ELIGANTI

Rosemary-Mint fragrance

This collection is very well suited for the 1, 2, and 3 star hotels. Has a wonderful elegant look for a very reasonable price. The formulas are great; the scent is pleasant (Rosemary Mint) with a price tag that makes this is our most affordable and very popular amenity collection. We've created a smaller amenity but maintained our high end formulations and fragrances. You can be assured, quality is never an issue!

Custom Amenities

Here at World Amenities, we pride ourselves on our ability to give you, our client, whatever you need. No matter what the task, we are always up for the challenge and take pleasure in providing solutions to any requests you may have. We excel in creating custom label amenities for companies all around the world from hotel names on packaging, slippers, ash trays etcetera all the way to creating animal shaped soaps as Buffalos! You request it, we will make it. That's our guarantee.

In the next few pages you will find a list of options you can chose from in order to make your very own custom amenity. In our experience, we've found the best way to get started is to have a little idea of what you would like to have as your own, then start "window shopping"! Tell us which color, caps, tubes etc you would like, how you'd like it to smell and we will do the rest! The options are endless!!!
