

Lite'n Foamy[®]

hand, hair & body wash system

The Lite'n Foamy Skin Care line of products offers several options in bulk-fill, foaming hand, hair and body soap. Lite'n Foamy is the economical choice for end-users. With reduced packaging, it is also the sustainable choice to reduce landfill waste.

Providing Quality Maintenance and Chemical Specialty Solutions with Unparalleled Customer Service

Lite'n Foamy®

Foaming Skin Care Products

Lite'n Foamy® Citrus Fresh

Like our Sunflower Fresh, Citrus Fresh is a bio-based foaming hand, hair and body wash formulated with ingredients made from renewable resources. Lite'n Foamy produces luxurious foam that leaves the skin clean and soft after each use. This cutting-edge formulation contains naturally derived actives to form an excellent lather. Citrus Fresh cleans daily soils found on the skin and hair without drying! The ingredients in Lite'n Foamy Citrus Fresh will not contribute to flaking and itching. The rich emollients and refreshing citrus fragrance create a product that is pleasant to use.

pH 5.5 - 6.5 #3308

Lite'n Foamy® Cranberry Ice

A rich, foamy cleanser for use on hands and hair. Cranberry Ice can also be used as a refreshing body wash! Feel the soft cleansing action as Lite'n Foamy Cranberry Ice foams evenly onto skin surfaces. Mild, synthetic detergents boosted with emollients gently cleanse away body soils and excess oils leaving skin and hair clean and refreshed.

pH 5.5 - 6.5, #3152

Lite'n Foamy® E2

Specially formulated for use in food processing, handling, and service areas, Lite'n Foamy E2 prevents cross-contamination and reduces the spread of germs. Effective against Escherichia coli, Listeria monocytogenes, Staphylococcus aureus and Salmonella typhi.

pH 9.0 - 10.0, #3157

Lite'n Foamy Foaming PearLux®

The rich, foamy cleansers are designed for use on hands and hair, as well as a luxurious body wash! Mild, synthetic detergents boosted with emollients gently cleanse away body soils and excess oils leaving skin and hair clean and refreshed.

pH 5.5 - 6.5, #3151

Lite'n Foamy® Industrial Hand Wash

Specialized formula designed to tackle oils, greases and other hard to remove soils. Ideal for use in factories, mechanical shops, manufacturing plants, construction sites, or anywhere in which heavy soils may contaminate the skin. Effectively penetrates and removes tough soils from hard-working hands. Efficiently cleans without leaving hands dry and cracked even after numerous hand washes.

pH 7.0 - 8.0, #3309

Lite'n Foamy® Sunflower Fresh

By choosing BioRenewables® Sunflower Fresh for your foam hand soap needs, you are choosing a sustainable product grown on U.S. soil. Help to increase rural economic development and foster domestic production of our resources while filling your janitorial needs. The more we utilize our nation's natural resources and realize the benefits of BioRenewables, the closer we come to a sustainable, self-sufficient future.

pH 5.5 - 6.5, #3305

Lite'n Foamy®

Stop Taking Cash to The Trash

Spartan's bulk-fill, foam soap system is more economical than cartridge or box systems because you are not buying a dispenser each and every time you purchase hand soap. Stop throwing money away and put it back where it belongs, in your pocket!

What you don't know about your current captive system:

Our studies show that each empty 1000 mL bag-in-a-box system averages 8.2% of unused soap left in each container every time the cartridge is changed.

A case of eighteen, 1000 mL bags-in-a-box bought for \$150 yields \$12.30 in wasted soap. That wasted soap ends up in the trash.

That case of eighteen bags-in-a-box will produce a little over a pound of waste that goes directly to the landfill.

Calculate your Current Cost per Gallon on Hand Soap

STEP 1: Divide current case price by ml per case to calculate cost per ml.

$$\frac{\text{cost per case}}{\text{ml per case}} = \text{cost per ml}$$

STEP 2: Multiply cost per ml from step 1 by 3,785 (ml in a gallon) to get cost per gallon.

$$\text{cost per ml} \times 3,785 \text{ ml per gallon} = \text{cost per gallon}$$

STEP 3: Compare to your Lite'n Foamy Cost per Gallon.

Lite'n Foamy Cost per Gallon =

KEY

	Product available worldwide
	This product meets the Green Seal™ standard for industrial and institutional hand cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.
	This product supports sustainable initiatives
	The Spartan bio-based seal guarantees the percentage of bio-based content in each product. All of Spartan's BioRenewables products are tested by an outside, USDA approved laboratory to certify the percentage of bio-based raw materials found in the product.
