A WHOLE NEW WAY TO PRESENT YOUR CULINARY CREATIONS

WHY LEAFWARE®

"I LOVE TO BE CREATIVE WITH THE FOOD I SERVE. LEAFWARE BECOMES A CANVAS FOR PRESENTING THE COLORS AND FLAVORS I WANT MY GUESTS TO ENJOY!"

Patty Mastracco
President, idofood

HAND CRAFTED FROM FALLEN PALM LEAVES

Beyond appealing to your guests' "green" sensibilities and providing a sophisticated table presentation, Leafware offers several benefits to you and your guests.

- **Savings:** Owning permanent tableware requires a large upfront investment, a high in-use inventory, frequent replacement costs, and labor expense. Renting means extra charges for delivery and for any lost or damaged items. Leafware® is less expensive all around.

- **Style:** If your permanent tableware goes out of fashion, a new set represents a steep expense. With Leafware®, you always have the latest styles.

- **Safety:** Leafware® empowers you to provide guests with a new plate, bowl, or piece of cutlery each time. This means there's no chance of offering guests an embarrassing, or unsanitary, dirty plate. We're safer for your staff too—there's no heavy racks or trays to handle.

PLATES

Leafware® is a leading manufacturer of palm leaf single-use products which are 100% green and sustainable. Known for its broad selection, Leafware products are upscale and high quality, adding value to your events. When it comes to eco-friendly disposable products which are safe for our environment, made with just water+leaf we are committed to providing customers with a consistent supply of the highest quality eco-conscious tableware. Leafware products look as natural, wholesome, and healthy as the food you put on them.

WOODEN CUTLERY

Leafware utensils are manufactured from 100% birch. Our Birchwood cutlery eliminate landfill waste while providing you with a unique dining experience. They contain no dyes, bleaches, or glazes and are completely compostable. Leafware cutlery unlike bio-plastics does not require the use of a commercial composter. When it comes to slicing and dicing, our cutlery works and will not leave you disappointed like many others.

The Leafware Difference

Leafware is a renewable ideas company who offers the highest quality palm leaf dinnerware available on the market. All of our products are manufactured and designed with our customers in mind. Our goal is to reduce society's eco-footprint while still offering a beautiful array of dinnerware options that will fit any and all occasions.

Our Mission

Leafware is founded on a very simple & basic philosophy,

"You must be the change you wish to see in the world"

With this idea in mind, we have created a mindset in hope of changing the industry standard. We believe that quality does not have to come with the expense of our environment. Instead, we have created a way to repurpose what the world has given us in a elegant and sophisticated fasion.

What is it made from?

Leafware Dinnerware is made from fallen palm leaves that are carefully harvested, hygienically cleaned and pressed to various shapes to form plates, bowls and trays. Usage of fallen leaves eases the economic pressure to cut down trees and therefore preserving our planet's true identity.

Our Promise

It is our comittment to provide our customers with the highest quality product possible. Our team is devoted to providing excellent and prompt service. All orders are inspected for correctness and every item is checked for quality insurance. We strongly believe that Leafware is the highest quality palm leaf product on the market and we are dedicated to spreading that quality to all our operations.
