GUARANTEES A pH NEUTRAL FLOOR:

The specially selected and blended raw materials in Shinline Floor Prep were chosen for their ability to efficiently eliminate any alkaline residue left on flooring after stripping.

TIME AND LABOR SAVER:

Shinline Floor Prep leaves floors conditioned and film free ... ready for application of seal and finish. No labor intensive flood rinsing is required after the stripping or neutralizing procedure.

YOUR FLOOR'S INSURANCE POLICY:

Shinline Floor Prep allows deep penetration of seal and better bonding of finish. As a result, floor finish is more durable and finish life is extended.

VERSATILE:

Apply Shinline Floor Prep to concrete before applying finish. Use it to neutralize hard water deposits and dish wash detergent build-up on quarry tile. Eliminate urine salts on restroom floors. Use Shinline Floor Prep to remove extreme ice melt track-in.

DIRECTIONS FOR USE:

Some individuals may be sensitive to ingredients in this product. Before using, read product label and MSD sheet. Wet floors may be slippery. Prevent pedestrian traffic with signs or barricades.

Mop-On Method:

1. Strip and rinse floor according to Directions for Use on Spartan stripper label.
2. Dilute Shinline Floor Prep 1:25 (5 oz./ gal. water) and damp mop entire floor.

3. Rinse with clear water.
4. Allow floor to dry thoroughly before applying seal and finish.

Automatic Scrubbers:

Dilute Shinline Floor Prep 1:25 (5 oz. per gal. of water).

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.

SPECIFICATION DATA:

- Total Active Ingredients - 8.75%
- Specific Gravity - 1.019 @ 24°C/75°F
- Density - 8.48 lbs./gal. @ 24°C/75°F
- Viscosity - Non viscous
- pH (1:25 dilution) - 1.5-1.8
- Cloud Point - None
- Solvents - None
- Flash Point (Cleveland Open Cup) - None
- Stability:
 - a. Shelf @ 24°C/75°F - 1 year minimum
 - b. Accelerated @ 49°C/120°F - 60 days minimum
 - c. Freeze/Thaw Cycle - Freezes and thaws with clarity
- Miscibility - Completely miscible in all proportions with hot or cold water.
- Rinsability - Rinses freely with hot or cold water and leaves no residue.
