OUR **SEALER** TECHNOLOGY

- Premium solvent based fluoropolymer sealers for maximum protection against water and oil based stains
- Safe for food preparation surfaces
- Natural look, no sheen, will not change color or appearance
- Easy to apply with no harsh smells and no residue
- Environmentally friendly non-flammable low VOC formula, compliant in all 50 states
- Suitable for interior and exterior use
- Available in pint, quart, gallon, 5 gallon & 55 gallon drum

HOW IT WORKS

Our **Advanced Fluoropolymer Protectant** combined with our **Hybrid Carrier Technology** gives you the best seal... here's how...

Solvent drives fluoropolymer deeper into the stone

Water keeps surface wet while Advanced Fluoropolymer Protectant penetrates, eliminating residue

STONE PRO

WHAT IS **ADVANCED FLUOROPOLYMER PROTECTANT**?

Not all fluoropolymer sealers are created equal. Our technology leads the industry. We use only the highest quality polymers and our percentages of active ingredients surpass the competition.

WHAT IS **HYBRID CARRIER TECHNOLOGY**?

Our proprietary solvent/water hybrid carrier combines the deep penetration and maximum protection of a solvent with the ease of use and environmental friendliness of a water based sealer. The best of both worlds.

Product Name & Description	Available Sizes	Stock Code	Unit	Qty	Retail Pricing Each
Ultimate Pro     <p>Our best impregnating sealer for Granite and Dense Stone. This deep penetrating solvent based sealer offers the highest level of protection against stains from oil and water. STONE PRO

POLISH PRO CRYSTALLIZER

This unique crystallizer has properties which allow us to achieve a durable crystallization polish with the use of a hogs-hair pad, hogs-hair extreme pad or a white pad.

ADVANTAGES:

- Will not darken grout
- Can be used on any 175-3000 rpm machine
- Can be used under a hi-speed burnisher
- Polish 600-1200 sq. ft. per hour
- Reduce labor costs by elimination the need to clean-up steel wool fibers
- Increases surface density and reflectivity

NO STEELWOOL REQUIRED!

floor polishing systems

DIAMOND IMPREGNATED PADS

Stone Pro **REVOLUTION** DIP (Diamond Impregnated Pads) are the chemical free environmentally friendly solution to maintain the polish on marble and travertine floors.

SAVES TIME!

SAVES MONEY!

Can be used under lo-speed swing machines or hi-speed burnishers!

Step 1 - M#1

Removes light scratches from the surface and leaves a clean matte surface prepared for the next step.

Step 2 - M#2

Begins the polishing process. Floor will begin to show initial luster.

Step 3 - M#3

The last abrasive step of the diamond polishing process. This is also ideal for weekly maintenance.

Step 4 - LUX

The non-abrasive final polishing step designed to increase natural color and improve reflectivity.

Ordering Orders may be placed by e-mail, fax or phone

Phone: (866) 786-6310
Fax: (714) 422-1105
E-mail: orders@StoneProOnline.com

Prices are subject to change without notice

Credit Policy Orders must be paid prior to shipping unless credit has been approved.

Terms may be granted based on review and approval of a StonePro credit application.

Payment Payment terms are net 30 upon approved credit.

StonePro accepts MasterCard, Visa and American Express credit cards.

Domestic Shipments Product is shipped F.O.B. Anaheim, CA via LTL and UPS ground delivery.

Free ground freight applies to all orders of \$3000 or more for domestic orders to a single destination within the Continental U.S.A.

Expedited service available upon request.

Any charges for special delivery equipment or requirements will be the sole responsibility of the distributor.

Please allow up to two business days for purchase orders to be processed. Most orders will ship within 5 to 7 business days.

Special Orders Special Order items must be paid for in advance and may not be cancelled or returned.

Returned Goods Policy Items ordered in error, may be returned within 30 days at Distributor's expense.

Items shipped in error may be returned within 10 days from the date received at StonePro's expense.

All returned merchandise must be of current production type and in saleable condition - the same condition in which it was received. Additional charges may apply for any additional labor or parts beyond normal restocking to make merchandise saleable. Credit will not be given if goods are deemed non-saleable and have been returned for reasons other than StonePro's error.

All returns must be approved by StonePro prior to return. RMA required.

The StonePro Guarantee **New Distributors:** All StonePro products purchased may be exchanged for other StonePro products within the first 60 days of distributorship.

Existing Distributors: All new products added to a Distributor's existing StonePro offerings may be exchanged for other StonePro products within 60 days from the date received. Distributor's account will be credited for returned items and credit will be applied to purchases that better fit Distributor's demographic. Items returned must be in accordance with the StonePro Returned Goods Policy.
