.A.*

If you think hand dryers are user-friendly and can't spread germs, prepare to be blown away

Do you know about the dirt on hand dryers?

Ever wonder if a hand dryer could spread germs? They usually look clean enough on top. The problem is that unfiltered hand dryers can accumulate substantial germs and bacteria on the underside of the dryer - right where you're putting your hands and right where you don't notice. So next time you go to use a hand dryer, you might want to bend down and take a look.

Hand dryers sound like a great deal unless your standing near one...

Loud blaring sounds and echoes are a critical drawback to hand dryers. What good is it to create a paperless hand drying solution that leads people to avoid drying their hands in order to avoid the sound? It's one of the main reasons so many users do avoid hand dryers and prefer paper towels.

A brighter kind of green.

We believe in being green. Our high quality, embossed products are non-bleached white and 100% recycled. What we don't believe in is sacrificing quality to get there. We believe you shouldn't have to put up with sandpaper texture, papers that melt in your hands and substrates that are the thickness of butterfly wings to be green. Take a look at Sellers and our Mayfair brand towel and tissue today and you'll see that we make green look good. And you might just find yourself up for some tree hugging.

Washrooms

Preferred by 4 out of 5 bathroom sign stick people.

Sure they're just stick figures. But once you get done hating, maybe you'll take the time to acknowledge these guys see a lot of towel and tissue products. They hear the complaints, they hear the cursing, but they can also feel the love. That's where Mayfair comes in. 100% Recycled, high quality, embossed and non-bleached. Yeah, that'll work. Thank you stick people. Thank you.

A brand you can be comfortable with.

Sellers Spill Control Selection Tools

We understand that selecting the right sorbent for your needs can seem way too complicated but don't worry because we have developed a number of tools to help you including our new state-of-the-art online **PowerMatch™** Competitive Cross Reference Tool.

We have also included tools in this catalog such as the sorbent selection guide (below), a sorbent usage guide (page 38) and detailed cross reference guides (pages 77-88) as well as comprehensive product information throughout the catalog.

Using Our Product Pages

Each product chart has basic product packaging and shipping information, absorbency data and incinerator information to help you more fully evaluate that product.

In the upper left corner of each product category heading, there is a convenient product and usage overview to help you quickly find the product you need.

Our Sorbent Family

Our new general purpose recycled cellulose and oil only cotton sorbents are made with a combination meltblown-spunbond coverstock as well as a version without coverstock at all.

Our original general purpose recycled cellulose and oil only cotton sorbents are made with a spunbond coverstock.

Meltblown

Our universal, oil only and HAZMAT sorbents are made with 100% polypropylene.

The Code of Federal Regulations(CFR)

The Code of Federal Regulations (CFR) is the codification of the general and permanent rules published in the Federal Register by the departments and agencies of the Federal Government. It is updated annually and it is divided into 50 titles that represent broad areas subject to Federal regulation. There are 4 titles that TOOLBOX® spill control products help you comply (see page 7 for details):

29 CFR- OSHA
(Occupational Health & Safety)

33 CFR- USCG
(United States Coast Guard)

40 CFR- EPA
(Environmental Protection Agency)

49 CFR- DOT
(Department of Transportation)

Terminology

Sorbent
A material used to soak up leaks, drips or spills.

Universal
A sorbent material, usually gray in color, which is designed to soak up oil, water and most chemicals. Typically, these are meltblown sorbents which are used indoors in many different MRO applications.

General Purpose
A sorbent material, usually gray in color, which is designed to soak up oil and water but not aggressive acids or caustics. Typically, these are cellulose based sorbents which are used indoors in many different MRO applications.

Hazmat
A sorbent material which is designed to soak up many different types of hazardous chemicals. They are usually yellow in color to denote the hazardous liquids they can soak up and make sure they are disposed of properly. Typically used in specialty applications such as soaking up battery acid.

Oil Only
A sorbent material, usually white in color, which is designed to soak up oil but not water. Typically used in outdoor environments such as spills on open water.

Coverstock
Typically a nonwoven fiber that is added to the outer layers of a sorbent to help increase the durability and strength of the product.

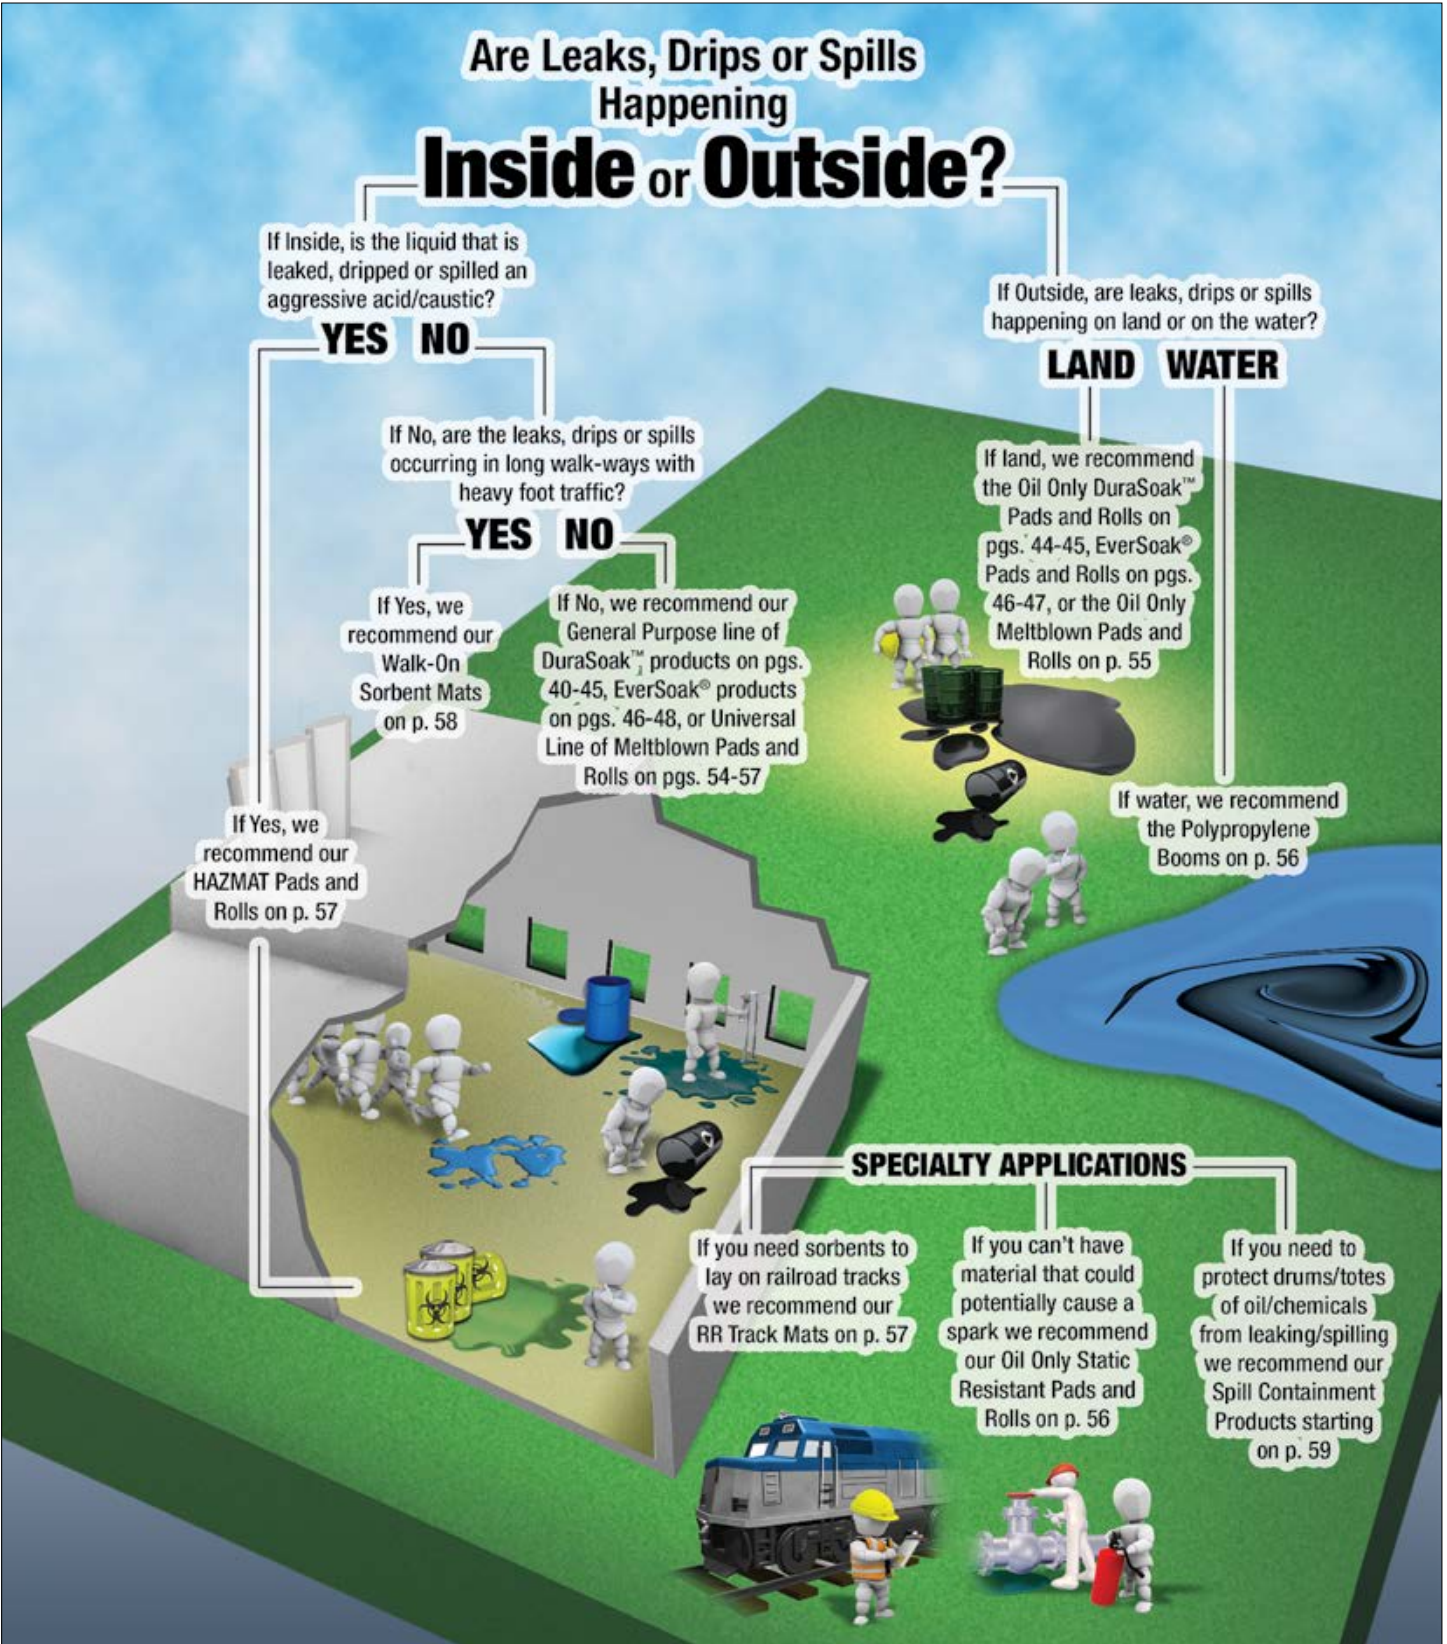

Did You Know?

The word **Sorbent** is used instead of **Absorbents** because meltblown polypropylene actually adsorbs.

Sorbent Usage Guide

The key to cleaning up any spill is picking the right tool for the job. Below are some common spill control situations and the best solutions for those spills. Simply answer yes or no to answers in descending order till you find the Sellars Sorbent that fits.

Looking for Products that Help You Comply with the Code of Federal Regulations?

29 CFR – OSHA (Occupational Health & Safety Administration)

EverSoak® Sorbent Pads & Rolls (see pages 40-59), OverPacks & Spill Kits help you comply (see pages 60-66)

29 CFR 1910.22(a)(2)

Summary: Floors in your workplace should be "maintained in a clean and, so far as possible, a dry condition."

29 CFR 1910.107(b)(3)

Summary: Combustible floors in a spray booth or work area "shall be covered with noncombustible material to facilitate the safe cleaning and removal of residues."

29 CFR 1910.107(g)(2)

Summary: OSHA requires spraying areas to be "kept as free from the accumulation of deposits of combustible residues as practical."

29 CFR 1910.120(j)(1)

Summary: Commonly known as HAZWOPER, requires DOT containers and proper absorbents be kept available and used wherever spills, leaks or ruptures may occur.

29 CFR 1910.1450(e)

Summary: OSHA requires containment and cleanup materials for spills in laboratories to reduce occupational exposure to hazardous chemicals.

40 CFR – EPA (Environmental Protection Agency)

EverSoak® Spill Kits (see Drain Covers (see pages (see pages 61 and 65)

40 CFR 112.7(c)(1)

Summary: Facilities must have "appropriate containment and/or diversionary structures to prevent discharge oil from reaching a navigable water course."

40 CFR 122.26

Summary: Facilities must have a detailed plan in place to prevent illegal discharge of pollutants into waterways.

40 CFR 263.30(a)

Summary: Requires immediate action, such as diking discharge area, by transporter if hazardous waste is accidentally discharged during transportation.

40 CFR 263.31

Summary: A transporter must clean up any hazardous waste discharges that occur during transportation.

40 CFR 264.175

Summary: A hazardous waste container must not sit in its own spill, and it must be able to hold 10% of total volume of liquid or 100% of largest container, whichever is greater.

49 CFR – DOT (Department of Transportation)

EverSoak® OverPacks (see pages 64-65) help you comply

49 CFR 173.3(c)(1)

Summary: If a container of hazardous waste is damaged or leaking, it can be placed in a compatible salvage drum that meets UN criteria for shipping by air, highway, rail or water.

49 CFR 173.12(b)

Summary: A lab packing container must be "a UN 1A2 or UN 1B2 metal drum, a UN 1D plywood drum, a UN 1G fiber drum or a UN 1H2 plastic drum tested and marked for the Packing Group III performance level."

49 CFR 173.12(b)(2)(iv)

Summary: When lab packing, "inner packagings... must be surrounded by a chemically compatible absorbent material in sufficient quantity to absorb the total liquid contents."

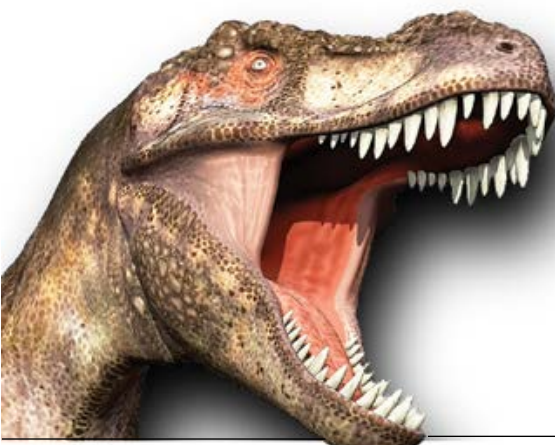

33 CFR – USCG (United States Coast Guard)

EverSoak® Sorbent Booms and Sweeps (see page 49) help you comply

33 CFR 154.1047(c)(2)

Summary: Concerning navigation and navigable waters, a facility which handles, stores or transports Group V petroleum oils must identify response plan resources such as containment booms or other methods.

TOOL BOX BRAND

DuraSoak Series™

General Purpose Absorbents

UNIQUE & EXCLUSIVE WAREHOUSE-FRIENDLY PACKAGING!

More Absorption, Real Price Stability and Greater Product Consistency

Sellers General Purpose TOOLBOX® DuraSoak™ pads not only provide more absorbency (see charts on individual product pages) than other popular competitive meltblown sorbents, they're made with recycled fibers (see chart) to create greater price stability. And with our recycled fibers being made from our internal excess shop towel material, DuraSoak™ provides amazing product consistency.

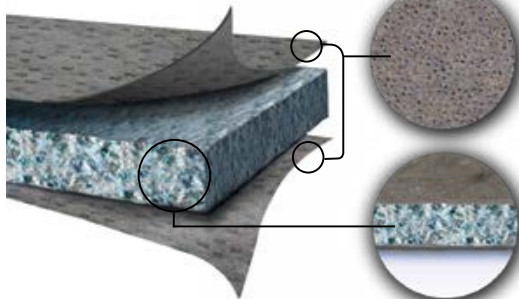

DuraSoak General Purpose pads and rolls are Class A fire retardant when pad/roll is dry

U.S. Patent No. 8,118,177.

Durable meltblown spunbond coverstock

Familiar Reliability

We have added a layer of meltblown polypropylene to our recycled absorbent core to create a sorbent that looks and acts similar to meltblown polypropylene sorbents

4 Different Grades. Each Made With Recycled Fibers.

General Purpose Grade	Amount of Recycled Fiber
Heavy-Duty	65%
Medium-Duty	60%
Light-Duty	65%
Econo-Duty	75%

Absorbent core made with Q-CEL® Technology

More Absorbent

Our absorbent core is thicker and has greater "absorption pockets"

Price Stability

Major raw material source comes from internally generated recycled cellulose which creates a more price stable product vs. meltblown polypropylene sorbents

4 Grades of Durasoak™

General Purpose Absorbents	ABSORBENCY	DURABILITY
DuraSoak™ General Purpose Heavy-Duty	■ ■ ■ ■ ■ ■ ■ ■	■ ■ ■ ■ ■ ■ ■ ■
DuraSoak™ General Purpose Medium-Duty	■ ■ ■ ■ ■	■ ■ ■ ■ ■ ■ ■ ■
DuraSoak™ General Purpose Light-Duty	■ ■ ■	■ ■ ■ ■
DuraSoak™ General Purpose Econo-Duty	■ ■ ■ ■	■ ■

How we use our consistent DRC Wiper waste to create consistent recycled sorbents!

Unlike other sorbent manufacturers, we also manufacture shop towels (which are designed to absorb many of the same liquids). This allows us to use the excess material from the production process as a major raw material source which helps create greater consistency and better quality.

Other recycled sorbent manufacturers are forced to purchase waste streams on the open market creating a very inconsistent raw material in both performance and price.

What's Inside:

DuraSoak™ General Purpose Sorbents start with excess material from our popular shop towels

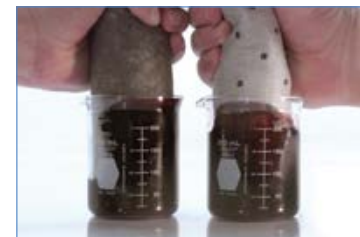

DuraSoak™ Competitive Comparison

Compare DuraSoak™ General Purpose Absorbent Pads Vs. SPC* Meltblown MRO100 Pads

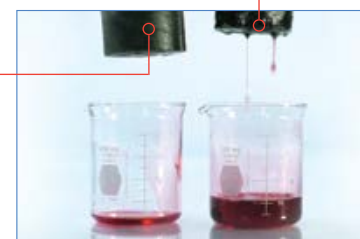

DuraSoak™ General Purpose Heavy Duty Pads vs **SPC* Universal Heavy Weight Meltblown Pads (MRO100)**

Both DuraSoak and the competition's pads were immersed in beakers of equal amounts of transmission fluid.

Note the meltblown pad has absorbed less and is dripping.

Note the DuraSoak pad has absorbed much more transmission fluid.

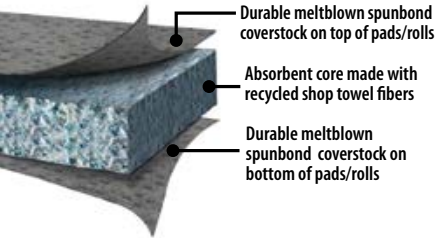

Watch the Video!

DuraSoak™ General Purpose – Heavy-Duty Absorbents

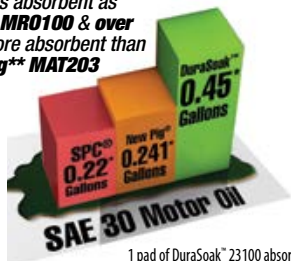

Uses: Absorbs both oil and water as well as grease, transmission fluid, hydraulic fluid, diesel fuel, coolants and many other fluids

General Purpose – Heavy-Duty

Made with 65% recycled fibers

Per Pad Comparison
Twice as absorbent as SPC*** MRO100 & over 85% more absorbent than New Pig** MAT203

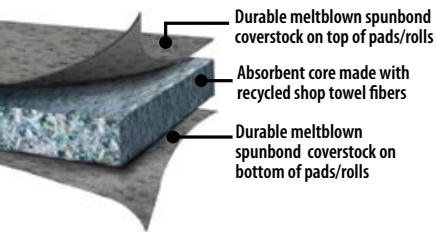

1 pad of DuraSoak™ 23100 absorbs 0.45* gallons of SAE 30 motor oil vs. 1 pad of the SPC*** MRO100 adsorbs 0.22* gallons of SAE 30 motor oil and 1 pad of New Pig** MAT203 which adsorbs .241 gallons of SAE motor oil

DuraSoak™ General Purpose – Medium-Duty Absorbents

Uses: Absorbs both oil and water as well as grease, transmission fluid, hydraulic fluid, diesel fuel, coolants and many other fluids

General Purpose – Medium-Duty

Made with 60% recycled fibers

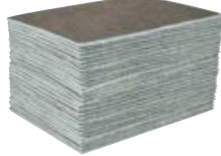

Per Pad Comparison
Over 25% more absorbent than New Pig** MAT203 & over 35% more absorbent than SPC*** MRO100

1 pad of DuraSoak™ 23200 absorbs 0.303* gallons of SAE 30 motor oil vs. 1 pad of New Pig** MAT203 which adsorbs 0.241* gallons of SAE 30 motor oil and 1 pad of SPC*** MRO100 which adsorbs 22 gallons of SAE motor oil

DuraSoak™ Heavy-Duty Absorbent Pads

Product Number:	23100
Pad Size:	15" x 19"
Quantity Per Case:	50/box
Color:	Gray
Cases Per Pallet:	30 cases
TI:	6 cases/layer
HI:	5 layers/pallet
Case Dimensions:	20"L x 16"W x 18.25"H
Case Weight:	13 lbs
Pallets Per Truck:	30
UPC:	660708231009

Absorbs up to 23.5 gallons of oil per bale*

Incinerator Info: * per ASTM F726-06
Ash content is 0.75% per ASTM
13,380 BTU/lb per ASTM D240

- More absorbent and a more cost effective alternative than the leading competitor's meltblown absorbent pads/rolls

Oil Only Absorbents

UNIQUE & EXCLUSIVE WAREHOUSE-FRIENDLY PACKAGING!

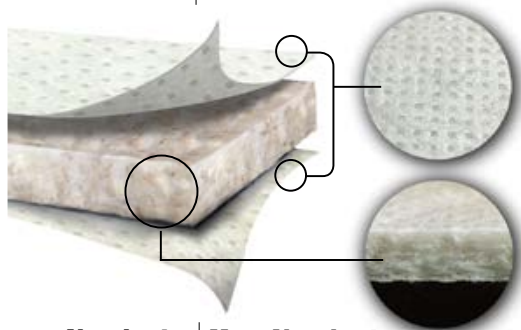

Finally; Cotton Absorbents that meet or beat market expectations.

Sellars uses cotton, grown in the USA, to produce the Oil Only TOOLBOX® DuraSoak™ products. Cotton sorbents actually are excellent oil only sorbents. However, there are significant raw material and manufacturing differences of cotton sorbents in the market today that affects the performance (see article at lower right). Sellars cotton sorbents are a proven performer and were used extensively in the Deep Water Horizon Oil Spill in the Gulf of Mexico in 2010.

Durable meltblown spunbond coverstock

Familiar Reliability

We have added a layer of meltblown polypropylene to our cotton absorbent core to create a sorbent that looks and acts similar to meltblown polypropylene sorbents

4 Different Grades. Each Made With Cotton.

Oil Only Grade	Amount of Cotton
Heavy-Duty	60%
Medium-Duty	50%
Light-Duty	65%
Econo-Duty	85%

Absorbent core made with Q-CEL® Technology

More Absorbent

Cotton absorbent core made with Q-CEL® Technology

Price Stability

Sellars uses natural cotton which isn't tied to volatile oil prices

We have developed a proprietary manufacturing process to use natural cotton. We actually use a raw material from the by-product of the ginning process. That's why DuraSoak™ Oil Only sorbent products are more natural and tend to be more consistent than those of competitors who get their raw material from inconsistent cotton waste streams.

4 Grades of Durasoak™

Oil Only Absorbents	ABSORBENCY	DURABILITY
DuraSoak™ Oil Only Heavy-Duty	● ● ● ● ● ● ● ●	● ● ● ● ● ● ● ●
DuraSoak™ Oil Only Medium-Duty	● ● ● ● ●	● ● ● ● ● ● ● ●
DuraSoak™ Oil Only Light-Duty	● ● ● ● ●	● ● ● ● ●
DuraSoak™ Oil Only Econo-Duty	● ● ● ● ● ● ● ●	● ●

The Seal of Cotton and cotton enhanced™ are trademarks of Cotton Incorporated

The Sellars Difference: Cotton from the fields, not from textile/industrial waste

Cotton from the fields has natural oils that help repel water but absorbs oil based liquids so there are no chemicals that need to be applied to the fibers to make them hydrophobic. However, textile/industrial cotton waste no longer has the natural oils on the fibers and requires a special treatment applied to the fibers to make them hydrophobic.

We have developed a proprietary manufacturing process to use natural cotton. We actually use a raw material from the by-product of the ginning process. That's why DuraSoak™ Oil Only sorbent products are more natural and tend to be more consistent than those of competitors who get their raw material from inconsistent cotton waste streams.

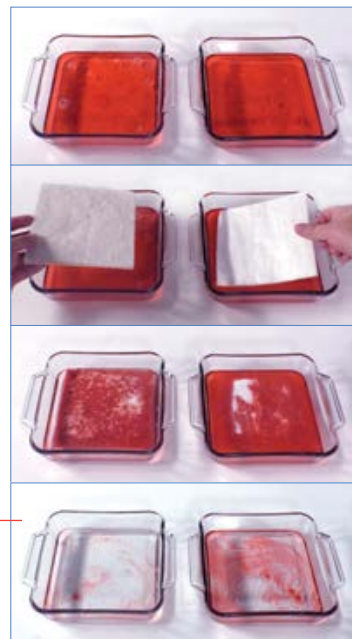

DuraSoak™ Competitive Comparison

Compare DuraSoak™ Oil Only Absorbent Pads Vs. SPC Oil Only Meltblown Pads

DuraSoak™ Oil Only Heavy-Duty Pads vs. SPC* Oil Only Heavy Weight OP100 Meltblown Pads

6" squares cut from both DuraSoak and the competition's pads were immersed in trays with equal amounts of water containing transmission fluid. (Duration 1:40 minutes)

After the pads are removed, you can plainly see that the DuraSoak pad has absorbed much more transmission fluid. The water in the DuraSoak tray is nearly clear while the Meltblown pad's tray still has the prominent reddish hue of transmission fluid.

DuraSoak™ Oil Only – Heavy-Duty Absorbents

Uses: Absorbs oil, perfect for spill response, and also outdoor MRO (Maintenance, Repair & Operations) applications as they soak up hydrocarbon based spills but not water

Oil Only – Heavy-Duty

Made with 60% cotton

Durable meltblown spunbond coverstock on top of pads/rolls

Cotton absorbent core made with Q-CEL® Technology

Durable meltblown spunbond coverstock on bottom of pads/rolls

Per Pad Comparison
More absorbent than New Pig** MAT403

1 pad of DuraSoak™ 83100 absorbs .208* gallons of SAE 30 motor oil vs. 1 pad of New Pig™ MAT403 which adsorbs .204* gallons of SAE 30 motor oil

DuraSoak™ Oil Only Heavy-Duty Absorbent Pads

Product Number:	83100
Pad Size:	15" x 19"
Quantity Per Case:	100/bag & box
Color:	White
Cases Per Pallet:	30 cases
TI:	5 cases/layer
HI:	6 layers/case
Case Dimensions:	20" L x 16" W x 17.5" H
Case Weight:	11 lbs
Pallets Per Truck:	30
UPC:	660708831001

Absorbs up to 20.8 gallons of oil per bale*

Incinerator Info: * per ASTM F726-06
Ash content is 1.75% per ASTM D240
10,970 BTU/lb per ASTM D5468

CAUTION: Not intended for use with aggressive acids or caustics. Dispose of all absorbent materials in accordance with local, state and federal regulations.

EverSoak® General Purpose— Heavy & Medium Duty Absorbents

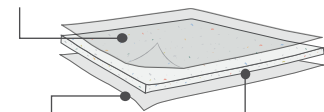

Uses: Absorbs both oil and water as well as grease, transmission fluid, hydraulic fluid, diesel fuel, coolants and many other fluids

EverSoak® SORBENTS

General Purpose — Heavy-Duty

(formerly called Preferred)

Durable coverstock on top of pad

Durable coverstock on bottom of pad

Extra thick absorbent core made with Q-CEL® Technology

- ☐ Made with 70% recycled fibers
- ☐ Class A fire retardant when pad/roll is dry (lab tested per ASTM E84)

[Click to view product online](#)

Heavy-Duty Absorbent Pads

Product Number:	22851
Pad Size:	15" x 19"
Quantity Per Case:	50/box
Color:	Gray
Cases Per Pallet:	30 cases
TI:	6 cases/layer
HI:	5 layers/pallet
Case Dimensions:	20"L x 16"W x 18.25"H
Case Weight:	13 lbs
Pallets Per Truck:	30
UPC:	660708228511

Absorbs up to 23.5 gallons of oil per bale*

Incinerator Info: * per ASTM F726-06
Ash content is 1.8% per ASTM D482
9,611 BTU/lb per ASTM D5468

- ☐ EverSoak® Heavy-Duty Absorbent Pads absorb as much as 2 of the leading competitors' heavy-weight meltblown pads (lab tested per EDANA 10.4-02)

Roll Size:	28.5" x 75'
Quantity Per Case:	1/box
Color:	Gray
Cases Per Pallet:	12 cases
TI:	4 cases/layer
HI:	3 layers/pallet
Case Dimensions:	21.9"L x 19.9"W x 29.25"H
Case Weight:	19 lbs
Pallets Per Truck:	30
UPC:	660708228542

Absorbs up to 42 gallons of oil per roll*

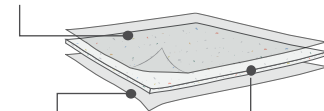

Incinerator Info: * per ASTM F726-06
Ash content is 1.8% per ASTM D482
9,611 BTU/lb per ASTM D5468

- ☐ EverSoak® Heavy-Duty Absorbent Rolls are perforated every 19" across as well as down the center of the length of the roll
- ☐ More absorbent and a more cost effective alternative than meltblown absorbent rolls

General Purpose — Medium-Duty

(formerly called Standard)

Durable coverstock on top of pad

Durable coverstock on bottom of pad

Standard absorbent core made with Q-CEL® Technology

- ☐ Made with 70% recycled fibers
- ☐ Class A fire retardant when pad/roll is dry (lab tested per ASTM E84)

Made in the U.S.A.

CAUTION: Not intended for use with aggressive acids or caustics. Dispose of all sorbent materials in accordance with local, state and federal regulations.

Heavy-Duty Barrel Top Absorbent Pads

Product Number:	22866
Pad Size:	22" Diameter
Quantity Per Case:	10/box
Color:	Gray
Cases Per Pallet:	80 cases
TI:	4 cases/layer
HI:	20 layers/pallet
Case Dimensions:	22.5"L x 22.5"W x 4"H
Case Weight:	6 lbs
Pallets Per Truck:	26
UPC:	660708228665

Absorbs up to 6.5 gallons of oil per bale*

Incinerator Info: * per ASTM F726-06
Ash content is 1.8% per ASTM D482
9,611 BTU/lb per ASTM D5468

- ☐ EverSoak® Heavy-Duty Barrel Top Absorbent Pads are 22" in diameter so they will fit standard 55 gallon drums and help keep liquids from getting to the floor
- ☐ Absorbs as much as 2 of the leading competitors' heavy-weight meltblown pads (lab tested per EDANA 10.4-02)

EverSoak® General Purpose – Light-Duty Absorbents

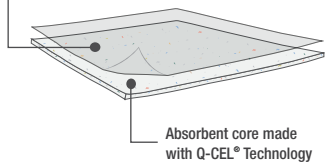

Uses: Absorbs both oil and water as well as grease, transmission fluid, coolants, diesel fuel and many other fluids

General Purpose – Light-Duty

(formerly called Basic)

Durable coverstock on top of pad

Coverstock is only on the top side of the sorbent pads, rolls and split rolls to allow them to instantly begin soaking up liquid, staying firmly in one place.

Economical solution that's more absorbent than leading competitor's meltblown heavy weight sorbents!

- ❑ Made with 70% recycled fibers
- ❑ Light-weight general purpose sorbent soaks up both oil and water as well as grease, transmission fluid, coolants, diesel fuel and many other fluids
- ❑ More absorbent and a more cost effective alternative than the leading competitor's meltblown sorbent pads
- ❑ Class A fire retardant when pad is dry (lab tested per ASTM E84)
- ❑ Helps you comply with 29 CFR 1910.22(a)(2)

Made in the U.S.A.

Light-Duty Absorbent Pillows/Drip Pans

Product Number:	99050
Pillow Size:	10" x 10"
Quantity Per Case:	20 Pillows, 10 Drip Pans
Color:	White
Cases Per Pallet:	25 cases
TI:	5 cases/layer
HI:	5 layers/pallet
Case Dimensions:	19"L x 18"W x 6"H
Case Weight:	16 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 12 gallons of oil per pillow*

Incinerator Info: * per ASTM F726-06
Ash content is 1.8% per ASTM D482
9,592 BTU/lb per ASTM D5468

- ❑ Each case contains 20 sorbent pillows and 10 drip pans
- ❑ For steady, continuous, localized leaks and drips place a sorbent pillow inside of the drip pan to keep liquids from getting to the floor and allowing for easier disposal
- ❑ Absorbent Pillows are an economical choice for soaking up leaks and drips around machinery and other MRO (maintenance, repair and operations) applications
- ❑ Absorbent Pillows are made with recycled cellulose fibers and are great for absorbing both oil and water, as well as grease, transmission fluid, hydraulic fluid, coolants and many other types of liquids

CAUTION: Not for use with aggressive acids or caustics. Dispose of all sorbent materials in accordance with local, state and federal regulations.

- Class A fire retardant when sock is dry

Made in the U.S.A.

CAUTION: Not intended for use with aggressive acids or caustics. Dispose of all sorbent materials in accordance with local, state and federal regulations.

Medium-Duty 4' Absorbent Socks

Product Number:	22868
Sock Size:	3" x 4'
Quantity Per Case:	40/box
Color:	Gray
Cases Per Pallet:	16 cases
TI:	4 cases/layer
HI:	4 layers/pallet
Case Dimensions:	24"L x 20"W x 22.5"H
Case Weight:	34 lbs
Pallets Per Truck:	30
UPC:	660708228689

Absorbs up to 52 gallons of oil per case*

Incinerator Info: * per ASTM F726-06
Ash content is 1.8% per ASTM D482
10,840 BTU/lb per ASTM D5468

- General Purpose 4' Absorbent Socks provide great moldability allowing the sock to easily wrap around the base of a machine or the perimeter of a spill.

Medium-Duty 8' Absorbent Socks

Product Number:	22918
Sock Size:	3" x 8'
Quantity Per Case:	20/box
Color:	Gray
Cases Per Pallet:	12 cases
TI:	4 cases/layer
HI:	3 layers/pallet
Case Dimensions:	23"L x 20"W x 30.6"H
Case Weight:	36 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 52 gallons of oil per case*

Incinerator Info: * per ASTM F726-06
Ash content is 1.8% per ASTM D482
9,611 BTU/lb per ASTM D5468

- General Purpose 8' Absorbent Socks provide great moldability allowing the sock to easily wrap around the base of a machine or the perimeter of a spill.

Medium-Duty 12' Absorbent Socks

Product Number:	22917
Sock Size:	3" x 12'
Quantity Per Case:	10/box
Color:	Gray
Cases Per Pallet:	16 cases
TI:	4 cases/layer
HI:	4 layers/pallet
Case Dimensions:	23"L x 20"W x 22.63"H
Case Weight:	27 lbs
Pallets Per Truck:	30
UPC:	N/A

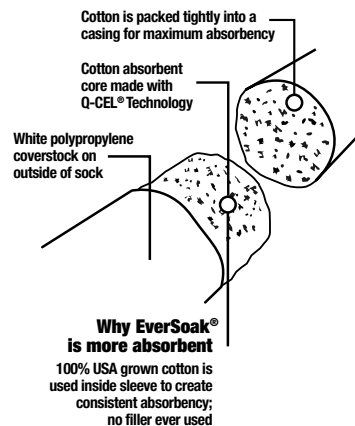

Absorbs up to 39 gallons of oil per case*

Incinerator Info: * per ASTM F726-06
Ash content is 1.8% per ASTM D482
9,611 BTU/lb per ASTM D5468

- General Purpose 12' Absorbent Socks are extra long for better coverage around bigger machines, spills, etc.

Oil Only

- Oil Only Cotton Absorbents are made with 80% cotton and are perfect for spill response as well as outdoor MRO (Maintenance, Repair & Operations) applications as they soak up hydrocarbon based spills but not water
- Helps spill contractors working on government contracted sites meet requirements for using green products
- Helps you comply with 29 CFR 1910.22(a)(2)

OIL ONLY 4' Cotton Absorbent Socks

Uses: Emergency response tools to clean and contain spills of all sizes

General Purpose 20 Gal Drum Spill Kit

Product Number:	99020
Drums Per Pallet:	12 drums
TI:	4 drums/layer
HI:	3 layers/pallet
Drum Dimensions:	20.38"L x 20.38"W x 20.75"H
Drum Weight:	26 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 19 gallons of oil per kit*

*per ASTM F726-06

For small to medium sized spills

- CONTAINS:**
- 25 Basic Sorbent Pads (15" x 19")
 - 4 Sorbent Socks (3" x 4')
 - 4 Sorbent Pillows (10" x 10")
 - 1 Sorbent Booms (4" x 10')
 - 1 Pair of Nitrile Gloves
 - 1 Pair of Splash Resistant Goggles
 - 2 Disposal Bags
 - 1 2400 GreenX ¼ Fold Bundle

General Purpose 55 Gal Drum Spill Kit

Product Number:	99030
Drums Per Pallet:	8 drums
TI:	4 drums/layer
HI:	2 layers/pallet
Drum Dimensions:	22.38"L x 22.38"W x 34.75"H
Drum Weight:	49 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 37 gallons of oil per kit*

*per ASTM F726-06

For medium sized spills, lever lock, perfect for MRO (Maintenance, Repair & Operations) applications

- CONTAINS:**
- 75 Basic Sorbent Pads (15" x 19")
 - 5 Sorbent Socks (3" x 4')
 - 4 Sorbent Pillows (10" x 10")
 - 2 Sorbent Booms (4" x 10')
 - 2 Pairs of Nitrile Gloves
 - 2 Pairs of Splash Resistant Goggles
 - 3 Disposal Bags
 - 2 2400 GreenX ¼ Fold Bundles

General Purpose 65 Gal Drum Spill Kit

Product Number:	99040
Drums Per Pallet:	2 drums
TI:	1 drum/layer
HI:	2 layers/pallet
Drum Dimensions:	31"L x 31"W x 33.75"H
Drum Weight:	100 lbs
Pallets Per Truck:	30

Contents packaged in a 6.5 gallon pail keeping the contents protected until they are needed.

Uses: Soaks up oil, water and most chemicals

Meltblown Sorbents

The most versatile type of sorbent material

Meltblown sorbents are an oil derivative and are manufactured by extruding polypropylene resin. This manufacturing process creates a sorbent product that is durable and will absorb nearly any liquid that is found in most MRO and environmental spills.

Meltblown: The Making of a classic

How it's made...

1 **... (resin) is gravity fed into the barrel...**

Raw thermoplastic material in the form of small beads (resin) is gravity fed into the barrel of an extruder.

2 **...material is spun forward by a rotating screw...**

The material is then spun by a rotating extrusion screw which forces the plastic beads forward at the optimum melt temperature into the die.

3 **...strands are forced out with a blast of hot air...**

The resin strands are forced out thru the die to the accompaniment of a constant blast of hot air which enables the formation of microfibrers.

4 **...the loft is adjusted to increase air space...**

The loft is adjusted to increase the air space within the woven fibers for more holding capacity, increased softness, and more cloth-like drape abilities.

5 **...the finished product has a smooth, tight finish...**

The finished product has a smooth, tight finish with good tensile strength.

Pallets Per Truck:	36
UPC:	N/A

Absorbs up to 24 gallons of oil per bale*

* per ASTM F726-06

[Click to view product online](#)

Floats, perfect for many outdoor MRO apps, absorbs oil, fuel, grease, and other liquids except water

OIL ONLY Medium Weight Sorbent Pads

Product Number:	82004
Pad Size:	15" x 18"
Quantity Per Case:	100/bag
Color:	White
Cases Per Pallet:	42 cases
TI:	6 bales/layer
HI:	7 layers/pallet
Case Dimensions:	18"L x 15"W x 14"H
Case Weight:	9 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 19 gallons of oil per bale*

* per ASTM F726-06

[Click to view product online](#)

Ideal for soaking up oil, fuel, grease, transmission fluid, coolants, etc. except water

OIL ONLY Laminated Pad

Product Number:	82001
Pad Size:	16" x 20"
Quantity Per Case:	100/bag
Color:	White
Cases Per Pallet:	36 cases
TI:	6 cases/layer
HI:	6 layers/pallet
Case Dimensions:	20"L x 16"W x 12"H
Case Weight:	10 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 20 gallons of oil per bale*

* per ASTM F726-06

[Click to view product online](#)

Floats, perfect for many outdoor MRO apps, absorbs oil, fuel, grease, and other liquids except water, perforated every 17"

OIL ONLY Sorbent Roll

Product Number:	82005
Roll Size:	38" x 144'
Quantity Per Case:	1/bag
Color:	White
Cases Per Pallet:	18 cases
TI:	9 rolls/layer
HI:	2 layers/pallet
Case Dimensions:	14.5"L x 14.5"W x 38"H
Case Weight:	21 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 47 gallons of oil per roll*

* per ASTM F726-06

[Click to view product online](#)

Economical way to clean up large oil spills, absorbs oil, fuel, grease, and other liquids except water

OIL ONLY Light Weight Sorbent Pads

Product Number:	82002
Pad Size:	15" x 18"
Quantity Per Case:	200/bag
Color:	White
Cases Per Pallet:	36 cases
TI:	6 bales/layer
HI:	6 layers/pallet
Case Dimensions:	18"L x 15"W x 17"H
Case Weight:	12 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 32 gallons of oil per bale*

* per ASTM F726-06

[Click to view product online](#)

Floats, perfect for many outdoor MRO apps, absorbs oil, fuel, grease, and other liquids except water, perforated every 17"

OIL ONLY Sorbent Split Roll

Product Number:	82006
Roll Size:	19" x 144'
Quantity Per Case:	2/bag
Color:	White
Cases Per Pallet:	20 cases
TI:	9 rolls/layer
HI:	2 layers/pallet**
Case Dimensions:	14.5"L x 14.5"W x 38"H
Case Weight:	21 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 23.5 gallons of oil per roll*

** plus two bags laying down on top * per ASTM F726-06

[Click to view product online](#)

Economical way to clean up large oil spills, absorbs oil, fuel, grease, and other liquids except water

OIL ONLY Light Weight Sorbent Pads

Product Number:	82003
Pad Size:	15" x 18"
Quantity Per Case:	100/bag
Color:	White
Cases Per Pallet:	48 cases
TI:	6 rolls/layer
HI:	8 layers/pallet*
Case Dimensions:	18"L x 15"W x 8"H
Case Weight:	6 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 16 gallons of oil per bale**

* plus two bags laying down on top ** per ASTM F726-06

Extra large pad for large volume coverage

OIL ONLY King Pads

Product Number:	82150
Pad Size:	30" x 38"
Quantity Per Case:	50/bag
Color:	White
Cases Per Pallet:	15 cases
TI:	6 bales/layer
HI:	2 layers/pallet*
Case Dimensions:	38"L x 30"W x 7"H
Case Weight:	21 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 40 gallons of oil per bale**

* plus three bales on top ** per ASTM F726-06

Speciality Absorbents

Specially treated to resist static electricity build up

OIL ONLY Static Resistant Pads

Product Number:	82160
Pad Size:	16" x 20"
Quantity Per Case:	50/bag
Color:	White
Cases Per Pallet:	120 cases
TI:	6 bales/layer
HI:	20 layers/pallet
Case Dimensions:	20" L x 16" W x 4" H
Case Weight:	4 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 19 gallons of oil per bale*

* per ASTM F726-06

[Click to view product online](#)

For steady, localized leaks and drips and to keep liquids from getting to the floor, easy disposal

OIL ONLY Sorbent Pillows

Product Number:	99055
Pillow Size:	10" x 10"
Quantity Per Case:	20 Pillows, 10 Pans
Color:	White
Cases Per Pallet:	25 cases
TI:	5 cases/layer
HI:	5 layers/pallet
Case Dimensions:	19" L x 18" W x 6" H
Case Weight:	14 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 8.5 gallons of oil per pillow*

* per ASTM F726-06

[Click to view product online](#)

Specially treated to resist static electricity build up perforated every 17"

Compatible with
Wall Mount Absorbent
Roll Dispenser
Product #: 99915

OIL ONLY Static Resistant Roll

Product Number:	82170
Roll Size:	30" x 150'
Quantity Per Case:	1/bag
Color:	White
Cases Per Pallet:	18 cases
TI:	9 rolls/layer
HI:	2 layers/pallet
Case Dimensions:	16" L x 16" W x 30" H
Case Weight:	25 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 45 gallons of oil per roll*

* per ASTM F726-06

[Click to view product online](#)

Specially treated to resist static electricity build up perforated every 17"

OIL ONLY Static Resistant Split Roll

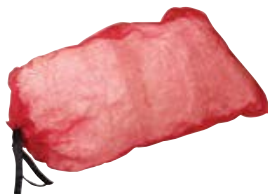

Product Number:	82180
Roll Size:	15" x 150'
Quantity Per Case:	2/bag
Color:	White
Cases Per Pallet:	18 cases
TI:	9 rolls/layer
HI:	2 layers/pallet
Case Dimensions:	16" L x 16" W x 30" H
Case Weight:	25 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 22.5 gallons of oil per roll*

* per ASTM F726-06

Floats, perfect for bilges, sump wells, fluid reservoirs, waste troughs, drainage ditches

OIL ONLY Onion Sack Pillows

Product Number:	99058
Pillow Size:	6" x 16" x 21"
Quantity Per Case:	10 Pillows/bag
Color:	White
Cases Per Pallet:	12 cases/pallet
TI:	3 cases/layer
HI:	4 layers/pallet
Case Dimensions:	22" x 22" x 22"
Case Weight:	25 lbs
Pallets Per Truck:	30
UPC:	660708990586

Absorbs up to 18.5 gallons of oil per pillow*

* per ASTM F726-06

[Click to view product online](#)

Floats, perfect for bilges, sump wells, fluid reservoirs, waste troughs, drainage ditches

OIL ONLY Sorbent Bilge Boom

Product Number:	99060
Boom Size:	4" x 19"
Quantity Per Case:	10/case
Color:	White
Cases Per Pallet:	24 cases
TI:	4 bales/layer
HI:	6 layers/pallet
Case Dimensions:	22" L x 19.5" W x 12" H
Case Weight:	12 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 10 gallons of oil per box*

* per ASTM F726-06

Oil Only Polypropylene Boom

Floats on water

Extremely absorbent boom soaks up many different types of oil spills and leaks on open water as well as retention ponds

[Click to view product online](#)

OIL ONLY Polypropylene Sorbent Boom – 5"

Product Number:	10515
Boom Size:	4-5" x 10'
Booms Per Bag:	4/bag
Color:	White
Bags Per Pallet:	16 cases
TI:	4 bags/layer
HI:	4 layers/pallet
Case Dimensions:	24" L x 24" W x 27" H
Case Weight:	16 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 24 gallons of oil per bale*

* per ASTM F726-06

[Click to view product online](#)

OIL ONLY Polypropylene Sorbent Boom – 8"

Product Number:	10818
Boom Size:	6-8" x 10'
Booms Per Bag:	4/bag
Color:	White
Bags Per Pallet:	12 Bags
TI:	4 bags/layer
HI:	3 layers/pallet
Case Dimensions:	24" L x 24" W x 27" H
Case Weight:	26 lbs
Pallets Per Truck:	30
UPC:	N/A

Absorbs up to 42 gallons of oil per bale*

* per ASTM F726-06

Uses: Designed for specific tasks and fluids

Fits between standard rails.
Barrier laminated backing.

RR Mat Roll - 58"

Product Number:	91200
Roll Size:	58" x 100'
Quantity Per Case:	1/bag
Color:	Black/White
Cases Per Pallet:	9 cases
TI:	9 rolls/layer
HI:	1 layer/pallet
Case Dimensions:	17"L x 17"W x 58"H
Case Weight:	65 lbs
Pallets Per Truck:	30
UPC:	N/A

Adsorbs up to 105 gallons of oil per roll*
* per ASTM F726-06

[Click to view product online](#)

Fits outside standard rails.
Barrier laminated backing.

RR Mat Roll - 19"

Product Number:	91250
Roll Size:	19" x 100'
Quantity Per Case:	2/bag
Color:	Black/White
Cases Per Pallet:	18 cases
TI:	9 rolls/layer
HI:	2 layers/pallet
Case Dimensions:	17"L x 17"W x 38"H
Case Weight:	35 lbs
Pallets Per Truck:	30
UPC:	N/A

Adsorbs up to 37.5 gallons of oil per roll*
* per ASTM F726-06

Chemical Compatibility Guide

Product will adsorb the following chemicals:

- | | |
|---------------------|---------------------|
| Acetic Acid | Bromine |
| Acetone | Butyl Acetate |
| Acetyl Chloride | Chloroform |
| Acrylic Chloride | Diethyl Ether |
| Acrylic Acid | Hydrochloric Acid |
| Allyl Alcohol | Hydrofluoric Acid |
| Aminobenzoic Acid | Isobutyl Alcohol |
| Ammonia (Anhydrous) | Isobutyric Acid |
| Ammonium Hydroxide | Isopropyl Acetate |
| Amyl Acetate | Isopropyl Alcohol |
| Amyl Alcohol | Methyl Chloride |
| Aniline | Sulfuric Acid |
| Benzene | Xylene |
| Benzoic Acid | Methyl Ethyl Ketone |
| Benzoyl Chloride | Denatured Alcohol |
| Benzyl Alcohol | Toluene |
| Boric Acid | Mineral Spirits |

Industrial rugs keep walkways dry and are durable enough to handle foot traffic and even some forklift traffic.

Uses: Help keep your facility in compliance with products that contain and prevent leaks or spills from getting into sensitive areas.

Spill Containment Products

OverPacks vs. Salvage Drums

Both OverPacks and Salvage Drums are larger containers into which a smaller one may be placed. However, this is where the similarities end. Salvage Drums are subject to much stricter guidelines (i.e. labeling, pressure tests, capacity limits, marked "Salvage" or "Salvage Drum", etc.) and ONLY salvage drums are DOT approved to be used for hazardous materials applications.

Did You Know?

Spill Containment products help meet the following regulations:
29 CFR – OSHA, 40 CFR – EPA and
49 CFR – DOT

Spill Containment Products

Uses: Help keep your facility in compliance with products that contain and prevent leaks or spills from getting into sensitive areas.

Spills Happen. Be Prepared.

Unique, urethane construction allows the pad to deform and seal off most drains

Drain Seal 18" x 18"

Product Number:	92126
Color:	Orange
Product Dimensions:	18" x 18" x .375"
Product Weight:	5 lbs
Cases/Pallet:	144
Pallet Dimensions:	40" x 48"
Pallets/Truck:	30

A valuable addition to any emergency response plan, spill kit, SPCC, or stormwater management program

- Reinforcing mesh is "sandwiched" between layers of polyurethane - increases durability and resistance to tearing
- Unlike some alternative products, BOTH sides will quickly seal drains - there is no specified top or bottom

[Click to view product online](#)

Unique, urethane construction allows the pad to deform and seal off most drains

Drain Seal 24" x 24"

Product Number:	92127
Color:	Orange
Product Dimensions:	24" x 24" x .375"
Product Weight:	8 lbs
Cases/Pallet:	180
Pallet Dimensions:	42" x 51"
Pallets/Truck:	30

A valuable addition to any emergency response plan, spill kit, SPCC, or stormwater management program

- Reinforcing mesh is "sandwiched" between layers of polyurethane - increases durability and resistance to tearing

Color:	Orange
Product Dimensions:	36" x 36" x .375"
Product Weight:	20 lbs
Cases/Pallet:	84
Pallet Dimensions:	40" x 48"
Pallets/Truck:	30

A valuable addition to any emergency response plan, spill kit, SPCC, or stormwater management program

- Reinforcing mesh is "sandwiched" between layers of polyurethane - increases durability and resistance to tearing
- Unlike some alternative products, BOTH sides will quickly seal drains - there is no specified top or bottom

[Click to view product online](#)

Unique, urethane construction allows the pad to deform and seal off most drains

Drain Seal 42" x 42"

Product Number:	92131
Color:	Orange
Product Dimensions:	42" x 42" x .375"
Product Weight:	23 lbs
Cases/Pallet:	42
Pallet Dimensions:	40" x 48"
Pallets/Truck:	30

A valuable addition to any emergency response plan, spill kit, SPCC, or stormwater management program

- Reinforcing mesh is "sandwiched" between layers of polyurethane - increases durability and resistance to tearing
- Unlike some alternative products, BOTH sides will quickly seal drains - there is no specified top or bottom

Spill Containment Products

Uses: Help keep your facility in compliance with products that contain and prevent leaks or spills from getting into sensitive areas.

Petroleum Refineries

No matter if it's refinery, pipeline or transport.
 No matter if it's oil, water or chemicals.
 No matter the clean-up, your TOOLBOX is ready.

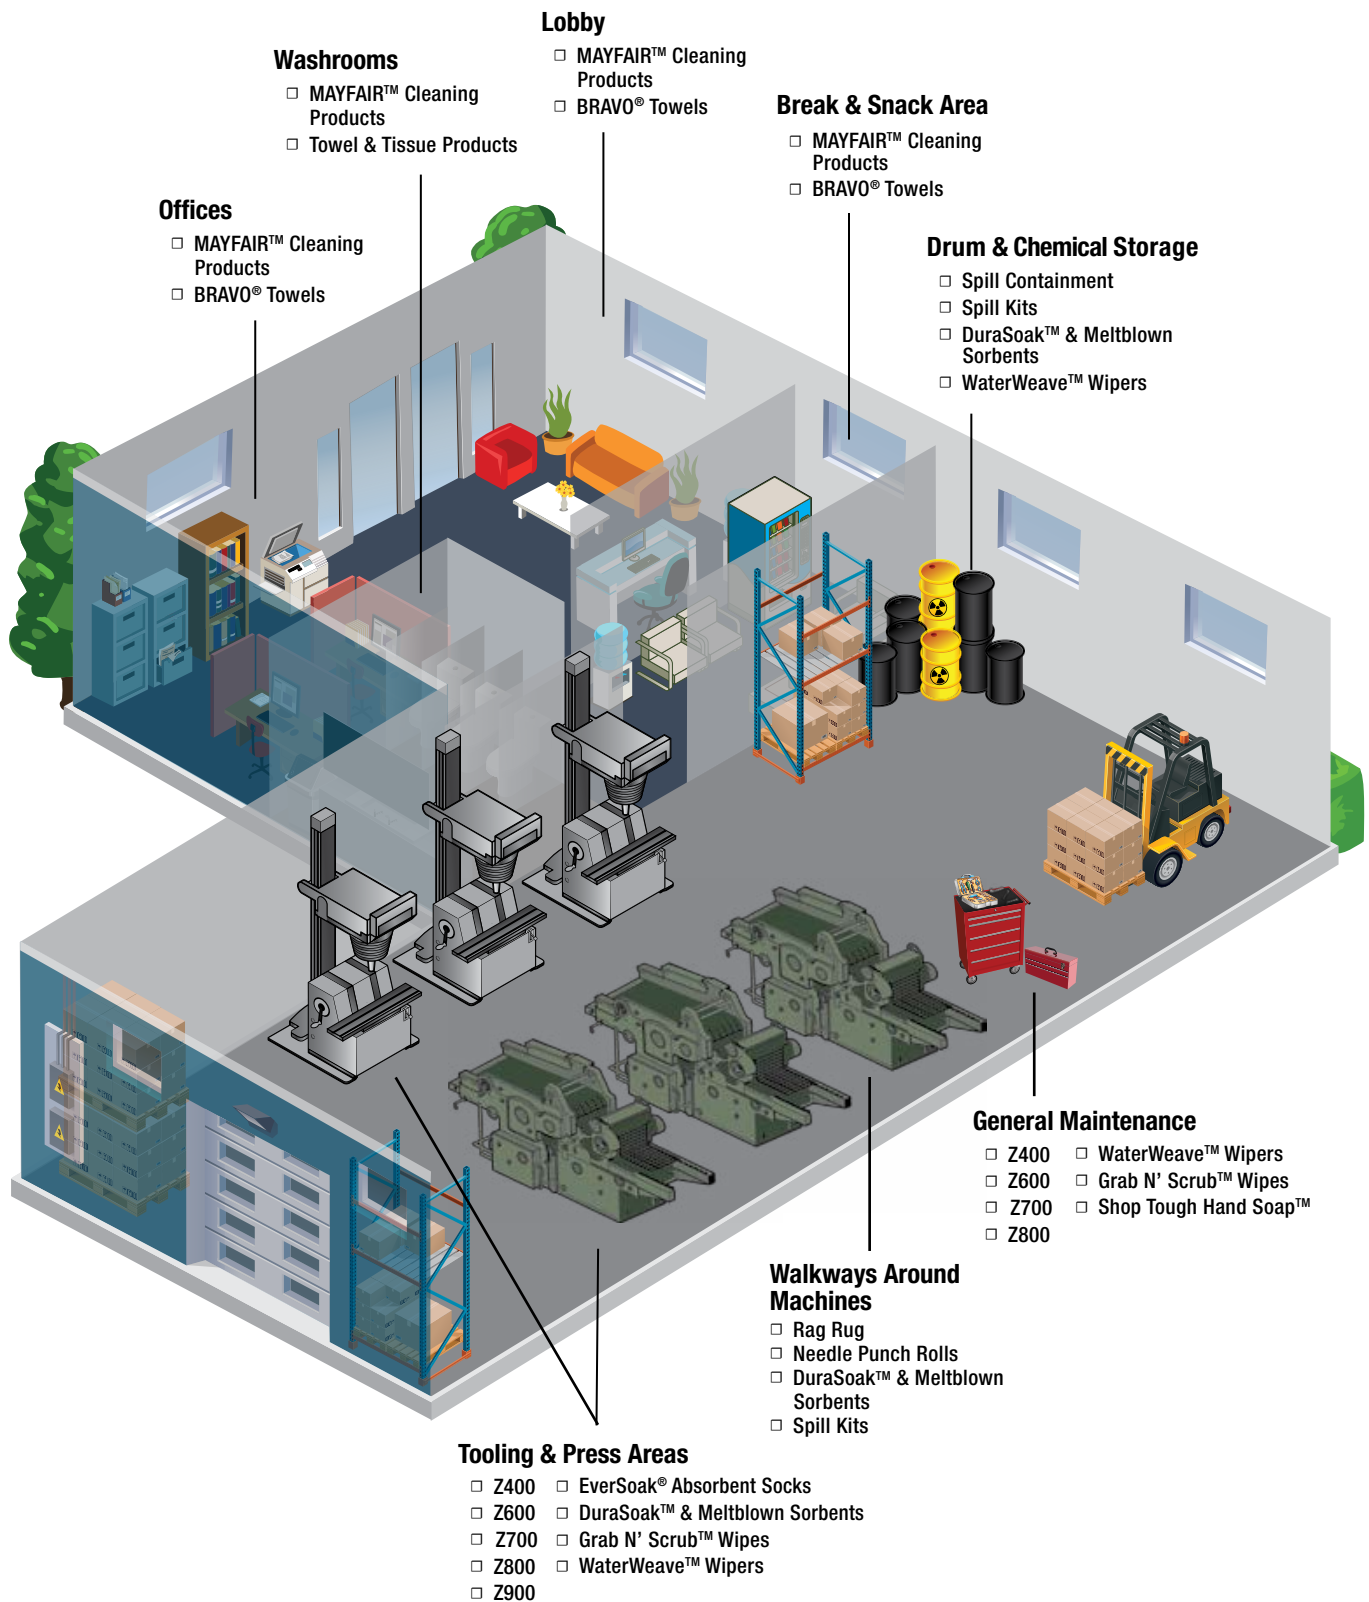

Paper Company

The worst watermark you can leave on your paper is a fingerprint.
That's why it always pays to have your TOOLBOX ready.

Tool & Die

**Tool and die and oil and grime and shavings and
spills and leaks and worse.
That's why you need your TOOLBOX.**

Printing Plant

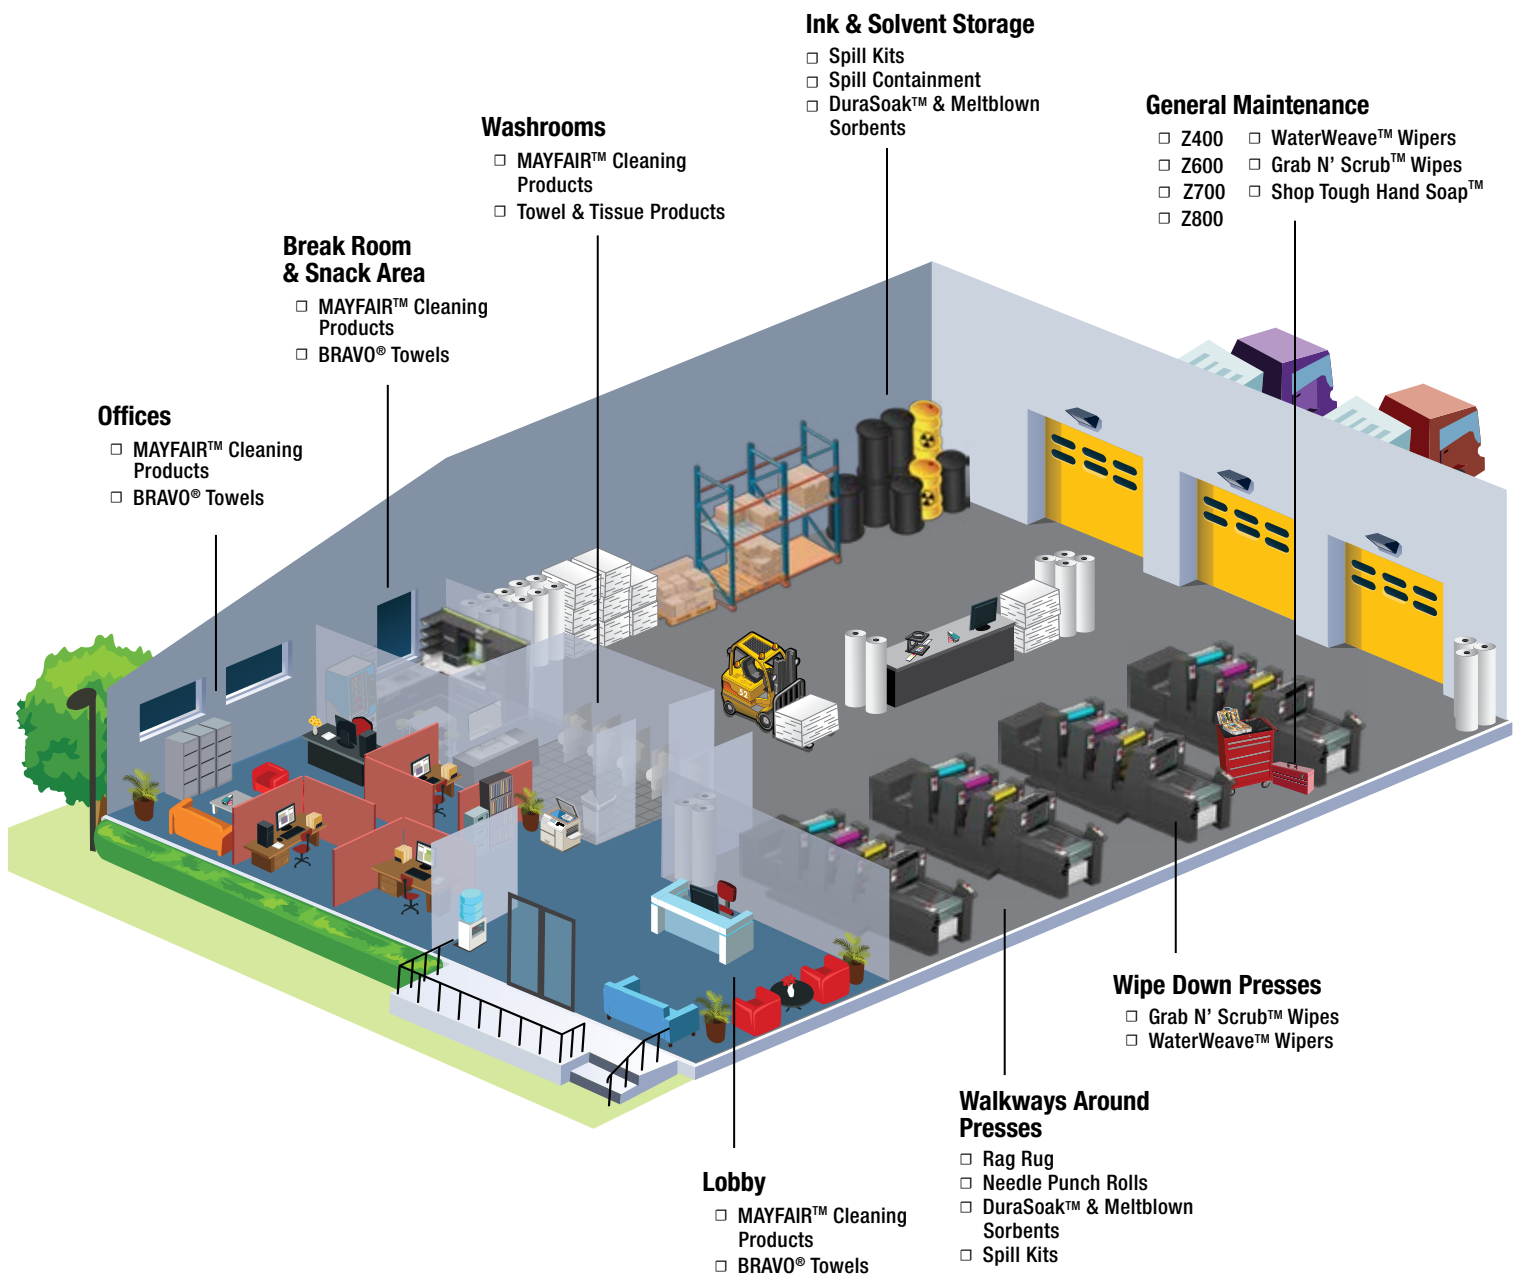

Home

Log-In

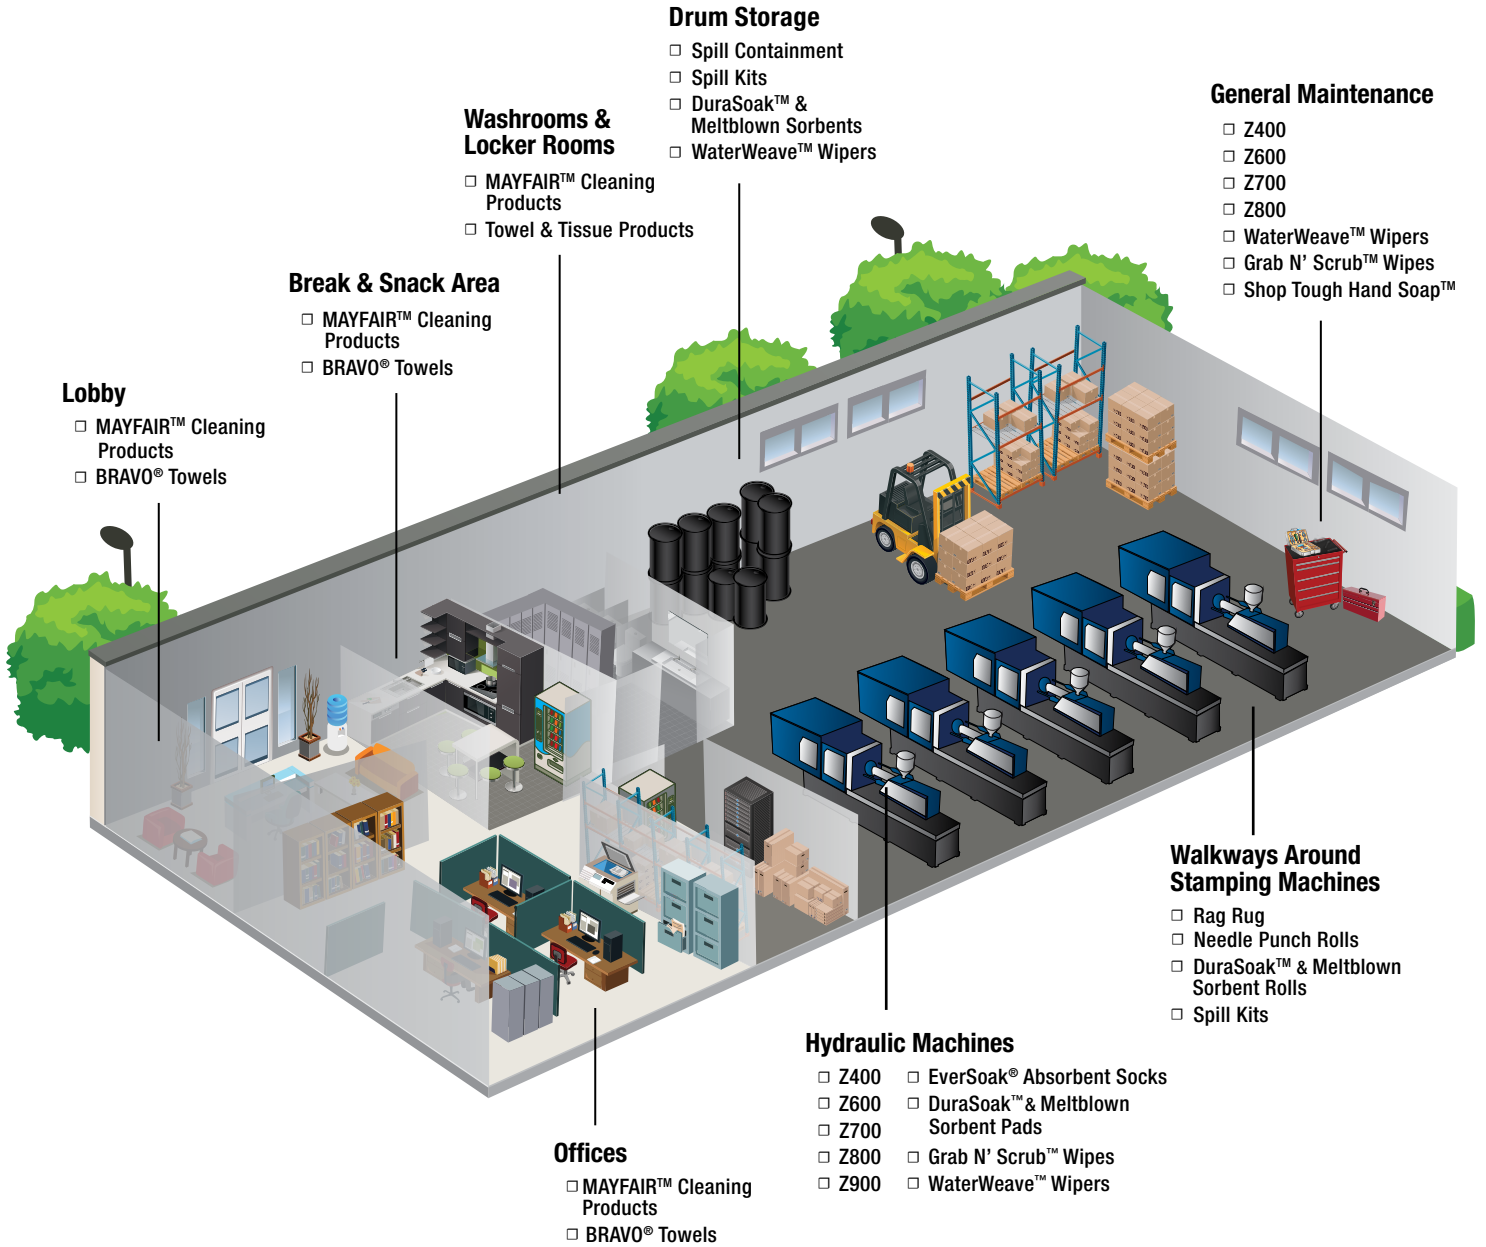

Email

Hot off the press; ink, chemicals, grease and worse.
Better grab your TOOLBOX.

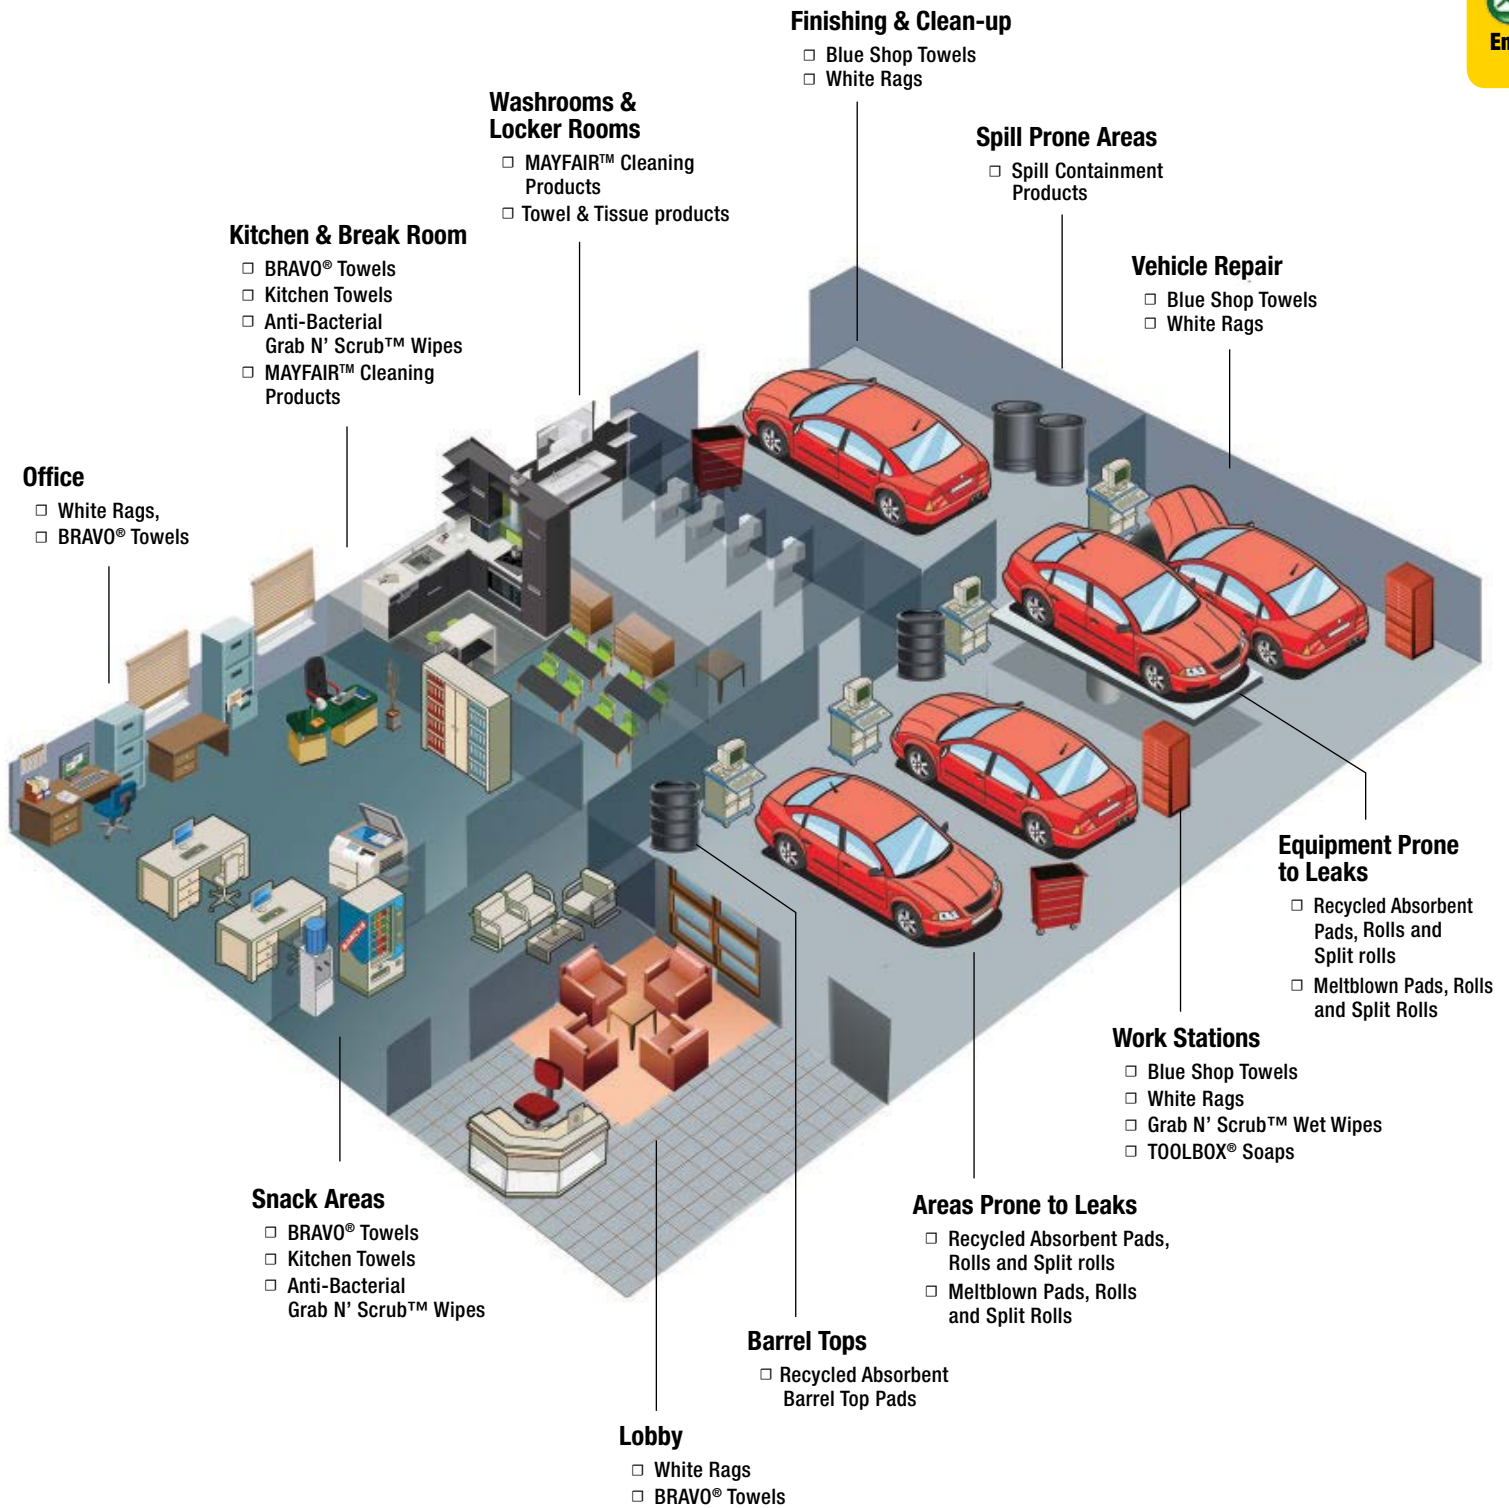

Plastic Injection

Injection moulding can be a pretty messy business.
Better keep your **TOOLBOX** handy.

Auto Shop

**Auto repair is about making the right decisions,
choosing the right tools and getting your hands dirty...
All great reasons to grab your TOOLBOX.**

GREAT NEWS: OUR PAPER TOWELS AREN'T LOUD.

Our clean, 100% recycled paper towels will not hurt your ears. Loud blaring sound and echoes are a critical drawback to hand dryers. What good is it to create a paperless hand drying solution that leads people to avoid drying their hands to avoid the sound? So choose paper towels, your ears will thank you.

JOB SIZE 1/4 FOLD WIPERS

Appearances Can Be Deceiving...

Switching over to our 'job size' smaller quarterfold stacks can cause workers to *adjust usage and go thru the smaller stacks at the same rate as bigger stacks!* Having more towels in a stack can lead to **waste** while having fewer wipers at hand can lead to **thrifter usage!**

Kill 99.9% of Common Germs ...and Keep Dirt and Grime at Bay!

Sellars new Bravo Disinfecting Wipes are great for restrooms, housekeeping, kitchens and offices. They kill 99.9% of bacteria including flu and cold viruses. They're a great way to clean and deodorize office environments. Find out what our new Bravo Disinfecting Wipes can do for you today.

NEW!

Following a green tradition.

Sure, our high quality, embossed products are non-bleached white and 100% recycled. That's because we believe in being green. And that's because when you think about it, the first washrooms were green. They were trees and bushes with large non-abrasive leaves. We honor their contribution to early man by trying to save as many of their descendants as we can. And we doff our hats to you by saving you money with competitive pricing and a wide selection of wiping products. You're welcome green forests. And you too valuable customers.

Mayfair.

A brand you can be comfortable with.

Sellars Introduces A Wiper Designed for Medical Usage

Sellars introduces **Clean-Safe** Hygienic Disposable Washcloths. These DRC wipers are created for use with patients as well as surfaces. They're soft on hands and face but also very absorbent and won't fall apart when wet. They are ideal for light- to medium-duty wiping applications and they do not contain natural latex. If you're looking for a reliable, versatile and economical wiper that can be used on patients and/or surfaces, take a look at **Clean-Safe**. It's just what the doctor ordered.

Clean-Safe™
