Dear Valued Institutional & Industrial Customer,

We appreciate your continued trust in Chase Products Co. as your supplier.

In the interest of transparency and maintaining a strong partnership, we are providing advance notice of an upcoming cost adjustment.

Due to ongoing geopolitical conflicts in the Middle East, global chemical supply chains have experienced significant disruption, resulting in increased raw material costs across the industry.

As a result, effective May 18th, 2026, Chase Products Co. will implement a \$0.12 per can price increase on all Champion Sprayon®, ProsALL®, Champions Choice® and Private Label aerosol products.

Please note that SprayPak® bid pricing will continue to be honored for the duration of the current bid term.

As a proud Made in the USA manufacturer, we remain committed to delivering high-quality products, ensuring reliable supply, and providing strong overall value to our customers.

We understand that price increases are challenging and appreciate your understanding as we navigate these external cost pressures. If you have any questions, please contact your Chase sales representative.

Updated price lists will be distributed ASAP.

Thank you for your continued support and partnership.

Respectfully,
