Breeze Piezo System

This new air freshening system generates a far more efficient, more environmentally friendly and less expensive program compared to standard aerosols and passive dispensers. This system works by creating mechanical pressure to propel freshening particles into the air. No chemical propellants are used, making for a cleaner/greener system.

Breeze Dispenser

Dispenser can easily be set to spray every 5, 10 or 15 minutes. Includes indicator light which blinks green when operating, red when the cartridge needs replacing, and goes dark when the batteries need replacing. Covers up to 8,000 cubic feet. Product No. 270

Fully Programmable Breeze Dispenser

Allows for customized start and stop functions. LED clock is set to 24 hour military time to ensure accuracy and may be programmed for either 5 or 7 day service. Spray intervals may be set from 1 to 60 per hour, allowing for a more controlled use of the product. Covers up to 18,000 cubic feet. Product No. 271

Breeze Fragrance Cartridges

The lighter air freshening particles of the Breeze System remain airborne longer than traditional aerosols. Smaller concentrations of spray result in total overall operational savings. Safe to use and environmentally friendly. 4 ounce bottles. Packed 6 per carton.
