

Hand Care Systems

Foam and Lotion Soaps, Instant Hand Sanitizer, and Dispensers

wausauPAPER®

1150 Industry Road • PO Box 189 • Harrodsburg, Kentucky 40330-0189 • 800.723.0001 • wausaupaper.com

Availability and specifications are subject to change.

This mark indicates that the dispenser is ADA Title III compliant. Dispensers require less than 5 lbs. of force to effortlessly dispense product as set forth in the ADA Accessibility Guidelines. On all ADA compliant dispensers, controls and operating mechanisms are operable with one hand and do not require tight grasping, pinching, or twisting of the wrist.

Green Seal™ is a trademark of Green Seal, Inc. Used by permission. Green Seal is an independent, non-profit organization, located in Washington, DC, dedicated to safeguarding the environment and transforming the marketplace by promoting the manufacture, purchase, and use of environmentally responsible products. greenseal.org

Wausau Paper offers a complete line of handwashing systems that supports superior cleanliness while also being kind to the environment.

Many of our foam and lotion soaps meet Green Seal™ standards and are certified as environmentally preferable. Our innovative

dispensers are available in a variety of styles including electronic and manual for just the right washroom application.

When used together, our hand care products create the best possible balance between healthful living and a responsible environmental solution.

Green Seal™ Standards for Hand Cleaners and Hand Soaps (GS-41A)

Green Seal™ is a trademark of Green Seal, Inc. in Washington DC. Used by permission.

- Must meet or exceed applicable governmental and industrial safety
- Cannot be a skin sensitizer or skin irritant
- No antibacterial, disinfecting, antiseptic or sanitizing product claims can be made
- Cannot be formulated or manufactured with phosphates, NTA, EDTA, APEOs, halogenated organic solvents, butoxy-ethanol, or with any chemicals that are proven, probable, or possible carcinogens
- Fragrances used must be produced or handled following the code of practice of the International Fragrance Association; fragrances must be declared on the product label and MSDS sheets
- Can only be formulated or manufactured with food grade dyes
- Cannot contain volatile organic compounds in excess of 1%
- Based on standard use, hand cleaners cannot be toxic to aquatic life and must be readily biodegradable
- Must include detailed instructions for proper use to maximize product performance and minimize waste
- Must not be packaged in a bag in box packaging
- Packaging must be recyclable (an exception shall be made for lightweight flexible packaging, such as pouches or bags, that represent at least 20% reduction in material use when compared with rigid packaging); efforts must be made to ensure packaging contains post-consumer recycled content

OptiSource Convertible® Electronic Dispensing Systems

For the ultimate in cleanliness, the electronic OptiSource Convertible® eliminates the need to touch dispensers so hands are not cross-contaminated. When installed according to ADA guidelines, this dispenser is ADA Title III compliant.

- Pre-measured dose: 1.0mL lotion, 0.75mL foam
- Adjustable setting for sensor, dose and speed
- Locking cover prevents product pilferage
- Estimated 100,000 washes per battery change out
- Custom imprinting available

OptiSource® Lotion Soap

This rich, Green Seal-certified lotion soap provides superior cleaning and leaves skin soft and moisturized. It is excellent for use in office buildings as well as health care, educational, industrial, and recreational facilities.

- Pre-measured dose: 1.0mL
- 1250mL cartridge capacity
- Fits OptiSource Convertible® electronic or manual dispensers

OptiSource® Foam Lotion Soap

Ideal for those who prefer the convenience of having soap pre-lathered before washing, this gentle Green Seal-certified foam lotion soap provides a convenient and pleasing hand washing experience.

- Pre-measured dose: 0.75mL
- 1250mL cartridge capacity
- Fits OptiSource Convertible® electronic or manual dispensers

OptiSource Convertible® Manual Dispensing Systems

The manual OptiSource Convertible® has a durable design and can be used with foam or liquid soap cartridges. It is ADA Title III compliant when installed according to ADA guidelines.

- Pre-measured dose: 1.0mL lotion, 0.75mL foam
- Large push bar for easy activation
- Locking cover to prevent product pilferage
- Can convert to electronic touch-free
- Custom imprinting available

OptiSource® Antibacterial Soap

12504

This OptiSource® antibacterial foam hand soap produces a non-sticky foam that contains unique non-drying, conditioning and moisturizing ingredients. This leaves skin feeling soft, refreshed and silky, while killing 99.9% of germs that cause illness.

- Pre-measured dose: 0.75mL and 1250mL cartridge capacity
- Fits OptiSource Convertible® electronic or manual dispensers
- Triclosan Free and NSF E2 registered
- Contains 0.13% Benzalkonium Chloride to effectively eliminate bacteria

OptiSource® Non-Alcohol Instant Hand Sanitizing Foam

12502

The fast-acting OptiSource® Instant Foam Hand Sanitizer kills 99.9% of germs that cause illness and can be used without water.

- Unlike alcohol sanitizers that stop working the moment they dry, OptiSource® sanitizers provide 2-4 hours of ongoing protection
- Benzalkonium chloride-based sanitizer will not over-dry and irritate skin like alcohol-based sanitizers

OptiSource Convertible® Dispenser Stand

Cleaning hands has never been more versatile! The OptiSource Convertible® dispenser stand can be used in restrooms where a wall-mounted dispenser isn't feasible.

- Convenient drip tray catches stray soap and keeps the area tidy
- Ideal for dispensing the non-alcohol instant hand sanitizer in public areas such as classrooms, convention centers, airports and hospital waiting rooms, where preventing cross-contamination is essential

optiSOURCE® Dispensers & Soap

The durable plastic construction of the OptiSource® 1000mL dispensers provides years of commercial use. With distinctive curved lines and color choices, they create an elegant washroom appearance. OptiSource® soap products are available in both liquid and foam formulas for a variety of applications.

Lotion Soap and Foam Lotion Soap (General Washroom Use)

- Ideal for multipurpose use in washrooms
- Replaces expensive, unsanitary bar soap and low-quality liquid and powder soaps
- Certified by Green Seal

Lotion Soap: 91100 | Foam Lotion Soap: 91300

Foam Antibacterial Soap (Health care Use)

- Contains 0.3% Triclosan to effectively kill the broadest possible spectrum of bacteria
- Provides superior skin cleansing to control noscomial infection
- Rich emollients soften skin and prevent drying and irritation
- FDA compliant

OptiSource® Instant Hand Sanitizing Foam vs. Alcohol Sanitizing Gel

The more you use alcohol-based sanitizers, the less effective they are at killing germs on your hands. That's because alcohol strips away your skin's natural protective oils while the gel traps dead skin cells. Your hands actually become dirtier from repeated use.

OptiSource® non-alcohol instant hand sanitizing foam is the superior alternative to harsh, ineffective alcohol gels. The Benzalkonium chloride formula is tough on germs and gentle on hands. It can be used anytime and anywhere. And unlike alcohol sanitizers that stop working the instant they dry, OptiSource® keeps protecting up to four hours.

	OPTISOURCE® NON-ALCOHOL FOAM	ALCOHOL GEL
CDC recommended	✓	✓
Kills 99.9% of harmful germs on hands in 15 seconds	✓	✓
Kills H1N1, rhinovirus, E coli, and MRSA	✓	✓
Kills Clostridium difficile (C diff)	✓	✗
FDA compliant	✓	✓
NSF-E3 approved for food handlers	✓	✓
Benzalkonium chloride .01% formula reduces bacteria on hands while it preserves natural protective oils	✓	✗
Safe for healthcare workers and public areas where non-flammable sanitizers are required	✓	✗
Gentle on eyes and skin	✓	✗
Won't stain clothes or floors	✓	✗
Repeated use keeps your hands clean, soft, and moisturized - not dry, red and irritated	✓	✗
Protects hands against germs for up to four hours	✓	✗
