Dart® Foam Hinged Lid Containers

Hinged containers available non-perforated or with the PERFormer™ perforated hinge that allows the container's lid to be removed. Stackable. Secure closure. Has high insulation properties to keep hot food hot and cold foods cold. The vented container comes with the PERFormer™ perforated hinge. Vent holes on sidewalls of the lid preserve food quality (i.e. crispiness) by allowing steam to escape. These containers feature either a double lock closure or a "knuckle" locking tab intended to prevent accidental openings. When closed, a perimeter seal keeps food secure, reducing leaks. Tabs on base ensure container stay closed when picked up by the lid. Also available in black.

**Fold-Pak® BioPlus Earth® Food Containers**

Bio-Plus Earth containers will enhance your customers' takeout experience. In addition to being made from 100% recycled paper, they are leak resistant and can hold any type of food whether it is hot, cold, wet, or dry. They retain heat and vent moisture so food is kept fresh. Leak resistant: holds foods, sauces and gravies. Microwavable. Heat lamp resistant. Retains heat and vents steam effectively. Poly-coated interior with clay-coated exterior. Cut resistant. One piece design requires no assembly - eliminates container and lid inventory issues. Flaps open wide to allow customers free access to the food. Made from 100% recycled paper using a minimum of 35% or more, post consumer recycled paper.

29 x 44 1 mil 10/10/cs

**Strongman Coreless Roll Can Liners**

Made with a combination of LLDPE and LD resins.

LLDPE has a high tensile strength and high impact and puncture resistance. It is very flexible and will elongate under stress. This provides the extra strength, elasticity and performance at lower mil weights. LLDPE also has a good resistance to chemicals; they will perform well in temperature extremes and confine odors. LD is the most common plastic used to make can liners, as it is rather soft and flexible. By blending it with LLDPE, the strength increases without losing the thinner mil weights and flexibility. Has a star-seal bottom. Perforated coreless roll.

MAKE THIS YOUR OWN

customized catalog

why

A one-size, fit-all solution might not be the best approach for your company. RJ Schinner's in-house marketing and printing capabilities give your company flexibility in tailoring a custom catalog.

content

PRINT WHAT YOU NEED
WHEN YOU NEED IT

Stand out in the market by positioning your company with pictures, logos, or copy that reinforces your message. By customizing the inside and back covers, you can impart the story of your company to your customers.

THINGS TO INCLUDE:

- Company history
- Order Information
- Pictures of facilities
- Logos and other branding
- Interesting facts that set your business apart
