

S D S

SAFETY DATA SHEET

1. Product and company identification

Product Name Premium Pink
UN/ID No.: DOT (U.S.): Not regulated
Recommended use of the chemical and restrictions on use:
Recommended Use Concentrated Liquid Pot Sink Compound
Supplier: Immaculate Solutions Group
13525 Midland Rd, Poway, CA 92064
(888) 780-8420

Print date: 02-18-2025
Responsible name: K.B.
For Chemical Emergency **For Chemical Emergency**
Spill, leak, Exposure or Incident
CALL INFOTRAC • 24-Hour Number
1(800) 535-5053 or + 1-352-323-3500

Product type: Blend

2. Hazards identification

| | | |
|--------------------------|-------------------------------|------------------------------|
| Appearance: Green | Physical State: Liquid | Odor: Apple Fragrance |
|--------------------------|-------------------------------|------------------------------|

GHS Label Element: This mixture does not meet the GHS criteria for classification

Hazard Statement:

Effects of over-exposure (For each potential route of Exposure)

INHALED: None
SKIN: Mild Skin Irritant.
EYES: Mild Eye Irritant
SWALLOWED: Harmful if swallowed

Precautionary Statements – Preventions:

Keep out of reach of children
Read label before use
Do not breathe mist or vapor. Wash thoroughly after handling.
Wash face, hands and any exposed skin thoroughly after handling.
Do not eat, drink or smoke when using this product.
Use only outdoors or in a well-ventilated area
Do not breathe dust/fume/gas/mist/vapors/spray
Wear protective gloves/protective clothing/eye protection/face protection

Precautionary Statements – Response:

If medical advice is needed, have product container or label at hand.
Read label before use.
Immediately call a poison control center or doctor/physician
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so.
Continue rinsing. Immediately call a poison control center or doctor/physician. Consult a physician immediately
In on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.
If inhaled: Remove person to fresh air and keep comfortable for breathing.
If swallowed: Immediately call a poison control center or doctor/physician. Rinse mouth. Do Not induce vomiting.
Keep away from children.

Precautionary Statements –Disposal:

Store in a cool, dry, well ventilated area away from heat or flame

Precautionary Statements Disposal:

Dispose of contents/container in accordance with local, state, national, federal and regional regulations

3. Composition/information on ingredients

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section

4. First aid measures

| | |
|------------------------------|--|
| Eye contact: | Immediately hold the eyes open and wash with fresh running water. Take care not to rinse contaminated water into non-affected eye. Ensure complete irrigation of the eye by keeping the eyelids apart and away from the eye and moving the eyelids by occasionally lifting the upper and lower lids. Remove contact lenses, if present and easy to remove. Continue rinsing. If symptoms persist, obtain medical attention |
| Skin contact: | Wash skin thoroughly with plenty of water. Remove contaminated clothing and wash before re-use. If symptoms develop, obtain medical attention. |
| Inhalation: | Remove from source of exposure. Keep at rest until recovered. If symptoms persist, obtain medical attention. |
| Ingestion: | Do not induce vomiting. Immediately remove product from the mouth and wash out mouth with plenty of water. If symptoms develop, obtain medical attention. |
| First Aid Facilities: | An eye wash fountain, safety shower and general washing facility should be available immediately adjacent to the work area. |
| Note to physician | Treat symptomatically. |

5. Fire-fighting measures

| | |
|--|--|
| Flash point: | Closed Cup: >212° F (98.9°C) None to boil (Pensdsky-Martens) ASTM #D-93 Open Cup: >212° F (98.9°) None to boil (Cleveland) ASTM #D-92 |
| Flammability of the product: | This product is non-flammable. This material may decompose and produce toxic and/or irritating fumes under fire conditions. |
| Extinguishing media: | |
| Suitable: | Use appropriate fire extinguisher for surrounding environment. |
| Special protective equipment for fire-fighters: | Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool. Self-containing breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals. |

6. Accidental release measures

| | |
|--|---|
| Personal precautions: | Avoid eye contact. Determine whether to evacuate or isolate the area according to your local emergency plan. Caution, spill site may be slippery. Increase ventilation. Evacuate all unprotected personnel. Use full protective clothing and equipment to minimize exposure. |
| Environmental precautions: | Prevent run off into drains and waterways. If a large quantity of this material enters the environment, contact the relevant regulatory authorities. Dispose of waste according to Federal, E.P.A., State and Local regulations. |
| Methods and Materials for Containment and Clean Up: | Observe all personal protective equipment recommendations described in this SDS. Contain spill. If leaked material can be pumped, store recovered material in appropriate containers. Clean up remaining materials from spill with suitable absorbent. Dispose of saturated absorbent material or cleaning materials appropriately. Laws and regulations may apply to releases and disposal of this material. You will need to determine which laws and regulations are applicable. |

7. Handling and storage

| | |
|---------------------------------------|--|
| Precautions for Safe Handling: | Use a well ventilated area. Avoid breathing in mists or vapor. Avoid skin and eye contact. Do not take internally. Exercise good industrial hygiene practice. Wash after handling, especially before eating, drinking, smoking or using toilet facilities. |
| Storage | Store in a cool, dry well ventilated area, away from heat and out of direct sunlight. Keep away from oxidizing agents, strong acids and foodstuff containers. |

8. Exposure controls/personal protection

| | |
|------------------------------|---|
| Occupational exposure limits | No exposure limits noted for ingredient(s) |
| Biological limit value | No biological exposure limits noted for the ingredient(s) |

| | |
|----------------------------------|---|
| Appropriate engineering controls | Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. |
|----------------------------------|---|

Individual-protection measures, such as personal protective equipment:

The following are recommendations for Personnel Protective Equipment (PPE). The employer/user of this product must perform a Hazard Assessment of the workplace according to OSHA regulations 29 CFR 1910.132 to determine the appropriate PPE for use while performing any task involving potential exposure to this product.

| | |
|---------------------------------|--|
| Eye/Face Protection | Wear safety glasses with side shields (or goggles). |
| Skin and Body Protection | Wear appropriate chemical resistant gloves. Suitable gloves can be recommended by the glove supplier. |
| Respiratory Protection | In case of insufficient ventilation. Wear suitable respiratory equipment |
| Thermal hazards | Wear appropriate thermal protective clothing, when necessary |
| General hygiene | Always observe good personal hygiene measure, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. |

9. Physical and chemical properties

| | |
|------------------------------------|---------------------------|
| Physical state | Liquid |
| Boiling Point: | 212° F. |
| Color | Green |
| pH | 7.0 |
| Specific Gravity: | (H ₂ O=1) 1.02 |
| Percent solid by weight: | 10% |
| Odor | Apple Fragrance |
| Percent volatile by weight: | 90% |
| Solubility in water | 100% |

10. Stability reactivity

| | |
|--|--|
| Stability | Stable |
| Hazardous polymerization | Will not occur |
| Conditions to avoid | Do not mix with other ingredients except water |
| Materials to avoid | Strong Acids, Strong Oxidizing Agents |
| Hazardous decomposition Products: | None |

11. Toxicological information

Information on likely routes of exposure

| | |
|---------------------|---|
| Inhalation | No adverse effects due to inhalation are expected |
| Skin contact | No adverse effects due to skin contact are expected |
| Eye contact | Direct contact with eyes may cause temporary irritation |
| Ingestion | Expected to be a low ingestion hazard |

Symptoms related to the physical, chemical and toxicological characteristics- Direct contact with eyes may cause temporary irritation.

Information on toxicological effects:

| | |
|--|---|
| Acute toxicity | Not available |
| Skin corrosion/irritation | Prolonged skin contact may cause temporary irritation. |
| Serious eye damage/eye irritation | Direct contact with eyes may cause temporary irritation |
| Respiratory or skin sensitization | |
| Respiratory sensitization | Not a respiratory sensitizer |
| Skin sensitization | This product is not expected to cause skin sensitization |
| Germ cell mutagenicity | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic |

Carcinogenicity This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA

IARC Monographs. Overall Evaluation of Carcinogenicity: Not listed

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050): Not regulated

US. National Toxicology Program (NTP) Report on Carcinogens: Not listed

Reproductive toxicity: This product is not expected to cause reproductive or developmental effects.

| | |
|---|--------------------------|
| Specific target organs toxicity – single exposure: | Not classified |
| Specific target organ toxicity – repeated exposure: | Not classified |
| Aspiration hazard: | Not as aspiration hazard |

12. Ecological information

| | |
|--------------------------------------|---|
| Ecotoxicity | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spill can have a harmful or damaging effect on the environment. |
| Persistence and degradability | No data is available on the degradability of this product |
| Bioaccumulative potential | No data available |
| Mobility in soil | No data available |
| Other adverse effects | No other adverse environmental effects (e.g. zone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component. |

13. Disposal considerations

Waste disposal: The generation of waste should be avoided or minimized wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a license waste contactor. Disposal of this product, solutions and any by products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilled material and runoff and contract with soil, waterways, drains and sewers.

Refer to Section 7: Handling and Storage and Section 8: Exposure Controls/Personal Protection for additional handling information and protection of employees.

14. Transport information

DOT (U.S.): Not Regulated

15. Regulatory information

U.S. California Proposition 65

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.

California Cleaning Product Right to Know Act of 2017 (SB 258)

| Chemical Name | CAS No. | Function | List(s) |
|-----------------------|-----------|----------------|----------------|
| Water | 7732-18-5 | Diluent | Not applicable |
| Anionic surfactant | Withheld | Cleaning agent | Not applicable |
| Amphoteric surfactant | Withheld | Cleaning agent | Not applicable |
| Glycerine | 56-81-5 | | Not applicable |
| Colorants | Withheld | Colorants | Not applicable |

Fragrance(s)

| Chemical Name | CAS No. | Concentration | List(s) |
|--|-------------|---------------|----------|
| Hexanedioic acid, bis(2-ethylhexyl) ester | 103-23-1 | 0.50 | 17 |
| Butylphenyl Methylpropional | 80-54-6 | 5.00 | 2, (FRA) |
