# FEATURING PRODUCTS FOR THE C

## STANDARD LAUNDRY CARTS

**100E STANDARD LAUNDRY CART**

– 2½ Bushel Capacity

The standard of the industry – built for years of service. This product is used by the majority of America's coin laundry, on-premise and commercial laundries. Comes standard with chrome basket and base. This unit is equipped with R&B's proprietary 5" **Clean Wheel System** – the only caster that prevents lint and thread pick up. Basket dimensions: 26¾" L x 22" W x 11" D. Total unit height is 27".

**AVAILABLE FINISHES**

**E Basket Finish Options**  
All baskets come standard in chrome or you have the option to select a durable copolymer coated finish. These color options are available on all 100E and 350E series carts only.

**E BASKET COLORS**

Chrome	Almond	Yellow	White	Red	Blue	Green	Gray

**100 BASE AND RACK COLOR OPTIONS (CHROME STANDARD)**

Chrome	Beige	Gray

### E/DIVIDER

This adjustable divider allows you to effectively sort your load the way you want making the inside of the basket 2 compartments or you can remove it completely to utilize the entire basket. This chrome divider fits the basket snugly and is 11" high and 19¾" wide.

### 100D NARROW LAUNDRY CART

– 2 Bushel Capacity

Our narrow cart has the same quality as our 100E standard cart with a 20" width for those situations where width is important. Comes standard with chrome basket and base. Option for almond copolymer basket and choice of beige or gray DuraGuard® base. This unit is equipped with R&B's proprietary 5" **Clean Wheel System** – the only caster that prevents lint and thread pick up. The cart will accommodate both single and double pole racks. Basket dimensions: 26¾" L x 20" W x 11" D. Total unit height is 27".

## LARGE CAPACITY LAUNDRY CARTS

### 200F LARGE CAPACITY LAUNDRY CART

– 4½ Bushel Capacity

The perfect cart for healthcare, hospitality, dry cleaners, on-premise laundries, or coin laundry facilities with large capacity needs. Comes standard with chrome basket and base. Basket is available in almond copolymer and an option for a beige DuraGuard® base. This unit is equipped with R&B's proprietary 5" **Clean Wheel System** – the only caster that prevents lint and thread pick up. Basket dimensions: 32¾" L x 20" W x 16" D. Total unit height is 32".

### F/DIVIDER

This adjustable divider allows you to effectively sort your load the way you want making the inside of the basket 2 compartments or you can remove it completely to utilize the entire basket. This chrome divider fits the basket snugly and is 16" high and 18¾" wide.

**NYLON COVER OPTIONS**

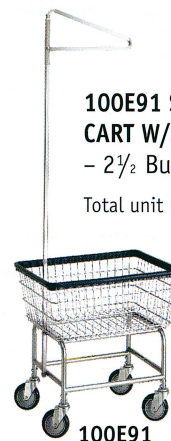

White	Yellow	Mauve	Blue

**100E58 STANDARD LAUNDRY CART W/DOUBLE POLE RACK**

– 2½ Bushel Capacity

Total unit height is 66".

**100E91 STANDARD LAUNDRY CART W/SINGLE POLE RACK**

– 2½ Bushel Capacity

Total unit height is 66".

### 151 Support Frame and Nylon Cover

This neat and clean protective cover system includes the support frame and fire retardant cover made from 200 denier urethane coated nylon (see color chart) specifically for the 100E58 laundry cart. All seams are double sewn for maximum strength. This efficient system protects clean laundry and garments during transportation. This unit can also act as an effective storage or staging unit. The support frame fits on top of the double pole (58) rack. Velcro® closures provide security and easy accessibility to contents. Total unit height is 66¾".

**151**

**NYLON COVER OPTIONS**

White	Yellow	Mauve	Blue

### 200F56 LARGE CAPACITY LAUNDRY CART W/DOUBLE POLE RACK

– 4½ Bushel Capacity

This large capacity laundry cart configuration allows you to handle a large capacity and to conveniently hang clothes. The cover kit and cover allow for convenient transportation in any facility environment. Comes standard with chrome basket, base and double pole rack. Available with an almond copolymer basket and option for a beige DuraGuard® base and/or rack – 28" crossbar is always chrome. Total unit height is 75½".

**200F56**

### 251 SUPPORT FRAME AND NYLON COVER

This neat and clean protective cover system includes the support frame and fire retardant cover made from 200 denier urethane coated nylon (see color chart) specifically for the 200F56 laundry cart. All seams are double sewn for maximum strength. This efficient system protects clean laundry and garments during transportation. This unit can also act as an effective storage or staging unit. The support frame fits on top of the double pole (56) rack. Velcro® closures provide security and easy accessibility to contents. Total unit height 76¼".

This economy laundry cart configuration allows you the convenience to hang clothes. Total unit height is 65½".

## CAR WASH TOWEL CARTS

### 350E CAR WASH TOWEL CART

Built to save time, towels and money. Providing car wash towel carts is a convenient and practical way to make a Car Wash more professional and efficient. A spacious basket with an air-cushion bumper, an elevated cart with utility shelf and rugged polyurethane wheels (two with brakes), all combine to make this the ideal cart for today's modern Car Wash. Basket is plated in bright chrome or copolymer coated. (See 100E for basket colors available.) Base is zinc plated and silver powder coated to resist rust and corrosion. Basket dimensions: 26 $\frac{3}{4}$ "L x 22"W x 11"D. Total unit height is 33 $\frac{1}{2}$ ".

### 2260 ACCESSORY BASKET

Keeps spray bottles at your fingertips. Has its own air cushion bumper. Plated in bright chrome. Basket dimensions: 19 $\frac{1}{2}$ "L x 4 $\frac{1}{2}$ "W x 5"D.

100CRTHNDLE

#### For F & S Baskets

- 240 Clear Vinyl Basket Liner (not flame retardant)

This convenient clear vinyl liner is fully welded at the seams and has a double draw string cord to secure it in place.

#### 100E WITH HANDLE

– 100CRTHNDLE

R&B offers the convenience of a handle that will work with our 100E cart to allow for comfortable transporting of the cart. You can use this handle with our single pole rack if you need hanging capabilities. The handle is designed to lock in place through the existing base to basket holes and comes with the necessary bolts. The handle is chrome plated and has an 8" elevation above the basket rim and with a comfortable 13" width. Made of a sturdy  $\frac{7}{8}$ " round tubing this handle has excellent strength.

## LAUNDRY CART REPLACEMENT PARTS

### 88G "CLEAN WHEEL SYSTEM"

5" diameter tapered wheel crafted from gray polyurethane with our proprietary thread guard. Fits  $\frac{7}{8}$ " round tubular carts only. Two mounting bolts and nuts included.

NOW THE INDUSTRY STANDARD!

### 87G 4" GRAY MEGA-CASTER

4" diameter wheel crafted from gray polyurethane. Fits  $\frac{7}{8}$ " round tubular carts only. Two mounting bolts and nuts included. NOTE: 4" Mega-Caster will not fit old style  $\frac{3}{4}$ " square tubular carts.

Lid damper for smooth  
controlled lid closure

Fully welded or  
knocked down

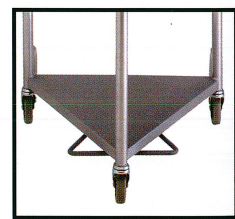

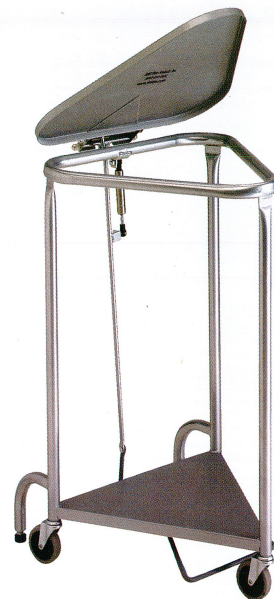

Stabalizer legs  
w/adjustable feet

Powder coated steel or  
stainless steel

Dual access foot pedal

#### **DELUXE TRIANGULAR HAMPER W/LID DAMPING FUNCTION**

This hamper is made from 1" tubular steel or stainless steel. Dual access foot pedal activation makes it easy to access opening from either side of the hamper. The hamper has a lid damper to allow for easy opening and a smooth controlled flowing closure to prevent rapid closure. The rear support stabilizer legs insure stability in all locations. These legs have adjustable feet to control the leg height that you desire. The legs also keep the hamper the right distance from the walls to prevent the lid from hitting the walls during use. Units have powder coated steel or stainless steel lids. Unit dimensions are 21"W x 21"D x 32"H.

# ROTOSTONE POLY TRUCK LINE

## ROTOSTONE POLY TRUCK LINE

R&B now offers our RotoStone line of quality poly trucks in our unique high quality stone finishes. This elegant look will provide an image that is pleasing and just as functional as our standard trucks. The body and poly base will be molded with the same stone finish offering an eye catching look whether transporting inside or outside in the pool area. We offer 6 - 20 bushel sizes in the same heavy-duty .225" wall thickness - the same as our standard heavy-duty trucks. The matching base is a 1 $\frac{3}{4}$ " thick double wall poly base and is the lightest and most durable base in the industry - offering outstanding support and years of trouble-free service. The 4" polyurethane all swivel non-marking casters will make transporting over any surface smooth rolling. The poly tubs are mounted with stainless steel hardware and washers to provide a leak proof tub. All truck sizes can be outfitted with our safety oriented gray spring platforms to help prevent back injuries. The trucks can be equipped with matching hinged poly lids in the same RotoStone finishes. Elastic corded flame retardant vinyl/nylon soft covers are available in select colors to help make transporting safe. This material meets FDA requirements.

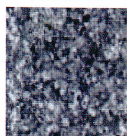

## ROTOSTONE POLY TRUCK HINGED POLY-LIDS

These sturdy hinged heavy-duty poly lids can be made in matching RotoStone finishes to offer a clean and unique look offering excellent protection for the truck's contents. The lids feature a center opening stainless steel hinge that allows you to load or unload without having to remove the lid. Simply raise the lid from either end of the truck and toss in the contents and close the lid - it's that easy. These matching RotoStone lids will allow you to transport indoors or outdoors and will provide an eye catching professional look.

695

## ROTOSTONE POLY HAMPERS

Poly hampers with zinc plated heavy wire frames and easy rolling 2" ball casters. These hampers are totally leakproof, virtually indestructible with easy opening hinged poly lids. Nest for easy storage and a breeze to clean. Use with or without rolling bases. Easy opening lid keeps laundry contained in controlled sanitary conditions. Our Rotostone finishes make these units decorative and attractive.

## ROTOSTONE POLY SWIVEL HAMPER

Just count the benefits of this totally unique laundry hamper. Large solid poly tub holds large mounts of laundry. Lid for total cleanliness. Easy rolling caster system w/loading option, and fantastic swivel action for dumping the load of laundry into either a washer or dryer, or a more convenient basket for loading and sorting. Handles standard 30 gallon poly-liners, if desired. Tub can be removed for complete cleaning from the heavy duty welded tubular frame. All parts of base consists of tough metal tubing with a bright and sturdy chrome finish and 5" swivel casters. Our 691BS versatile bottom basket shelf is also available.

691SW

466PT

## ROTOSTONE ELEVATED TRUCK

This ergonomically designed 6 bushel truck eliminates stooping and bending and makes for efficient loading and unloading. The heavy-duty poly tub is rugged and easily cleaned. The nominal wall thickness of the tub is .225" allowing for the toughest jobs. The tub is attached to our heavy-duty zinc plated tubular base with stainless steel hardware and rubber washers to seal the tub and make it leak proof. This unit is equipped with R&B's proprietary 5" Clean Wheel System - the only caster that prevents lint and thread pick up. The detachable tubular base allows us to ship this unit knocked-down for a great freight value.

## R&B INTRODUCES THEIR NEW ECONOMY POLY TRUCK LINE

WE DON'T COMPROMISE ON THE QUALITY OF THE BASE – WE JUST ELIMINATE IT!

R&B has let innovation take center stage again as we introduce our new Economy Poly Truck line of quality products. Our goal was to provide a less expensive truck to compliment our standard poly line while maintaining R&B's quality. We feel that we have engineered a great alternative by molding the caster rings into the truck body – thus eliminating the base completely. We offer this alternative with value-oriented pricing and the best quality possible.

NEW TECHNOLOGY!  
GREAT QUALITY!  
BIG \$\$\$ SAVINGS!

NEW

### ECONOMY POLY TRUCKS – EXPANDED COLOR OFFERING AVAILABLE

R&B introduces our new line of Economy Poly Trucks in the widest selection available, 6 - 20 bushel sizes with a heavy-duty .225" nominal wall thickness in a rainbow of colors. These units are constructed with the highest quality material that meets FDA requirements. Our units incorporate our proprietary molded in caster ring allowing for a seamless interior bottom thus no exterior base is required. The 4" polyurethane non-marking casters are standard with all swivel casters and available with 2 rigid and 2 swivel casters – either option making transporting over any surface smooth rolling. All truck sizes can be outfitted with our safety oriented spring platforms to prevent back injuries and hinged poly lids or our elastic corded flame retardant vinyl/nylon soft covers to help make transporting safe.

### ECONOMY POLY TRUCK COLOR OPTIONS

### Spring Platform Lift for the safety minded

R&B offers a great safety option with our spring platforms. All poly and bushel trucks can be outfitted with our safety oriented and ergonomically designed spring platforms to prevent back injuries - by minimizing reaching and bending. The heavy-duty 3/8" wire frame is covered with flame retardant vinyl/nylon laminate material to offer a durable and attractive product. The platform which is specifically designed for each truck will allow the load to move higher as weight or capacity is reduced making it a great safety option. Each spring platform comes with four specially designed corner zinc plated hooks for each style of truck with matching color vinyl/nylon protective sleeves to prevent the potential for pinching while springs expand and contract. This is a great product that will save wear and tear on your employees. Springs lifts and protective sleeves are in gray for all poly trucks.

### Hinged Poly Cover

These sturdy hinged heavy-duty poly lids offer excellent protection for either poly or bushel truck contents. The lids feature a center opening stainless steel hinge that allows you to load or unload without having to remove the lid. By being able to access the lid from either end it makes it a very convenient option. Simply raise the lid from either end of the truck and toss in the laundry or other contents and simply close the lid - it's that easy.

### Elastic Soft Cover

These optional soft covers will accommodate both poly and bushel trucks. They are sized to fit specific size trucks as noted. The flame retardant vinyl/nylon laminate has an elastic shock corded rim to insure that the cover fits snugly and offers both easy access and removal. This cover is very durable and will provide a long life. It also makes it easy to transport and/or protect the trucks contents.

## R&B UPS/FEDEX-ABLE BUSHEL TRUCKS - NEW COLORS AVAILABLE

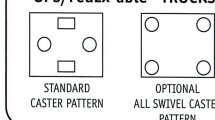

A complete selection of durable and versatile bushel trucks to meet any need. These trucks ship knocked-down for significant freight savings and assemble in minutes. These units have a zinc-plated all tubular steel frame and are lightweight, yet durable - with maximum strength capabilities. The long lasting (and replaceable) vinyl/nylon fire retardant laminate liners are durable and now available in seven color options plus a natural canvas liner. Comes standard with two 3" swivel and two 3 1/2" rigid casters in our diamond pattern or optional four 3" all-swivel corner caster pattern. These units are available with spring platforms for safety and ease of use in all sizes. Both hinged poly covers and elastic soft covers are available for all sizes.

#### BUSHEL TRUCK / REPLACEMENT LINER COLORS

#### CASTER PATTERN OPTIONS "UPS/FedEx-able" TRUCKS

Standard caster pattern will be shipped unless otherwise requested.

## FANTASTIC TRANSPORTING PRODUCTS FROM R&B

### BUSHEL AND POLY TRUCKS

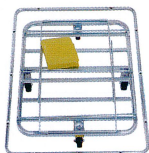

R&B Wire Products introduces solutions for transporting small to heavy capacity loads in meeting your laundry, housekeeping, maintenance & material handling needs. Look at our high quality products to see how we can simplify transporting loads for you in the safest manner possible. Our spring platform lifts help facilitate unloading in a safe and ergonomic manner.

#### CASTER PATTERN OPTIONS "UPS/FedEx-able" TRUCKS

Standard caster pattern will be shipped unless otherwise requested.

#### R&B UPS/FEDEX-ABLE BUSHEL TRUCKS - NEW COLORS AVAILABLE

A complete selection of durable and versatile bushel trucks to meet any need. These trucks ship knocked-down for significant freight savings and assemble in minutes. These units have a zinc-plated all tubular steel frame and are lightweight, yet durable – with maximum strength capabilities. The long lasting (and replaceable) vinyl/nylon fire retardant laminate liners are durable and now available in seven color options plus a natural canvas liner. Comes standard with two 3" swivel and two 3½" rigid casters in our diamond pattern or optional four 3" all-swivel corner caster pattern. These units are available with spring platforms for safety and ease of use in all sizes. Both hinged poly covers and elastic soft covers are available for all sizes.

### POLY TRUCK COLOR OPTIONS

### Spring Platform Lift for the safety minded

R&B offers a great safety option with our spring platforms. All poly and bushel trucks can be outfitted with our safety oriented and ergonomically designed spring platforms to prevent back injuries - by minimizing reaching and bending. The heavy-duty 3/8" wire frame is covered with flame retardant vinyl/nylon laminate material to offer a durable and attractive product. The platform which is specifically designed for each truck will allow the load to move higher as weight or capacity is reduced making it a great safety option. Each spring platform comes with four specially designed corner zinc plated hooks for each style of truck with matching color vinyl/nylon protective sleeves to prevent the potential for pinching while springs expand and contract. This is a great product that will save wear and tear on your employees. Springs lifts and protective sleeves are in gray for all poly trucks.

### Hinged Poly Cover

These sturdy hinged heavy-duty poly lids offer excellent protection for either poly or bushel truck contents. The lids feature a center opening stainless steel hinge that allows you to load or unload without having to remove the lid. By being able to access the lid from either end it makes it a very convenient option. Simply raise the lid from either end of the truck and toss in the laundry or other contents and simply close the lid - it's that easy.

### Elastic Soft Cover

These optional soft covers will accommodate both poly and bushel trucks. They are sized to fit specific size trucks as noted. The flame retardant vinyl/nylon laminate has an elastic shock corded rim to insure that the cover fits snugly and offers both easy access and removal. This cover is very durable and will provide a long life. It also makes it easy to transport and/or protect the trucks contents.

## INTRODUCING OUR PRIVACY SCREENS WITH COLORED PANEL OPTIONS

### STANDARD 3-PANEL PRIVACY SCREEN – NEW PANEL COLOR OPTIONS AVAILABLE

R&B introduces three new color options in addition to our standard white panels for our 3-panel privacy screen. All vinyl panels are flame-retardant and easily cleaned. Our frame is constructed from heavy-duty 1" tubular steel and powder coated in a brilliant white finish. The panels are hung with aluminum rods and convenient plastic clips for easy installation. The unit comes standard with 2" twin-wheel hooded casters (2 locking) for convenient portability. The unit is 69" high with each panel measuring 27"W x 55"H and is 17½" from the floor to the bottom of the screen. R&B offers the widest base profile for maximum stability at 27"W x 22"D.

All R&B privacy screen panels meet minimum requirements of flame resistance as established by the California State Fire Marshall for products identified in section 1311, California Health and Safety Code and NFPA # 701. Registration # F-3100.
