July 7, 2022

Dear Valued Customer:

Due to an increase in various costs (labor, material and fuel etc.), it will be necessary to increase pricing by 16% for OPS plastic.

The price increase will become effective as of August 1st, 2022. All orders shipping out on or after August 1st, 2022 will be at the updated price.

Order limits will be based on usual buying patterns.

As always, we appreciate your continued support.

Regards,

SOL-PAK INC.
