

1. PRODUCT AND COMPANY INFORMATION

Product Name	:	DELIME
Other Means of Identification	:	FM 9037
Recommended Use	:	Machine Dishwashing Descaler
Restrictions on Use	:	For Industrial and professional use only
Company Emergency telephone		Accurate Chemical 731 W. Fairmont Dr. Tempe, AZ 85282 (602) 996-9191
Poison control center		(800)-222-1222
Issuing date		06/1/2015
		2. HAZARDS IDENTIFICATION
GHS Classification		
Skin corrosion Serious eye damage		Category 1A Category 1
GHS Label element		
Hazard pictogram	·	
Signal Word		Danger
Hazard Statements Precautionary Statements		Causes severe skin burns and eye damage. Prevention: Wash skin thoroughly after handling. Response: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Remove /Take off immediately all contaminated clothing. Rinse skin with water/ shower. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/ physician. Wash contaminated clothing before reuse. Storage: Store locked up. Disposal: Dispose of contents/container to an approved waste disposal plant.
Other Hazards	:	None known.

3.0	OMPOSIT	ION/INFORMATION ON INGREDIENTS
Pure substance/mixture	:	Mixture
Chemical Name Phosphoric Acid		CAS-No.Concentration (%)7664-38-215 - 30
		4. FIRST AID MEASURES
In case of eye contact	:	Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately
In case skin contact	:	Wash off immediately with plenty of water for at least 15 minutes. Use a mild soap if available. Wash clothes before reuse Thoroughly clean shoes before reuse. Get medical attention Immediately.
If Swallowed	:	Rinse mouth with water. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention immediately.
If Inhaled	:	Remove to fresh air. Treat symptomatically. Get medical attention if symptoms occur.
Protection of first-aiders	:	If potential for exposure exists refer to Section 8 for specific personal protective equipment.
Notes to Physician	:	Treat symptomatically.
Most important symptoms and effects, both acute and delayed	:	See section 11 for more detailed information on health effects and symptoms.
	5.	FIRE-FIGHTING MEASURES
Suitable extinguishing media	:	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Unsuitable extinguishing media	:	None known
Specific hazards arising during fire-fighting.	:	Not flammable or combustible.
Hazardous combustion products	:	Decomposition products may include the following materials: Carbon oxides Nitrogen oxides (NOx) Sulfur oxides Oxides of phosphorus
Special protective equipment for fire-fighters	:	Use personal protective equipment.

Specific extinguishing methods : Fire residues and contaminated fire extinguishing water must be for Fire-Fighters.

disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures	:	Ensure adequate ventilation. Keep people away from and upwind of spill/leak. Avoid inhalation, ingestion and contact with skin and eyes. When workers are facing concentrations above the exposure limit they must use appropriate certified respirators. Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in section 7 and 8.
Environmental Precautions	:	Do not allow contact with soil, surface or ground water.
Methods and materials for containment and cleaning up 13). material	:	Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local/ national regulations (see section Flush away traces with water. For large spills, dike spilled or otherwise contain material to ensure runoff does not reach a waterway.
	7.	HANDLING AND STORAGE
Advice on safe handling	:	Do not ingest. Do not get in eyes, on skin, or on clothing. Do not Breathe dust/ fume/ gas/ mist/ vapors/ spray. Use only with adequate ventilation. Wash hands thoroughly after handling. SAFETY REMINDER: *Never pour product into unlabeled containers. *Use only for recommended uses. Read label. *Never take product home. Use only in workplace.
Conditions for Safe Storage	:	Do not store near acids. Keep out of reach of children. Store in suitable labeled containers.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Ingredients with workplace control parameters

Ingredients	CAS-No.	Form of exposure	Permissable concentration	Basis
Phosphoric acid	7664-38-2	Ceiling	3mg/m3	ACGIH
		Ceiling	3mg/m3	NIOSH REL

TWA 1mg/m3 OSHA Z1		
Engineering measures Personal protective equipment		None
Eye protection	:	Safety goggles Face-sheild
Hand protection	:	Wear the following personal protective equipment: Standard glove type. Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.
Skin protection	:	Personal protective equipment comprising: suitable protective gloves, safety goggles and protective clothing.
Respiratory protection	:	When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.
Hygiene Measures	:	Handle in accordance with good industrial hygiene and safety practice. Remove and wash contaminated clothing before re-
use.		Wash face, hands and any exposed skin thoroughly after handling. Provide suitable facilities for quick drenching or
flushing		of the eyes and body in case of contact or splash hazard.

9. PHYSICAL AND CHEMICAL PRO	DPERTIES
------------------------------	-----------------

Appearance		Liquid
Color		Light Green
Odor	:	odorless
рН	:	1(100%)
Flash Point	:	Not applicable
Odor Threshold		No data available
Melting point/freezing point		No data available
Initial boiling point and		No data available
boiling range	•	
Evaporation rate	:	No data available
Flammability (solid, gas)	:	No data available
Upper explosion limit	:	No data available
Lower explosion limit	:	No data available
Vapor pressure	:	No data available
Relative vapor density	:	No data available
Specific gravity	:	1.200
Relative density	:	No data
Water solubility	:	available
Solubility in other solvents	:	Complete

	12. E	COLOGICAL INFORMATION

Ecotoxicity

Environmental Effects		This product has no known ecotoxicological
Product		
Toxicity to fish	:	No data available
Toxicity to daphnia and other aquatic invertebrates	:	No data available
Toxicity to algae	:	No data available
Ingredients		
Toxicity to fish		Phosphoric acid
		96h LC50: 75.1mg/l

Persistence and degradability

no data available

Bioaccumulative potential

no data available

Mobility in soil

no data available

Other adverse effects

no data available

13. DISPOSAL CONSIDERATIONS

Disposal methods	:	The product should not be allowed to enter storm drains, water
		courses or the soil. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in
		compliance with local regulations. Dispose of wastes in an

approved waste disposal facility.

Waste

Disposal considerations	:	Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.
RCRA – Resource Conservation and Recovery Authorization Act Hazardous	:	D002 (Corrosive)

14. TRANSPORT INFORMATION

This shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

15. REGULATORY INFORMATION

EPCRA – Emergency Planning and Community Right-to-Know

CERCLA Reportable Quantity

SARA 304 Extremely Hazardous Substance Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 311/312 Hazards	:	Acute Health Hazard
SARA 302	:	No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.
SARA 313	:	This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimus) reporting levels established by SARA Title III, Section 313.

California Prop 65

This product does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

The ingredients of this product are reported in the following inventories:

United States TSCA Inventory : On TSCA Inventory

Canadian Domestic Substances List (DSL) :

All components of this product are on the Canadian DSL

:
