WELCOME INTO LEAFWARE

Mother nature provides us with naturally fallen palm leaves. We harvest, sanitize and create our hand crafted tableware from nature. No tree is ever harmed or cut, use only fallen leaves.

Leafware® the leading manufacture of single-use Palm Leaf Dinnerware, known for their highest quality. We own and operate our facilities in several countries. We are committed to providing a consistent supply of eco-conscious dinnerware-tableware.

Beyond appealing to your guest and their green sensibilities. Leafware® offers several benefits:

Biodegradable: The quality of a material to decompose fully, returning all parts back to nature.

Compostable: Palm leaves are plant based material and will decompose fully and naturally with time.

Disposable: Allows you to provide your guest with a new bowl plate and cutlery.

Eco-Friendly: Striving to reduce our carbon footprint, while creating innovative tableware.

Sustainability: A continued state of improvement today and for our future.

SANTA BARBARA

REUSABLE

As a more durable alternative, Bamboo Studio's line of bamboo ware items retain all the strength and beauty of bamboo, with the added benefits of sustainability. Designed from the ground up to be as eco-friendly as possible, we begin by taking the fiber of bamboo plants five years or older, grinding it into fine powder. Utilizing a proprietary process, the material is molded into sturdy, long-lasting items.

HARVESTWARE

REUSABLE

Harvestware uses renewable resources for its raw materials like corn, cassava, sugar, cane, sugar beets, wheat and other non-food plants. This innovative material looks like plastic, but it is made from refined plant extracts instead of petroleum. After disposal, micro-organisms within the soil help HarvestWare biodegradable into carbon dioxide and water, making it environmentally friendly and eco-safe.
