Dear Valued Customer:

Due to an increase in various costs (labor, material and fuel etc.), it will be necessary to increase pricing by 9% for all plastic (OPS/PET).

The price increase will become effective as of May 9th, 2022. All orders shipping out on or after May 9th, 2022 will be at the updated price.

Order limits will be based on usual buying patterns.

As always, we appreciate your continued support.

Regards,

SOL-PAK INC.
